## MARITIME PROVINCE NOTES.

MONCTON, N. B., Jan. 2.—A deplorable accident happened in the I. C. R. yard last evening. Brakeman Ernest Seaman, working on a shunter in the west end of the yard, missed his footing while jumping on a moving car and fell beneath the wheels. In some miraculous manner he managed to save his body from getting under the tracks, but he was unfortunate enough to have both legs so terribly crushed that both feet will have to be amputated.

After two wheels had passed over the unfortunate brakeman's legs, he managed to pull them from the rail and prevented them being severed. The damage had already been done, however, and Doctors Myers, Purdy, Ferguson and Smith, who examined him, decided upon amputation. Seaman suffered greatly, and for some time after the accident, doubts were entertained if he would survive his shock. At the time of the accident, the shunter was pulling cars out on the transfer shed track. The coupling had been completed and other brakemen with Seaman were on the cars, but as the latter went to catch the ladder on the end of a box car he slipped and fell across the rail.

Seaman had been on the road for five years, and ran east and west. He shunted in the yard only occasionally, and this was his fourth night at the work this trip. He is about 25 years of age, married, and is a brother of S. A. Seaman, restaurant keeper.

HALIFAX, Jan. 2.—Sillvang, the Canadian soldier who entered the Monastery of the Good Shepherds two weeks ago and assaulted a sister, was sentenced to Dorchester for three years and six months.

WEYMOUTH, N. S., Jan. 2.—A shooting accident occurred here yesterday. Alton Lent, the sixteen-year old son of Churchill Lent, was shot in the side by his chum. Young Lent with two small boys were hunting in a pasture near here for game and one of the boys had a large repeating revolver. He pointed it at young Lent and told him to look out, as it was a repeater. At the same instant he fired, the ball entering Lent's side below the ribs. The boys got a great fright. It was some hours before Lane acquainted his parents of what he had done. A doctor was called and on examination it was found that the bullet had gone through the boy's thick clothes and the fleshy part of his right side. It was almost miraculous that the boy escaped death.

CAMPBELLTON, N. B., Jan. 2.—The death of Alex. McBeath here this morning after an illness of one month, removes from life one of the best known and highly respected citizens of Restigouche county

## OVERSHOES and RUBBERS.

It has always been our aim to get the best Overshoes and Rubbers on the market, even if we had to pay a little higher price for them, and this year we pride ourselves that we are again to the front with a large stock of the best goods that can be procured and we are selling them at prices as low as that asked for poorer grades.

Get your Overshoes and Rubbers here and get the best quality at the lowest prices.

and creates a blank in the community that will not be readily filled. Mr. McBeath was for a number of years government lumber scaler and also superintended the surveying at the Restigouche booms. He was a member of the Masonic fraternity and of the Caledonian Society. He was elected treasurer of the Restigouche Liberal Conservative Association in 1900. The funeral will take place on Saturday.

AMHERST, Jan. 2.—Harry Connolly, son of Patrick Connolly, an employe of Christie Bros., Ltd., met with a serious accident to-day. He was alone piling lumber in the rear of the factory and it is supposed, fell from the pile to the frozen ground. He was found about half an hour later and conveyed to his home. His physician fears concussion of the brain. He has not yet regained consciousness. The injured man is a brother of William Connolly, editor of the Parrsboro Record.

HALIFAX, Jan. 2.—A workman on the Cape Breton railway named McNeil was the victim of a terrible accident at Grand Anse yesterday. He was thawing some sticks of dynamite before a fire when the dynamite exploded. McNeil was thrown 20 feet from where he stood. When picked up he presented a ghastly sight, his eyes being almost torn from their sockets, his left leg fractured and face, hands and body badly burned. He is married and belongs to Creignish. His recovery is extremely doubtful.

SACKVILLE, Jan. 2.—The steamer Northumberland, running between Point du Chene and Summerside, made her last trip for the season to-day and will go at once to Charlottetown, where she will lay up for the winter. The steamer Stanley will go on the route between Summerside and Cape Tormentine, leaving Summerside at six, standard, in the morning. A special train, connecting with the Stanley, will be run over the N. B. & P. E. Island railway, leaving here at seven, standard, and returning in time to make connections with the C. P. R. for the west and the day express for Halifax.

ST. JOHN, Jan. 3.—The schooner Marion Captain Stewart, Salter, from this port for Parrsboro with a general cargo of 400 packages of merchandise, including machinery and oak on deck, went ashore

on Cape D'Or, up the bay, Wednesday morning. There was a high wind blowing at the time and it did not take long for the vessel to break to pieces. The schooner was built at Cambridge in 1895 and was owned by the captain. The insurance on the vessel and cargo is \$5,500.

The schooner Southern Cross, Captain Hayes, is reported full of water at Parrsboro.

The schooner Harvard H. Havey, 91 tons, and owned by Levi F. Ring, of the West End, was wrecked at Dark Harbor, Grand Manan, Wednesday night and is reported by her commander, Captain Seabean, as being a total loss. The Havey was bound from Wicarsset to this port with a cargo of oak which was to be shipped to Rhodes, Curry & Co., Amherst, N. S. The vessel is uninsured and will be a severe loss to the owner. She was built at Hancock, U. S. in 1876. One of the crew was severely injured.

