HOME,

After the day is over,
And all its trials are done,
Happy at heart I'll homeward
Go at the set of sun.
There are my loved ones waiting,
And will for me prepare
In the accustomed corner,
The father's easy chair.
Where I shall rest while mother
Sets out our evening meal,
Talking the while to my children—
How rested I shall feel!

Love is our home's bright angel,
All sordid care dispells;
Labor and toil's forgotten
Where'er this spirit dwells.

Ah, let the rich in mansions,
Enjoy their high estate;
But give me my cottage
And children at the gate.

Waiting to bid me welcome
And greet me with a kiss;
Joy in their fond embraces—
No pleasure like to this.

LIBERAL WAVE HAS SWEEPED NOVA SCOTIA.

BUT ONE CONSERVATIVE RETURNED—
HANDFUL OF VOTES WOULD HAVE
CHANGED RESULT IN THAT CASE.

HALIFAX, Oct. 2.—Never in the history of this or any other province has there been so unanimous an expression of satisfaction with the government as was recorded at the polls to-day.

The victory for the Murray administration is an unprecedented one in the history of elective institutions.

The only tory returned in the whole province so far as known tonight, is McLeod, of Cumberland, and he wins by but a narrow margin over the weaker of his Liberal opponents. A change of 22 votes in Cumberland county would have made the next legislature wholly Liberal.

The opposition candidates lose their deposits in Guysboro, Digby and Richmond, while MacCabe, in Victoria; A. McDonald, in Inverness, and Hood, in Shelburne, fared equally bad.

The counties where the closest voting was expected have all gone Liberal.

Premier Murray has almost two to one majority in Victoria county.

Colchester triumphantly returns Laurence at the head of the poll, with Stairs at the foot. There is a difference of only eighteen votes between the total votes of Laurence and Pearson, while Black has led his colleague, Stairs, by 122 votes. Lunenburg, which gave only two of a Liberal majority at the last election, polls a Liberal vote now fifty per cent, in excess of the Tories.

Pictou, always hitherto a Tory stronghold, gives three Liberal members by easy majorities.

Halifax unhesitatingly elects all three Liberals.

The only disappointment of the Liberals is in Cumberland, where McLeod (Tory) succeeded in getting 42 votes more than Tucker (Liberal). McLeod ran ahead of his colleague by 237 votes. The election was the closest ever run in the county. Black, of course, led the poll.

The vote in Inverness shows the return of both Liberals in spite of the three-cornered fight which threatened to involve vote-splitting.

The vote polled this morning in the majority of the counties was a very small one, indicating but slight interest.

HOW THE VOTE STOOD.

HALIFAX, Oct. 2.—The results of the voting in detail in to-day's elections are as follows:

Guysboro.

Whitman (Lib.).....1,029

Fall Goods Have Arrived.

The most of our Fall Goods have arrived and are being opened up and placed in stock for sale. We wish to call attention to the following lines:—

DRESS GOODS.

We have a large stock of medium-priced Dress Goods, and are anxious to reduce it, so have marked the prices down very low. Space here will not allow us to describe them, but if you will call at our store we shall only be too pleased to show them to you.

CHOSE FOR MEN'S WEAR.

A large range of excellent values in Vests, Serges, Vicunas, English and Canadian Tweeds, etc. If in need of a suit call and see them.

UNDERWEAR

For men and women, sure to suit everybody. Among the best are Stanfield's Unshrinkable, but besides these we have some great values, both in knitted and fleece-lined goods.

BOOTS AND SHOES.

Just received another shipment of those boots which have been giving such great satisfaction for style, comfort and durability.

There are lots of other things we would like to say here, but space will not permit. Our Flannels, Flannellettes, Wrapperettes, Cretones and table linen, all deserve special mention, but must leave these for another time.

It would be much more satisfactory if you would call and see these goods for yourself, they are open for your inspection at any time, and then you can see for yourself, just what we are doing.

Got Lame Back?

No need of that now. That sort of pain can be knocked out in short order, for Polson's Nerviline, which is five times stronger than any other, penetrates at once through the tissues, reaches the source of suffering, drives it out and thus gives relief instantly. Not magic, but strength that gives Polson's Nerviline this power, you will think it magic however if you try it, pain goes so quickly. Sold by dealers everywhere, in large 25 cent bottles.

