## MARITIME PROVINCE NOTES.

It is expected that in about two months the railroad from Chipman to the coal fields at Newcastle will be ready for operation. The remainder of the road from Newcastle to Fredericton will be completed early in the summer. When this piece of road is put through the distance from Newcastle to Fredericton will be only 30 miles by rail. The distance from Newcastle to St. John will be about 90 miles via Chipman and Norton. When all is in working order, the New Brunswick Coal and Railway Company will handle about 500 tons of coal a day, the I. C. R. taking about 80,000 tons annually and the C. P. R. 40,000 tons. The supply is practically unlimited and is of excellent quality. Residents of the counties along the route of the new road will be greatly benefited as they have always found it difficult to reach the city in winter and with this road in operation they will be in close touch with both Fredericton and St. John. New and improved machinery will be put into the mines and a very successful year is anticipated.—St. John Gazette.

AMHERST, N. S., Nov. 28.—The very sudden death of Mrs. Ormenta, wife of Wentworth T. Horton, took place here to-day. Mrs. Horton left her home on Palmer street, walking to her son's place of business on Church street, intending to pay his family a short visit. Immediately on arrival she was overcome. Her son carried her up stairs, where in a very short time she expired. Heart disease is supposed to have been the cause. Deceased was 59 years of age and was a daughter of the late Samuel Trerice, of Leicester. Her husband, one son—Charles, and three daughters—Mrs. Robert Jenkins, Mrs. William Hanwright, and Mrs. Daniel McDonald, of Amherst, survive. She was highly esteemed in the community.

A most peculiar occurrence of nature took place a few days ago on the Burnside farm, in the parish of St. Martins. Upon an elevation has been situated from remote time a large boulder of flint rock, which measured seven feet thick and about twenty-five feet across, firmly embedded to about half its depth in the earth. A crashing sound of deep volume was heard by Mr. Burnside, as well as neighbors who lived more than a mile distant. Searching for the cause, it was found this huge rock had suddenly leaped from its firm bed, was carried down the hill, and then at a clear bound skipped right across a ravine, in its passing smashing off fir and spruce trees about seven feet from their base, where they measured twelve inches, and landing on the hill opposite, having completely turned over in its transit. No cause is known for this freak on the part

## OVERSHOES and RUBBERS.

It has always been our aim to get the best Overshoes and Rubbers on the market even if we had to pay a little higher price for them, and this year we pride ourselves that we are again to the front with a large stock of the best goods that can be procured and we are selling them at prices as low as that asked for poorer grades.

Get your Overshoes and Rubbers here and get the best quality at the lowest prices

## A. & R. LOGGIE

of the boulder. The rock and the cavity it left are being visited by large numbers of people.—St. John Sun.

FREDERICTON, Nov. 29.—Principal and Mrs. Palmer of the Ladies' Seminary, Sackville, are receiving much sympathy from their many friends over the death of their only child. Principal Palmer arrived here last night to spend Thanksgiving. Mrs. Palmer having been here several weeks visiting her parents. On Tuesday night Mrs. Palmer gave birth to a daughter, their first born, and the little one died last night. Mrs. Palmer is doing well.

St. John Sun: Mrs. Jacob R. Pidgeon, who passed to her final rest Wednesday evening after an illness of some five years, was a woman beloved by a great circle of friends and acquaintances. She was of direct Loyalist descent, being the granddaughter of Shubael Stevens, who settled in Grand Bay, and a daughter of the late George Carvell. Married for 48 years, Mr. and Mrs. Pidgeon lived on the one spot in the north end of St. John and their house was one of the old landmarks. Their life was quiet, peaceful and an example to the present generation. Mrs. Pidgeon's children were at her bedside at her last hours. They were Mrs. H. Hall Dunham, Mrs. H. H. Woodworth, Mrs. W. J. S. Miles and Miss Hannah Pidgeon, all of whom live within a short distance of the homestead. General regret will be expressed by all who knew Mrs. Pidgeon, who was indeed a mother in Israel.

