## The Late Mrs. John Mundle.

Another of Kent's old landmarks, so to speak, has passed away, in the death of Mary, widow of the late John Mundle of Mundeleville, which took place at her own home on Saturday, May 24th.

Mrs. Mundle was formerly Mary Hannah, who came out from Creton, Scotland, with her parents in 1830, when only four years of age. She was seventy-six years old last month. The family settled on the point for a few months, then went up river where the homestead has remained. Of her brothers and sisters, David and Jessie Hannah still live, Mrs. Elizabeth Glendenning died last winter, William has been dead sometime, as has also James, father of Ed. Hannah, Rexton, and Robert, father of Fred. Hannah and Mrs. Dr. Bourque and Mrs. W. H. McLeod of town.

Mary Hannah married John Mundle, a native of Dumfries, Scotland, forty-nine years ago, by whom she had ten children, Sophia, a teacher, and Maggie are dead; the surviving children are Agnes, wife of Geo. Warman, Lawrence, Mass.; Jessie, wife of Wm. Sullivan, Moncton; Wm. H., who lives on the homestead; David I., the popular livery-stable proprietor of Richibucto; John C. of Main River; James R., Robert M., and Fred. A. of Mundeleville. The last two sons are twins as also were Jessie and Sophia.

The funeral was held on Tuesday afternoon, May 27th, and was very largely attended. Interment was made in the Presbyterian burial ground at West Branch. The Rev. The bride was becomingly attired in light fawn with white silk and ribbon trimmings. The bridesmaid was tastefully gowned in light blue with white silk trimmings.

After the ceremony which was witnessed by a large number of relatives and friends the party sat down to a sumptuous repast. The bride was the recipient of numerous presents.

Among the invited guests were Mr. and Mrs. Jos. Smith, Mr. and Mrs. O. S. Jones, Mr. and Mrs. Mell Colpitts, Mrs. Jonah and son, Mrs. Smith, Mrs. Addie Atkinson, Mrs. Boyd, all of Grangeville; Mrs. R. Connors of Trout Brook, Miss Maud Wry of Harcourt and Mrs. John McPherson of Kent Junction.

## Turtle Eggs.

Turtle eggs are an acquired taste with most people, although they are not so with bears. They have a rough, yellow yolk and a white like any other egg, but you can cook them for a year and the white part will remain liquid. Notice a curious dimple in the side of each one. If you squeeze it out, the dimple appears on the other side, and you can never get hold of a turtle egg which hasn't got a dimple in it.

## A Wasted Snub.