TORONTO, Oct. 5.—A nine-year-old boy named Coates yesterday shot and instantly killed the 19-months-old girl of Ernest Chater, his uncle. The boy came into Chater's residence with a message, and, after delivering it, lifted up a rifle lying in the corner, and pointing it at Mrs. Chater and the baby in her arms, fired. The bullet struck the child in the head, killing it instantly. The boy did not know the gun was loaded.

THE SUFFERINGS OF JOB.

If the agonies of job were any worse than the tortures of itching piles from which so many people are now suffering he had much to endure. The difference is that there is no reason for any one to endure the miseries of piles for a single day. Dr. Chase's Ointment has cured tens of thousands of cases and is absolutely guaranteed to cure each and every case of piles. 60 cents at all dealers or by mail from Edmanson, Bates & Co., Toronto.

U. S. cruiser Ranger, at San Francisco from Panama, reports no trouble from insurgents on the railway between Panama and Colon.

A Barcelona despatch revives rumors of a Carlish rising, but doubts are thrown upon the story.

The contract for the electrical equipment of the power house and subway stations of the New York Rapid Transit Railroad has been awarded to the Westinghouse Electric and Manufacturing Company. The value of the contract is at least \$1,500,000. The third-rail system has been adopted.

Children Cry for CASTORIA.

NOTES FROM LYNN, MASS.

OCT. 1.—As I have seen no news from this vicinity for some time, I concluded I would send some.

A number of our young folks have returned to us, and we are glad to see them again.

Weddings and engagements are the order of the day.

Miss Flora has left and gone to Concord, N. H., to work in the shoe factory. We wish her success for she was a great favorite amongst us.

Miss Jenny Little, formerly of Galloway, Kent County, was married Sept. 1 to Mr. T. A. Lee, of Boston. They went to the Pan-American Exposition on their wedding trip. We wish them much happiness.

Miss Nellie O'Connor, of Kent Co., is the guest of Miss Maggie McDonald.

Mrs. Dobson, of Rexton, N. B., formerly Miss Mamie Lanigan, called on friends in Lynn the other day. We also had a visit from Mr. Dobson.

We are pleased to see Mr. Bonnar Palmer, of Rexton, N. B., among us.

The weather is all that could be desired.

It is reported Miss Sarah Childs is thinking of going to the far west to join her uncles and aunts.

We had our last band concert on Wednesday evening, and it was largely attended, although the weather was cold.

If the old Kent Northern does not get blocked up with snow before Christmas I intend to take a trip to good old Rexton and stay all winter.

Well, I will have to close as my lamp has gone out.

FLOUNDER.

"THE PAIN WAS KILLING"

Rheumatism reveals its victims until shorn of its pangs by South American Rheumatic Cure—It relieves in six hours and cures in one to three days.

Mrs. Geo. Smith, of 62 Charron St., Point St. Charles, suffered terribly from Rheumatism in her joints. The pain was killing. Doctors' medicines temporarily deadened the pain, but effected no permanent relief. She began taking South American Rheumatic Cure and when she had used four bottles was absolutely cured.

SHORTHORN PRIZES FOR THE WINTER FAIR AT AMHERST.

The following letter has been received by the Secretary of the Maritime Stock Breeders' Association in reference to the Maritime Winter Fair to be held at Amherst on the 17th, 18th and 19th of December next:—

TORONTO, Ont.

Sept. 25th, 1901.

W. W. Hubbard, Esq.,
Sec'y Maritime Stock Breeders' Association, Halifax, N. S.

Dear Sir,—
At a meeting of the Committee of the Dominion Shorthorn Breeders' Association the sum of \$110 was voted towards supplementing the premiums to be given at your Maritime Winter Fair, to be given in the way of Specials, as follows:—

SHORTHORN SPECIALS.

Special for Shorthorn Steer,
any age.....\$20.

Special for Shorthorn Female,
any age..... 20.

Special for Grade Steer sired
by Shorthorn bull..... 25. 2nd \$15.

Special for Grade Female
sired by Shorthorn bull... 20. 2nd 10.

