MILBURN'S HEART AND NERVE PILLS FOR WEAK PEOPLE

These pills are a specific for all diseases arising from disordered nerves, weak heart or watery blood. They cure palpitation, dizziness, smothering, faint and weak spells, shortness of breath, swellings of feet and ankles, nervousness, sleeplessness, anaemia, hysteria, St. Vitus' dance, partial paralysis, brain fog, female complaints, general debility, and lack of vitality. Price 50c. a box.

THE WORLD OVER.

A destructive hurricane has swept over the province of Scinde, British India. Forty miles of the Scinde railroad were washed away, and bridges, houses and embankments disappeared. Many lives were lost.

A terrific wind and rain storm, accompanied by a waterspout, swept over Cincinnati, O., Tuesday, causing the loss of six lives and injuring many other people.

A four-story brick building in Worcester, Mass., occupied by the Spy as a composing, press and stereotyping room, and a wholesale house for the E. G. Higgins Wall Paper Co., was totally burned to-day, as well as several other houses.

ON MAGNETIC HEALING.

Much is spoken and written during these times about this mysterious method of treating disease. The most truly remarkable cases of magnetic healing which have come under the notice of the writer have been those in which Dr. Chase's Ointment was used. This preparation seems to have magical powers in stopping the dreadful itching, burning sensations of Salt Rheum and Eczema, and when used regularly makes the cure thorough and permanent.

AN \$18,000,000 ESTATE.

SAN FRANCISCO, May 27.—The children of James G. Fair are at last in the possession of his estate. The final transfer has been made to their representatives by the executors under the decree of distribution, which was signed by Judge Trott. The property handed over was valued at \$7,000,000. The whole estate was worth about \$18,000,000. The larger part of it was given to the children when the supreme court decided that the executors could not hold the realty under the trust clause in Fair's will. By the final decree the property remaining in the hands of the executors was given to Charles L. Fair, Mrs. Theresa A. Oelrichs and Mrs. Virginia Vanerbit.

The breath of the pines is the breath of life to the consumptive. Norway Pine Syrup contains the pine virtues and cures coughs, colds, bronchitis, hoarseness, and all throat and lung troubles, which, if not attended to, lead to consumption.

Nature's Variety.

It is said that in all the forests of the earth there are no two leaves exactly the same. It is also said that amid all peoples of the earth there are no two faces precisely alike.

A Sickroom Hint.

Raise an invalid's head by putting your hand under the upper pillow and, with as much firmness as possible, lifting it.

Milk For Coffee.

Milk that is to be used for coffee should be boiling hot, but not boiled. Most coffee epicures desire the cream put into the cup and the coffee poured upon it. It is thought to be richer

Porto Rico's Mountains.

There are mountains all over Porto Rico, ranging in height from 1,000 to upwards of 2,000 feet. They rise in points for the most part, having no flat surface at their tops. They are not covered with forests and are often cultivated to their very tops.

The Apostles' Creed.

The Apostles' Creed is not the creation of any single person. It grew. It is found in practically its present form in writings of the fifth century. The Nicene Creed was formulated A. D. 325.

The Khamsin.

The wind known as the khamsin blows for fifty days in Egypt, beginning with April 29 or 30. The word khamsin is from the Arabic and means fifty.

Length of a French Horn.

If the orchestra French horns were straightened out, they would be seventeen feet long. The convolutions of the horn and the many turns of the trumpet are all the fruit of necessity. They could not be manipulated to produce the tones asked of them if they were not bent and curved.

Read a Whole Dictionary.

When Webster's Unabridged Dictionary appeared, Caleb Cushing read it through, word by word, and corrected some mistakes. He sought information from every source.

Pepper the Rats.

Cayenne pepper sprinkled where rats resort will cause the pests to leave the premises.

Austrian Postmen.

In Austria the government gives to the postmen every year one tunic, one pair of cloth trousers, one pair of linen trousers, one waistcoat and a cap, while every second year a coat and blouse are given. Previous military service is considered as postal service, and each year of war counts double.

The Seal's Cry.

The cries of none of the quadrupeds approach more closely that of the human voice than those of seals when lamenting the loss or capture of their young.

Bees and Honey.

It takes 5,000 unloaded bees to make a pound—that is, when the bee leaves its hive in search of honey it weighs only the five-thousandth part of a pound. When it returns, however, from the fields and flowers, freighted with honey, it is three times that heavy.

A Big Soldier.

During our war with Mexico General Taylor's command boasted a soldier of 7 feet 1½ inches in height and one of seventy-four years of age.

Japan.

