## THE CALGARY SALE A GREAT SUCCESS.

The gathering of stockmen at Calgary from the 14th to the 17th of May for the Live Stock Convention, Show and Sale, was the largest and most representative ever known in the West. Calgary is the centre of the great ranching country and it was not surprising that hundreds of able and prosperous ranchers, representing literally "the cattle on a thousand hills," should assemble at the meetings which had for their object the fostering of interests in which every farmer and rancher of the plains of Alberta is concerned. It is recognized in the West, as well as in the East that those who engage in any branch of Agriculture or in pastoral pursuits are entitled to rank high in the community, their occupations calling for as much skill and intelligence as any of what are termed the higher professions. The stockmen of the Territories came together to interchange views and experiences with regard to the care, breeding and improvement of stock, to receive instruction from men who have made a life study of such matters, and to enjoy social intercourse one with another. That the addresses at the meetings were well worthy of attention will be readily recognized when it is mentioned that among the speakers were C. W. Peterson, Deputy Minister of Agriculture for the Territories; J. R. Anderson, Deputy Minister of Agriculture for British Columbia; J. A. Turner, W. R. Stewart, R. B. Bennett, M. P. P.; A. E. Cross ex M. P. P., and P. J. Nolan, besides a strong delegation from the East consisting of Profs. Day, Creelman and Grisdale and Messrs. Robert Miller and F. W. Hodson.

There was only a moderate number of entries for the Stallion Show, but everything shown was of excellent quality, and spoke volumes for Alberta as a horse raising country. Clydesdals, Shires, Hackneys, Standard Breeds and French Coaches were the breeds represented and all classes were judged by Mr. Robert Miller of Stouffville, Ont.

The show of cattle was very large, and the quality averaged high, although a number of the females were old, and some not in calf which detracted considerably from their value in the sale ring. The large majority of the animals exposed for sale were Shorthorns, with a few Herefords, Aberdeen Angus and Ayrshires, all of which were judged very satisfactorily by Prof. C. E. Day. The sale passed off exceedingly well, and the prices realized were considered very good, taking into consideration the fact that some of the animals were as young as one month and others as old as twelve years. Two hundred and twenty head were disposed of at an average price of \$95.80, making the total receipts of the sale \$21,077.00. The top price of the sale was \$290.00, while six excellent yearling Shorthorns contributed by one breeder averaged \$174.00 each. The following is a summary of the results of the sale:

Breed, Aberdeen Angus, No. 10, Cows, Average \$68.50; No. 2, Bulls, Average \$72.50; Receipts \$830.00.  
Breed, Ayrshires, No. 1, Cows, Average \$40.00; No. 2, Bulls, \$57.00; Receipts \$154.00.  
Breed, Herefords, No. 14, Average \$92.2; Receipts \$1,280.00  
Breed, Shorthorns, No. 41, Cows, Average \$78.43; No. 150, Bulls, Average \$103.92; Receipts \$12,813.00.  
Total number of head, 220.  
Average sale price, \$95.80.

## A. & R. LOGGIE

ss. "Lycia" from Avonmouth on the 29th April, 30 Shropshire sheep bred by Mr. A. E. Mansell and purchased by Mr. Robert Miller. These sheep consisted of 14 rams and 16 ewes, which with the exception of one ram were all too young to include in the famous Harrington Dispersion sale, so were kept by Mr. Mansell until his final farm sale at Bishton Hall next March.

Mr. Miller is to be congratulated on obtaining these sheep which are the last of Mr. Mansell's breeding which Canada will obtain, and is therefore to be hoped that they will all arrive safely at their destination.

On Tuesday April 29th four shorthorn bulls purchased by Mr. J. Lawrence of Manitoba during his recent visit to England were shipped by ss. "Lycia" to Quebec by Messrs. Alfred Mansell & Co., Live stock exporters, Shrewsbury. These bulls are really fine animals, two being bred by Mr. W. J. Hosken, and two by Mr. Roskruge and should they reach Manitoba safely should prove of great service in Mr. Lawrence's herd.

### O'GRADY-HALY'S VALEDICTORY.

OTTAWA, June 14.—Major General O'Grady-Haley held a levee on Wednesday at which nearly all the officers of the Ottawa brigade were present to say good-by. The major general's term of office does not expire until the 19th of July, so that until that time he is "on leave," with permission to travel abroad. The general's valedictory to the forces was issued in a special militia order this afternoon. In it he refers to the participation by Canada in the war in South Africa and says that in war and in peace Canadian soldiers have proved themselves worthy to share the best traditions of the British army. He will always take a most lively interest in the future well being of the Canadian militia, and wishes one and all good luck and all prosperity and happiness.

### BEY OF TUNIS DEAD.

The deceased bey is succeeded by his son Mohamed, who was born in 1885. The reigning family of Tunis occupied the throne since 1691.

### THE AGE OF BRAIN WORK.

"In these days, half our diseases come from the neglect of the body in the overwork of the brain. In this railway age the wear and tear of labor and intellect go on without pause or self pity. We live longer than our forefathers but we suffer more. They fatigued only the muscles, we exhaust the finer strength of the nerves." Dr. Chase's Nerve Food is the greatest medicine of this age because it is best suited to the needs of the present day. It restores and revitalizes wasted nerve cells and makes the pale, weak and exhausted strong and healthy and vigorous.