The conditions are: All Shorthorn Cattle receiving these prizes must be recorded in the Dominion Shorthorn Herd Book; in case of Steers, sire and dam must be recorded. In the Shorthorn grade class the sire must be recorded in the Dominion Shorthorn Herd Book. Hoping that this prize will be appreciated by your Association, I remain,
H. WADE, Secretary.

The Royal Month and the Royal Disease.

Sudden changes of weather are especially trying, and probably to none more so than to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula—its bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it have derived from Hood's Sarsaparilla, whose radical and permanent cures of this one disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proved its merits in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative—consumption.

DOMINION NEWS.

TORONTO, Ont. 2.—The Telegram's special cable from London says: Major General Hutton, formerly in command of the forces in Canada, will be appointed to command the Federal troops in Australia. From 1893 to 1896 General Hutton was at the head of forces in New South Wales.

KINGSTON, Ont., Oct. 2.—The small steel steamer Richelieu, under charter by the Lake Ontario Navigation Company and engaged on the route between Kingston and Belleville, foundered to-day while bound for Kingston. She was with in three miles of the city in what is known as the Lower Gap, when she took a header and sank. A heavy sea was running and caused her cargo of freight to shift and before she could be righted, she filled and went down in 100 feet of water. The crew and passengers got ashore safely, but had a narrow escape, as only a few minutes elapsed from the shifting of the cargo until the boat had disappeared. The crew lost everything but the clothes they had on. The Richelieu was owned by Capt. Filgate, of Montreal, and was valued at \$10,000. The insurance is unknown. The Donnelly Wrecking and Salvage Company have received a contract to raise the steamer and will begin operations immediately.

SHERBROOKE, Que., Oct. 3.—Two trains on the I. C. R., Nos. 2 and 15, collided at Robinson, a mile and a half beyond Thetford, this morning. The engineer of No. 15, leaving here at 7 a. m., had been given a mistaken order to cross No. 2 at Robinson. The trains met on a deep curve and the trainmen had no time to jump.

The engineer, Atto, and his fireman were buried beneath the engine and killed. Mail Clerk Michael Roy was also killed. Another clerk and express messenger were injured. All the passengers escaped. The killed and injured were brought to Sherwood.

HUNTINGDON, Que., Oct. 4.—William Long, farmer, of St. Agnes de Dundee, this county, shot and instantly killed Daniel Loubert, farm laborer working on the farm owned by Long, but rented to Gerald Davidson. Loubert put his team up at noon and was about to feed them when Long met him at the barn door and shot him. Death was instantaneous. Long came to Huntingdon, where he was arrested. Dr. Clouston has gone to Dundee to hold an investigation. There is no apparent cause for the shooting. Long does not express regret for the deed.

OTTAWA, Oct. 4.—The department of militia has authorized a statement in regard to the complaints of "C" battery about their pay in South Africa. This is an old subject. The pay of the men serving in the mounted rifles and artillery was fixed at 75 cents per diem, the Canadian rate was adopted for them. The British pay was to be supplemented to make the amount equal to the Canadian pay. The men of "C" battery got Rhodesian pay, or \$1.32 per day, while their comrades of "D" and "E" battery received only 29 cents. These amounts were paid by the war office. The matter was referred to the justice department here and it was decided that there was no parliamentary authority to give to "C" battery "deferred pay" which the statute provided for, as they had received more than the 75 cents which was arranged for. As to the war gratuity the department is paying it for the imperial government. If the men do not parade to receive their medals one will be injured but themselves, because they will be deprived of the honor of receiving these medals from the hands of H. R. H. the Duke of Cornwall.

OTTAWA, Oct. 5.—The Indian department offered five hundred isles on the St. Lawrence in the Thousand Island group for sale some time ago. About one hundred of these have been disposed of. A good many of them went to Americans. The town of Brockville wakened up to the fact that it would like to purchase what remained of those to be sold near Brockville, so that they would be utilized for a park. A delegation, headed by the mayor, visited Ottawa yesterday and arranged for this, but to their regret they discovered that some of them were sold before they got here. In addition to purchasing the islands that are offered for sale, the town also wants to purchase those islands which it has now under lease from the department. It is understood this will also be agreed to on the condition that they are to be used for the citizens of Brockville. The same condition will apply to all the islands which the town will purchase. The department has been flooded with inquiries from all parts in regard to the islands offered for sale.