Japan has been credited with being a warlike nation, but she has been engaged in but three wars in the past thousand years—once when the army of Kublai Khan was repelled, some 700 years ago; then with Korea, 300 years ago, and third and last with China.

Amsterdam Diamond Workers. Organized laborers to the number of 7,000 are employed by the diamond dealers and jewelers of Amsterdam.

America's Seven Wonders.

The seven wonders of America are classed as follows: Niagara falls, Yellowstone park, Mammoth cave, the canyons and Garden of the Gods, Colorado; the giant trees, California; the natural bridge, Virginia, and the Yosemite valley.

Iron Horseshoes.

Iron shoes were first nailed to the hoofs of war horses in the ninth century. They were first introduced into England by William II. about the year 1088.

Doctors' Suicides.

The medical profession furnishes the greatest number of suicides.

Licorice.

The black licorice stick in the drug stores comes mostly from Spain and is made of pure juice mixed with a little starch, which prevents it from melting in warm weather. The word licorice means "sweet root" and is of Greek origin.

The Drumfish.

The drumfish is a natural curiosity of the most curious kind. Especially does this strike home when we consider the maxim of the older naturalists, "All fishes are mute."

To Remove a Mole.

To rid oneself of a mole try to remove it by tying around it white silk thread. It is claimed that the mole will drop off in a few days.

Boa Oxus.

Boa Oxus, a city on the Ganges, is said to have been so named because a gigantic serpent 120 cubits long and having a double head was killed at the present site of the town about the year 361 A. D.

Blue Gum Timber.

Some of the "sticks" of blue gum timber brought to Dover, England, from Australia for the national harbor works weigh ten tons each. They range between 100 and 200 feet in length and will not float.

Cold Blooded.

A Chicago man had an enemy whom he wished put out of the way, so he wrote the chief of police for a permit to kill him.

Fires in Great Britain.

Great Britain loses more than \$50,000,000 worth of property annually by fire.

The True Poker Flat.

In 1852 Poker Flat produced \$700,000 in gold bullion in a single month and celebrated the event with a triple hang-out. Then came the public spasm of virtue which caused the John Oakhursts and the "outcasts of Poker Flat" to depart from thence and die of cold and starvation on the snow bound road to Sandy Bar. There are no "Oakhursts" nor "Uncle Billys" in Poker Flat today, and when the stranger makes the slow descent and suddenly by a sharp turn in the trail comes upon the famous camp he finds in that huddle of cabins little to remind him of the Poker Flat of 1852.

The famous slope presents almost a picture of utter ruin. There are but eight persons living in the old town, while a hundred dead ones sleep in the cemetery. Some of the graves are marked with wooden headboards, some with stakes, but many have nothing above them. Nearly all of them were laid to rest without religious rites save a Bible reading by old Charlie Pond, who, though a professional gambler, was selected for the religious office owing to his excellent voice and oratorical ability.

In 1853 and 1854 there were 2,000 souls in Poker Flat and 15 stores, 5 hotels, 3 dance halls and 7 gambling houses. There is but one man left today of that original company. He is an old and grizzled veteran, who delights to tell how in 1856 a circus came to town and sold 1,500 tickets of admission at \$20 each.—W. M. Clemens in Bookman.

A Day Dream of Tennyson.

In the "Life of Tennyson" occurs the following:

"A kind of waking trance I have frequently had, up from boyhood, when I have been all alone. This has generally come upon me through repeating my own name two or three times to myself silently, till all at once, as it were out of the intensity of the consciousness of individuality, the individuality itself seemed to dissolve and fade away into boundless being, and this not in a confused state, but the clearest of the clearest, the surest of the surest, the weirdest of the weirdest, utterly beyond words, where death was an almost laughable impossibility, the loss of personality (if so it were) seeming no extinction but the only true life. This might be the state which St. Paul describes, 'whether in the body I cannot tell, or whether out of the body I cannot tell.' I am ashamed of my feeble description. Have I not said the state is utterly beyond words? But in a moment when I come back to my normal state of 'sanity' I am ready to fight for mein liebes Ich and hold that it will last for aeons and aeons."

The New Rabbit.

"Why, where did you come from, Uncle Jasper?" I said to the old dorky who had sent the house girl in to tell me that he wanted to see me.

"I come from Decatur, Miss Alice," he said. "I got to Atlanta 'bout two hours ago, but I didn't 'low you was ready to see nobody."

"Did you come on the train?" I asked.

"No, ma'am; dat I didn't. I come in on de rabbit."

"On what?"

"On de rabbit. You sholy done heerd er de new rabbit dey's got."

"Oh," I said, "you mean the rapid transit?"