SACKVILLE, Nov. 29.—Arthur Duceau, of British Settlement, in the lower part of Sackville, while in the woods on Tuesday with a companion, had the misfortune in some way to receive the full charge from his companion's gun in his right arm near the elbow. Dr. Cook, who was summoned, found it necessary to amputate the arm about three inches above the elbow. Mr. Duceau who is a married man is about 25 years of age, depending largely on his work for a living.

CHARLOTTETOWN, Nov. 29.—Yesterday while partridge shooting at McNally's Island, Percy Vanidestine, aged 19, was accidentally shot by Wm. Vanidestine, a cousin. The injured man died at Mt. Stewart, five minutes after arriving there.

One of the crew of the schooner Merino was killed at South Port yesterday afternoon by a quantity of pressed hay falling on him. Deceased was a son of Capt. Bowdridge. The body will be sent to Sydney to-day.

St. JOHN, Nov. 29.—The civic board of public works has recommended to the City Council to appoint a committee to accompany George Robertson, M. P. P., and John H. Thomson, of the Dry Dock Company, to inspect the principal dry docks along the Atlantic Coast as far south as Newport News, so that they can report what material they consider best for a dry dock at St. John.

The city some time ago promised a subsidy of \$2,550 a year for forty years for a granite dock. It was then hoped by Mr. Robertson that the Imperial Government would grant a subsidy, and the plan was for a granite dock to cost \$1,250,000. As the hope of securing an Imperial subsidy is abandoned, the intention now is to build of concrete or wood at a cost of \$800,000, and it is stated construction will begin as soon as the consent of the city to allow its subsidy to stand for a concrete or wooden dock is obtained.

The many friends of John McLeod, M. P. for St. John county, will regret to learn of his death from paralysis, which occurred Nov. 26, at his home, Black River. Mr. McLeod had been in poor health for many years, but for a long time past found great relief from osteopathic treatment. He was born at Grenock, Scotland, 1825, and came to Canada with his parents in 1826. For some years he followed a sea-faring occupation, and went to Australia in 1832 and engaged in gold mining until 1837. In 1832 he commenced shipbuilding at Black River, St. John county, and continued in the business until his death. Mr. McLeod was elected to the house of assembly as member for St. John county in 1892, and was re-elected in 1895, and at the last provincial elections. He leaves a widow, who was Miss Alward of Havelock, Kings Co., and two brothers, Robert and Peter McLeod of Black River.—St. John Sun.

ANNAPOLIS, Nov. 29.—The death of Mr. Daniel J. Riordan occurred at his residence, Lower Granville, on Friday night last, from the effects of a paralytic

stroke. Mr. Riordan had been in good health up to a short time before his death, but from the time he was stricken he gradually sank until the end came. Deceased was born in Ireland, and came to this country when he was 21 years of age, and had resided at Lower Granville ever since. He was a prominent member of the Liberal party and took a prominent part in advancing the interests of the party. For many years he was chairman of the board of electoral revisors for wards 6 and 7. He also held the position of magistrate and postmaster for Thorne's Cove, and for many years had been collector of rates for ward 7. In all of the positions of trust in which he had been placed he had ever been found faithful and honest in the discharge of duty, and was held in high esteem by all in the community. The funeral, which took place on Sunday last, was very largely attended, people coming from a long distance to pay the last tribute of respect to his memory.

HALIFAX, Nov. 29.—A fatal shooting accident occurred here Wednesday afternoon. Stephen Doyle, caretaker of Mount Olivet cemetery, and a friend named Stephen Kline, started to shoot partridge in the woods near the Three Mile House. Doyle, who was aged 43, resided with his wife and family in a house on the Cemetery grounds. He met Kline in the afternoon and volunteered to show him where he thought he would be able to secure some birds. Kline was carrying a loaded gun. Doyle went ahead, and before they had gone many steps, Kline stumbled and fell, and the hammer of the gun caught in a twig, causing it to go off. The entire charge entered Doyle's back, just above the hip.