The schooner Nellie I. White, Captain Seeley, bound from Boston, lost a flying job in the gale of Wednesday.

The schooner Bobs was yesterday reported to be ashore and in a bad position at Peter's Island, Westport. A tug failed to move the vessel.

The schooner Mary E. Palmer, Captain Wallace, from Newport News, put into Portland Tuesday heavily iced up and reports during the gale to have lost the head of the fore topmast, topmast and split several sails.

A despatch from Seal Harbor, Me., last night states that the schooner Mary F. Chisholm is ashore in Cranberry Island harbor. She is in good condition and the crew landed safely in their boat.

A Sydney despatch says:—The \$100 tax on commercial travellers went into effect in Newfoundland and as a result the great majority of Knights of the Grip will let the Ancient Colony severely alone in the future, for it would not be profitable for them to contribute a cool hundred to Newfoundland's exchequer. The Chronicle correspondent is informed that most of the travellers who visit the Ancient Colony are feeling very sore over the matter, while the commission merchants of St. John's are highly pleased at the turn of affairs. And the big mer-

chants of St. John's are likewise elated, for it will mean that all the small store keepers in the outlying districts will be forced to buy their goods from them. Travellers who arrived here to-day, however, are unanimous in the belief that the new law is not practical and that it will be repealed before long.

OXFORD, N. S., Jan. 3.—James Chisholm, a well known lumber dealer here, committed suicide last night by hanging himself in his barn. He was a married man and leaves a wife and three sons. He was 60 years of age and had been in poor health for some time past. He was born near Windsor, but has resided at Oxford for some time past.

LITCHFIELD, Minn., Jan. 3.—The authorities here are now firmly convinced that Mr. and Mrs. Milton Gorton, who were found burned to death in their home Wednesday night, were murdered. There were but three persons in the house, which is situated on a farm a few miles north of here, when the fire occurred. A boy 18 years old, employed as a farm hand, has made his escape from the burning building in his night clothes. He says that Mrs. Gorton succeeded in getting out of the building, but returned for her husband. When neighbors reached the place both bodies were found, burned out of all semblance of human shape. Gorton was very wealthy and the authorities claim to have evidence that convinces them that a double murder was committed for the purpose of robbery.

HALIFAX, N. S., Jan. 3.—The mail str. Ionian, from Liverpool for St. John, arrived early this morning, making a quick passage from Liverpool. Four children who had been quarantined were removed yesterday to the quarantine hospital.

YARMOUTH, N. S., Jan. 3.—Clarence and Earl Goodwin, sons of Capt. Wm. Henry Goodwin, of Argyll Sound, went out in a boat yesterday afternoon to attend their lobster traps. They did not return. This morning their boat, gear and oars were found and they doubtless were drowned. Clarence is married and leaves a widow and two children.

HALIFAX, N. S., Jan. 3.—Mrs. J. E. Elliott and three children were taken to the hospital last night suffering from smallpox. Three others of Mrs. Elliott's children were already in the hospital, making seven of the family now there. The father and one child are still at home, which is quarantined.

This new outbreak comes with telling effect, as the city press has done all possible to conceal the existence of the disease from the outside world. With the coming of steady cold weather it is now apparent that smallpox is here to stay.

### DECLARATION DAY.

#### OFFICIAL RETURN OF YORK ELECTION. GIBSON'S MAJORITY 824.

FREDERICTON, Jan. 2.—Sheriff Sterling made formal declaration of Mr. Gibson's election at the court house at noon to-day. The official returns gave Gibson 2,800 votes and McLeod 1,976, a majority for Gibson of 824. In the general election Gibson's vote was 2,937 and McLeod's 2,861. The total vote polled on Saturday, excluding rejected ballots, was 4,776, as compared with 5,798 in 1900.

There was a good attendance at the declaration proceedings, and both candidates were well received. Mr. Gibson, who has been confined to his house since election day with a heavy cold, spoke only a few minutes. He said his election this time by a majority of 824 was the greatest victory that has ever been won by any man in York county. It branded, he said, all those things that had been said against him as lies. He said the canvasses which had been made against him by Dr. McLeod and his supporters were the lowest, meanest canvasses ever heard, but the county of York had said by its vote on Saturday that they were all lies. He promised to do his utmost for York county, and thanked from the bottom of his heart all those who voted for him.

Dr. McLeod said he had not spoken one unkind word of Mr. Gibson personally during the whole campaign, and so far as he knew none of those speaking in his behalf had done so. He referred to a Fredericton despatch printed in La Patrie and Le Soleil respecting the raising of the race cry, and characterized it as absolutely false. He had not in the whole course of the campaign, he said, even referred to the fact of Sir Wilfrid Laurier being a Frenchman or a Catholic, neither had any speaker in his behalf done so in his presence or to his knowledge, nor had he spoken himself or heard spoken by any one else in his behalf one disrespectful word of the French or Catholic people. He had studiously avoided the race and religious cry, but he declared that it was used both ways by his opponents. Dr. McLeod referred with pride to the two thousand stalwarts who had spurned all selfish considerations and stood manfully by him in his campaign for clean election.

In conclusion, Dr. McLeod significantly said: "Gentlemen, I kept my promise with respect to the last election. I made a similar promise in this election, and I will keep that also."