"Yessum, de rabbit transhunt. Dat's whut I tol' you. She ain't de color er no rabbit"—bursting into a laugh—"but she sho do git ober de groun' lak one."

A Slander.

Greene—They say that Senator Keener is on the make. They even go so far as to say that that new house of his was given him in payment for his vote.

Gray—It puts me all out of temper to hear such slanders! It is as far as possible from the truth! I know all about it. It was this way: Some people who were interested in a certain bill bet him that house that he would vote against the bill, and he didn't and won the house. That was all there was about it. The idea of Keener's being open to bribery!

Adjourned Unanimously.

Correspondent (approaching Irish sergeant)—I am told, sergeant, that you had a skirmish with the enemy this morning.

Sergeant—We did that, sor.

Correspondent—And did you come off with flying colors?

Sergeant—Floyin colors, is it? Be-dad, it wasn't ownly the colors that was floyin, but ivery mother's son of us in the bargain.

The Sun.

Astronomers tell us that refractory elements like iron, silicon and carbon, perhaps dissociated into simpler substances, are present as vapors in the atmosphere of the sun and that many others of our well known elements, including hydrogen, are also present in this glowing atmosphere, while the heat of the sun's surface and that of the hotter stars is vastly higher than that of the electric furnace.

His Age.

Being asked his age, a colored citizen in a Billville district replied: "Well, suh, I some older dan dat pine tree yander, I'll bit younger dan dat live oak by de gate en not quite so ol ez de house whar I livin at. I ain't much on figgers mysef, but you kin count up en see!"

The Nearest He Ever Came to It. "Colonel," she asked, "have you ever been up in a balloon?"

"No," he answered, "but I got to talking art to a Boston lady once, and she had me away up in the air inside of two minutes."

DOMINION NEWS.

A fashionable wedding took place at the Chapel of the Holy Family in the Basilica, Quebec, Tuesday, when Lieut. Colonel Eugene Fiset, Army Medical Service, wedded Miss Taschereau, daughter of the late Liniere Taschereau, K. C. After the honeymoon, they will sail for England, whither the colonel goes as a member of the coronation contingent.

Judgment was delivered in the Supreme Court, Tuesday, in the case of Stephens vs. Black, heard with the Maritime appeals. The appeal was dismissed with costs.

Officers of local forces in the colonies shall in future be presented at the King's levee by the commander in chief instead of the secretary of state for the colonies. Officers who may visit England with the desire of being presented at court should take with them some credential, as otherwise the commander-in-chief would not be able to present them.

The creditors of G. R. Blyth & Sons, dry goods, Ottawa, were offered 50 cents cash and 25 cents at three, six and nine months. The nominal assets are \$228,990; liabilities, \$169,596.

The report of the joint committee of the Jamaica Society of Agriculture and Commerce and the Merchants' Exchange at Jamaica reached the department of trade and commerce at Ottawa Tuesday. It suggests that Canada should not let itself be handicapped in steamer rates or freight rates, and that in Canada there is a good market for Jamaica fruits, sugar and coffee, while Jamaica wants Canadian flour. Nothing is said of special preferences in Jamaican markets.

Canadian sheep will be admitted duty free into Cuba when imported by contractors for supplying British troops stationed on the island.

The large pulp mill belonging to the Sturgeon Falls (Ont.) Pulp Company was burned Tuesday. The total loss is \$50,000.

One hundred and seventy-five thousand bushels of grain have been carried from Chicago in one day, part way over the Canada Atlantic Railroad. Previously it had taken seven days.

Ordinary Corn Cures Are Dangerous.

because they contain acids, but Putnam's Painless Corn and Wart Extractor is entirely vegetable in composition. Refuse a substitute for "Putnam's;" it's the only sure, safe and painless cure for corns and warts. Sold by R. O'Leary.

About 15 new buildings will go up in Campbellton this summer besides extensive improvements on buildings.

Kidney Disease and Backache

Mr. John Guheen, who is in the Fish Business at Port Hope, states:—"In my business I do a great deal of driving over bad roads and the constant jar of the rig along with exposure to all sorts of weather brought on kidney disease. I was in miserable health and suffered a great deal with sharp pains in my back. I heard of Dr. Chase's Kidney-Liver Pills and decided to try them. Before I had used all of the first box I felt better and three boxes have entirely cured me. I am very glad of an opportunity to recommend Dr. Chase's Kidney-Liver Pills for I have proven their wonderful control over kidney disease."

It seems unwise to waste money and run the risk of experimenting with new fangled, untried remedies when you know that Dr. Chase's Kidney-Liver Pills will cure you. One pill a dose, 25c. a box, at all dealers, or Edmanston, Bates & Co., Toronto.