AMHERST, Nov. 29.—This morning John A. McCarthy, who was found guilty of the charge of manslaughter for killing Charles McAuley, at Pugwash, on October 31, was brought into court for sentence. T. S. Rogers, counsel for the prisoner, made a strong appeal before sentence was passed, calling attention to the circumstances connected with the sad affair, the previous good character of the prisoner as proved by the evidence of such men as Job H. Seaman, C. W. Hewson, M. D., P. L. McDonald and others who voluntarily took the stand to give evidence in his behalf; also that the prisoner, being a married man with four small children depending upon him, he pleaded for the clemency of the court in the sentence to be imposed.

His honor, addressing the prisoner, said that everything possible had been done in his case by counsel and friends. It was a matter of doubt whether the case should have been tried before him or in a higher court where the prisoner might have been indicted for murder. In this large county, his honor said, he had had only two cases of murder and five of manslaughter. He did not intend imposing as long a sentence as some of the prisoners he had for manslaughter. He had sympathy for the prisoner but as a judge he owed a duty to the public. He then sentenced the prisoner to 15 years in Dorchester, where he was taken this afternoon.

If a child eats ravenously, grinds the teeth at night and picks its nose, you may almost be certain it has worms and should administer without delay Dr. Low's Pleasant Worm Syrup, this remedy contains its own cathartic.

### SURPRISING NEWS.

Minnick—Well, there was one thing I remarked about your wife the first time I saw her—she was undoubtedly outspoken.

Henpeck—You don't say! By whom? Cincinnati Enquirer.

British Troop Oil Liniment is unsurpassed by any liniment on the market to-day. It is composed of healing, soothing and cleansing vegetable oils and extracts. It is put up in large bottles for the small price of 25 cents.

### SPECIAL PRIZES AT THE MARITIME WINTER FAIR.

In addition to a prize list of over \$1,300, the following special prizes are offered at the Maritime Winter Fair, to be held in the Curler's Rink, La Planche street, Amherst, on the 17th, 18th and 19th of December.

By the Dominion Shorthorn Breeders' Association—for pure bred and grade Shorthorns—prizes aggregating \$110.

By the Maritime Branch, St. John, N. B., of Massey-Harris Co., Ltd. Implement Manufacturers, Toronto—for The Best Pen of three Fat Sheep, any age or sex (rams excluded)—a Massey-Harris Root Pulper—value \$15.

By Messrs. Thom Bros., Implement manufacturers, Guelph, Ont.,—Grand Sweepstakes for the best beef animal in the show—a plow valued at \$15.

By Messrs. Maling & Co., Drivers and Meat dealers, Halifax—for the animal in the Shorthorn class standing next to the sweepstakes—\$10 in cash.

By Messrs. J. A. Leaman & Co., Drivers and Meat dealers, Halifax—for the animal in the class, for pure bred other than shorthorns, standing next to the sweepstakes—\$10 in cash.

Entries close on the 1st of December, but for these special prizes, will be received by the Secretary, W. W. Hubbard, Amherst, up to the 16th of December.

### EXCURSION RATES TO THE MARITIME WINTER FAIR.

On and after Friday, Dec. 13th, the Intercolonial, Dominion Atlantic, and Canadian Pacific Railways, will on application, sell single first-class tickets to Amherst, and give a standard certificate. This certificate when stamped with the official stamp of the Maritime Breeders' Association at the Winter Fair, will be taken at the Amherst Station in exchange for a single ticket back to the starting point, good until Dec. 23rd—in other words one fare for the round trip from the 13th of December until the 23rd—Nearly all the branch lines in the Maritime Provinces have agreed to give return tickets at single rate to visitors for the Winter Fair.

Both the Exhibition of Fat Stock and the Educational program will be so interesting that large numbers of people will undoubtedly avail themselves of these low rates.

### Why Catarrh is Fatal.

Because it pours a flood of poisons into the circulation that saps strength and digestion so materially as to render the body capable of resisting disease, and consumption is the result. Catarrh is quickly cured by Catarrhona, a fragrant germ destroying vapor that goes to the root of the disease. It soothes and heals the inflamed mucous surfaces, clears the head and throat, and positively never fails to perfectly cure Bronchitis, Asthma or Catarrh. Nothing is so good for diseases of the respiratory organs as Catarrhona. Large outfit \$1. Small size 25c. Sold at R. O'Leary's General Store, Richibucto or by mail from Pulson & Co., Kingston, Ont.