COOK'S PENETRATING PLASTER.

THE BOER ATTACK ON KEKEWICK'S CAMP.

FOUR BRITISH OFFICERS AND FIFTY-ONE MEN KILLED.

LONDON, Oct. 5.—The casualty list shows that the total British losses in the attack on Col. Kekewich's camp at Moedwill, were four officers killed and 23 wounded, and 51 men killed and 115 wounded, numbers much greater than those heretofore reported.

The Boers, under Delarey and Kemp had 14 officers and 114 men wounded, after two hours' night fighting, when they were driven off.

The Boers are reported to have been 1,000 strong. Lord Kitchener says the British repelled the attack with great vigor. After the close of the fighting Col. Kekewich was slightly wounded in two places. The wounded were taken to Rustenburg, half way between Pretoria and Mafeking.

A mixed column under Gen. Kitchener, Lord Kitchener's brother, has been sent, presumably to relieve Natal from Commandant General Botha's forces. It has reached Vryheid. The casualty list shows that in fighting at Caledon river, last Friday, Col. Plummer lost two officers killed and ten men killed and wounded.

Preparations are being made to replace Lord Kitchener's exhausted men by fresh drafts. An order has been issued rendering it impossible to obtain discharge, by purchase, from any of the army reserves, sections of which are being prepared for mobilization.

There is further evidence of the seriousness of the situation in Cape Colony.

Among the Boers killed at Moedwill was Commandant Mobias Boshof, a well-known leader. Kemp's scouts picked up the body. Most of the others killed were foreigners.

PRETORIA, Oct. 3.—Dr. Brocksm n, lately convicted of treason, was shot yesterday. He was a former partner of Dr. Krause, ex-governor of Johannesburg, recently arrested in London. Further arrests on treason charges have been made at Johannesburg.

Humors

Come to the surface in the spring as in no other season. It's a pity they don't run themselves all off that way; but in spite of pimples and other eruptions, they mostly remain in the system. That's bad.

Hood's Sarsaparilla removes them and cures all the painful and disfiguring troubles they cause. Nothing else cleanses the system and clears the complexion like Hood's.

Steamer Hattie K., plying between Elk Rapids and Eastport, Mich., sank on Friday in Torch lake. The crew, consisting of two men and Capt. Fred Smith and his sixteen-year-old son, are missing. Torch lake is an island lake sixteen miles long, and is being patrolled on both sides for wreckage.

At a meeting of the Jockey Club, New York, Friday, the repeal of L. M. Meyers from the decision of the stewards of the Coney Island Jockey Club in the Leonora Loring case was taken up. It was decided that the decision of the stewards of the meeting be sustained, and that the appeal be dismissed.

The completed figures of Ottawa's assessment made even a better showing than expected. The population shows an increase of 2,496, the total now being 60,689. The assessment is \$27,682,615, an increase of \$2,815,410. This is partly due to the repeal of the "Scrap Iron Assessment" law, the electric and gas company's taxes being largely increased.

PINCHED AND PUNY

South American Nerve is the Antidote for the ills which are induced by humanity's "mad rush" for an existence. The "eat and run" way of living is accountable for more of the pinched and puny faces than any other cause under the sun.

Dyspepsia, indigestion, constipation, sick-headache are the prime causes for broken-up nerves. Nature foretold the strain that we would be compelled to live under and has revealed to medical science the favorite formula—South American Nerve—and its daily joy is to put back the bloom of perfect health in the faces of millions who do honest toil.

READING, Pa., Oct. 5.—Four persons were instantly killed in a freight wreck to-day on the Lebanon valley division of the Reading railway, near Pummellstown, Pa. The killed are:

Thomas Dolan, engineer, Philadelphia; Wm. H. McCombsy, fireman, Philadelphia; Conductor Patrick Xons, Philadelphia; and brakeman Charles E. Kays, Philadelphia.

A switch was open and the train went into an embankment, piling the locomotive and the cars.