Dr. Chase's Kidney-Liver Pills

A GOLD MINE ON YOUR FARM

The SPRAMOTOR was awarded the only Gold Medal on spraying machines at the Pan-American Exhibition.

The Canadian Government awarded it first place over eleven others in actual contest. It can be used equally well for spraying Fruit trees and Crops, and painting with oil and water paints or whitewash. With it a man and boy can do the work of twenty men with brushes. There are plenty of Spray-pumps, but only one Spramotor.

I have secured the agency for Kent Co., and will mail free on application a copy of 80 page Treatise on the diseases of fruit trees and their remedies.

As usual a full stock of Carriages, Express Wagons, Harness, Plows, Harrows, Churns, Cultivators, Dore's combine-Seeder and Harrow, McCormick Harvesting Machinery, Organs, Pianos, Sewing Machines, etc. Terms easy, prices right. The Experimental Farm Reports show that for a number of years Preston Wheat has given better results than any other variety grown. I have a limited quantity of it for seed at \$1.25 per bushel.

Eggs from pure Barred Plymouth Rocks, 75cts. per sitting of 13.

GEO. N. CLARK

DO NOT NEGLECT THE LITTLE ILLS OF TO-DAY.

The Use of PAINE'S CELERY COMPOUND

Will Eradicate From The Blood and System The Seeds of Disease.

As grains of sands make our lofty mountains, drops of water the mighty ocean, and as our massive buildings are made of one brick piled upon another; so do the little ill of life contribute to the building up of deadly diseases in the body.

Experienced medical men claim that fully three-fourths of our men and women enter the summer season with little ill and symptoms of disease, which must develop into serious and fatal troubles if not banished at once.

We hear our friends complaining daily of rheumatic tendencies, sharp and darting neuralgic pains, dyspepsia, pains in the side and back, nervousness and sleeplessness; and we see with our own eyes the effects of impure blood in facial blotches, eruptions and sores. The little ill and pains of to-day build up the alarming and fatal diseases that follow days and weeks of neglect.

Wise and intelligent people who have looked into the claims of Paine's Celery Compound and followed its remarkable cures of relatives, friends and neighbors, use it themselves with faith and confidence, to banish their symptoms of coming troubles, to cleanse the blood, to re-establish nerve force, energy and bodily strength, so that they will be in condition to withstand the enervating effects of the coming hot weather.

In every community where Paine's Celery Compound has been used at this season to banish disease, it is regarded as a godsend. Workers in offices, shops, factories, and weary and rundown wives and mothers in their homes have thanked Heaven for Dr. Phelps' marvellous prescription, because it made them well. Try a bottle or two, ye who are ailing and sick; it will give you what you most stand in need of—health and new life.

BEQUEST OF \$5,000.

SUCH IS REPORTED AS BENEFACTION FROM LATE A. F. RANDOLPH TO VICTORIA HOSPITAL FREDERICTON.

FREDERICTON, May 24.—Though not authoritatively announced it is understood that the late Hon. A. F. Randolph has been very generous in his benefactions to public institutions. Among the bequests made is the gift of \$5,000 to Victoria Hospital and \$1,000 to the Baptist church of this city.

It is said that the horse breeders of Kings county want to secure the English thoroughbred hunter to be sold here Friday.

The Southwest Miramichi drives, which were expected to be in corporation limits yesterday, will not reach Hayes' bar, the limit, until Thursday or Friday.

Milburn's Sterling Headache Powders contain neither morphine nor opium. They promptly cure Sick Headache, Neuralgia, Headache, Headache of Grippe, Headache of delicate ladies and Headache from any cause whatever. Price 10c and 25c.

LORD KELVIN FOR AN ALLIANCE.

NEW YORK, May 26.—Lord Kelvin has returned from the United States more impressed than ever with the greatness of the American people and the magnificence of their industrial and political future, cables the London correspondent of the Tribune. He is enthusiastic on the subject of an Anglo-American alliance.

KUMFORT Headache Powders are safe, pleasant and effectual. They contain no opiates or any harmful drug. They create no habit from continued use.

Rheumatism..

is Uric Acid in the blood. Unhealthy kidneys are the cause of the acid being there. If the kidneys acted as they should they would strain the Uric Acid out of the system and rheumatism wouldn't occur. Rheumatism is a Kidney Disease. Dodd's Kidney Pills have made a great part of their reputation curing Rheumatism. So get at the cause of those fearful shooting pains and stiff, aching joints. There is but one sure way—

Dodd's Kidney Pills