OTTAWA, Nov. 28.—During the year ended 30th September, 1901, three sentences of death were commuted to imprisonment for life. Two of the sentenced were from Dawson City, Yukon Territory, and one from British Columbia. There were 39 criminal cases in which the prerogative of mercy was exercised during the year.

PAIN-KILLER is more of a household remedy than any other medicine. It meets the requirements of every home. Cures cramps and dysentery and is the best liniment made. Avoid substitutes, there is but one Pain-Killer, Perry Davis', 25c. and 50c.

### THE WORK OF THE BRITISH TROOPS.

APPLICATIONS FOR PLACE IN THE CANADIAN RANGERS CORPS.

LONDON, Nov. 28.—A despatch to the Times from Pretoria says there are still seventy recognized commandoes and bands of Boers ranging in strength from 50 to 400 men, in the field, of which 23 are in the Transvaal, 31 in the Orange River Colony and 23 in Cape Colony. The ask of running them down must necessarily be slow, but it is sure, and there is no ground for impatience. Lord Kitchener's striking arm at present amounts to only 45,000 men and the more men he is enabled to put in the field the sooner the end will come.

LONDON, Nov. 28.—The correspondent of the Times at Pretoria says the fact that Commandants Touche Myburgh and Wessels have been left alone for some time in the northeast of Cape Colony is adduced as a sign of relaxing British efforts in the colony.

The correspondent declares this is only another instance of unreasonable impatience manifested in regard to the progress of the war. The mistake was one frequently made after clearing one district, of pursuing the Boers immediately into another and allowing them to break back into the first.

To obviate this, now that he has cleared the Midlands, General French has been obliged to allow the enemy to remain in comparative quiet in Barkley East district until he made sure they will not break west, when he will proceed against them. The building of blockhouses from north southeast to Dordrecht, which is now in progress will, it is expected, prevent the Boers breaking west.

The columns now operating in this district if they succeed in clearing the country, will practically free Cape Colony east of the main line, from Cape Town to De Aar, of Boers.

OTTAWA, Nov. 27.—There is very little to be added to what has already been said in regard to the mounted troops for South Africa. Nothing will be done beyond preliminary preparations until Colonel Evans arrives. The minister is arranging for the contract for supplies and is in communication with the British government as to the question of transport which is not mentioned in Mr. Chamberlain's message. Applications are still pouring into the department for positions on the contingent.

Canadian nurses who have already been in South Africa have again volunteered to go with the mounted infantry. No name has yet been selected for one new corps. Some want it called the Canadian Rangers and others the Canadian Yeomanry. General O'Grady-Haley favors the latter.

Robert Beith, ex-M. P., arrived here to-night and will have a consultation with Dr. Borden to-morrow in regard to purchasing horses for the Canadian mounted infantry. Beith inspected the horses that were purchased for the South African Constabulary, and which gave good satisfaction.

BENTLEY'S Liniment is a strong White Liniment. Penetrating, powerful, yet clean to use. It is a reliable remedy for Sprains or Strains. Pains in the back or chest. For bruises, cuts and burns it will be found the best thing to use. Put up in two sizes, 10 and 25c.

NEW YORK, Nov. 28.—Property worth upwards of a million dollars was destroyed by fire here this evening. W. E. Uptegrove & Bros., manufacturers of boxes, veneers and fine wood work, had a loss of \$250,000; J. M. Saults, \$125,000; Mutual Gas Co., \$100,000; G. M. Hevesmeyer, \$150,000; Standard Oil Co., \$75,000.

Bentley's Liniment cures Croup.

## ROYALTY DRINK

# RED ROSE TEA!

The Tea used by the Duke and Duchess of Cornwall and York during their stay in St. John was RED ROSE—the gold label. All grades of Red Rose have the same distinguishing characteristics, and whether it is the gold label or any other, it is good Tea—better than other Teas at the same price. Are you drinking Red Rose Tea?
