Weak?

"I suffered terribly and was extremely weak for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon feeling all right again."

Mrs. J. W. Fiala, Hadlyme, Ct.

No matter how long you have been ill, nor how poorly you may be today, Ayer's Sarsaparilla is the best medicine you can take for purifying and enriching the blood.

Don't doubt it, put your whole trust in it, throw away everything else.

\$1.00 a bottle. All druggists.

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine. Follow his advice and we will be satisfied.

So far this season no catches of any consequence have been made, and even the most successful fisherman who are familiar with the favorite haunts of the sportive trout, return with empty baskets. The chilly weather no doubt is largely responsible for the angler's poor work, but there appears to be a greater scarcity of trout this season than for some years past.

A Barrister's View.

Said a prominent barrister yesterday to the Sun: There appears to be an idea prevalent that there is soon to be a vacancy in the judgeship of the county courts of Northumberland, Gloucester and Restigouche, although Judge Wilkinson is a very active man and it is said does not desire to retire. In the event of a vacancy, it is generally conceded that the appointment would go to Premier Tweedie if he desired it, but apparently he does not desire it, for he is said to be urging the dominion government to give the office to a recent convert to Liberalism, R. A. Lawlor, of Chatham. At one time Robert Murrey of Chatham was supposed to have a chance of securing the appointment, but he is now said not to be in the running. A number of Acadian liberals are pressing the claims of N. Landry, now of Bathurst but formerly of Westmorland, who is a brother of Judge Landry of the supreme court. H. F. McLatchy, an Albert county man, now living in Campbellton, is also spoken of as a possible appointee, and has the support of James Reid, M. P. There are some who assert that stranger things might happen than that the office should go to J. D. Phinney of Fredericton. Others desire that Hon. H. R. Emerson should be appointed temporarily, pending a vacancy on the supreme court bench. The general feeling of the North Shore members of the bar is that the appointment should go to some person residing in the district, and that of all the applicants Mr. Lawlor or Mr. McLatchy is best suited in every way to discharge the duties of the office.

Resolution of Condolence.

At a meeting of Agricultural Society No. 13, held at Rexton on Saturday, 17th instant, the following preamble and resolutions were adopted, viz.

After the brief period of 67 years of honest and well requited toil our late President of this Society, Robert Main, Esq., has laid down his implements of industry and been called to his eternal rest.

His faithful government of our Society, with his wise councils and advice, together with the example of progressive agriculture has been an excellent stimulus, of which many of us have profited; and we therefore feel that though, by Divine edict, he is removed from us "his works do follow him."

Therefore resolved,

That this Society, while grateful for the many excellent examples left for our emulation by our late President, we sincerely lament his departure.

Further resolved,

That our deepest sympathies are extended to his bereaved family, who must feel his loss much more keenly than we do.

And further resolved,

That a copy of these resolutions be sent to the bereaved family and also to the Richibucto REVIEW for publication.