### BENEFIT OF PEACE TERMS TILL JULY 11.

LONDON, June 14.—The correspondent of the Times at Bloemfontein says that the surrenders in the Orange River Colony are proceeding satisfactorily. One of the first signs of the new era is the removal of the barbed-wire fences between blockhouses, which is going on everywhere. These rolls of wire will doubtless be given at a valuation to the Boers to repair their farm fences.

This correspondent of the Times hopes that the blockhouses, especially the stone ones, will not be destroyed, as they are quite a feature of the landscape, like the Peel towers of Scotland and the Martello towers on the south coast of England, and are historical monuments worth preserving.

MIDDLEBURG, Cape Colony, June 14.—A heavy snow fell here for the first time in 16 years. The railroads are blocked and many telegraph lines are down.

CAPE TOWN, June 14.—An extraordinary issue of the official gazette, fixes July 10th as the limit in which Boers or rebels who surrender will receive the benefit of the peace terms. All rebels surrendering before that date will be merely disfranchised for life and will not be subject to trial or punishment. Exception is made in the case of field cornets and justices of the peace, who may be tried and fined or imprisoned, but they will not be executed. Rebels who hold out after the 10th will be subject to the extreme penalty for high treason.

Children are often attacked suddenly by painful and dangerous Colic, Cramps, Diarrhoea, Dysentery, Cholera Morbus, Cholera Infantum, etc. Dr. Fowler's Extract of Wild Strawberry is a prompt and sure cure which should always be kept in the house.

### 10,000 HEBES TO TEA WITH QUEEN.

LONDON, June 16.—The Bishop of London, the Right Rev. Arthur F. Ingram, D. D., has announced that Queen Alexandra will provide a "Tea" for 10,000 female domestic servants, in celebration of the coronation. Dr. Ingram adds that it seemed to her that without some such special arrangement the maid-servant would be a class of people who would be quite left out of the celebrations. Each servant will also be presented with a medal bearing on it the heads of King Edward and Queen Alexandra.

### THE HACKING COUGH.

One of the meanest things to get rid of is a hacking cough. There is apparently no cause for it. No soreness, no irritation at first; but the involuntary effort of the muscles of the throat to get rid of something is almost constant. Of course, with many coughs is a habit, but it is a bad habit, and should be stopped. When you realize this and try to stop it, you find you can't, for by that time there is an actual irritation, which will never get better without treatment.

It is a curious thing that nearly all treatment for cough actually makes the cough worse. Then, too, most medicines for cough have a bad effect in the stomach. This is especially true of so called cough remedies that contain a narcotic. The true treatment for cough is one that heals the irritated surfaces. This is what Adamson's Botanic Cough Balsam does. It protects the throat also while the healing process is going on. When this remedy was first compounded our old men were young boys, and all this time it has been doing a steady work of healing throats. The most obstinate hacking cough will quickly show the effect of the Balsam. People who have been trying for years to break up the mean little cough, will find a sure friend in this old time soothing compound made from the barks and gums of trees. All druggists sell Adamson's Botanic Balsam. 25 cents.

### THE COAL STRIKE.

THE TIE-UP IN WEST VIRGINIA IS NEARLY COMPLETE.

WILKESBARRE, Pa., June 13.—For the first time this week there was no strike demonstration at the Lehigh Valley Company's colliery at Durea to-day. The efforts of the miners' leaders to have their men keep the peace were successful. The attempt to shoot a division superintendent of the Lehigh Valley Co. caused the company to get extra coal and iron police about the colliery in conspicuous places to-day. It is the company's intention to take no more chances of having its employees injured.

Last night an attempt was made to start the pumps in the collieries of the Susquehanna Coal Company at Nanticoke, but the engineers quit work almost in a body. There is a very large number of armed coal and iron police in that vicinity.

President Mitchell said to-day that the strike was complete. He repeated his assertion, that the suspension in West Virginia is nearly complete.

## CASTORIA.

### A "TRAMP" OWNER'S PLEA.

London, June 12.—George Benwick (Conservative member of parliament for Newcastle-on-Tyne and a ship owner), testifying to-day before the Parliamentary subsidies committee, in behalf of the owners of "tramp" steamships, objected to the government subsidizing the great liners instead of subsidizing the cargoes. He said the competition which he most feared was the American. The transfer of British ships to foreigners was absurdly simple. All the ships in the American combine could be transferred to the United States within a quarter of an hour and at the cost of a few stamps.

An Ottawa despatch says that Justice Tachereau will succeed Chief Justice Strong.

King Edward and Queen Alexandra were engaged Thursday in what was practically a rehearsal of the coronation ceremonies.

### FRIENDLY ADVICE

TO WEAK, UNWELL AND SOBERLY Tired Women.

Given in the Story of One Who Had Suffered and Has Found Renewed Health and Strength.

From the Sun, Orangeville, Ont.

It is a good many years since the good wrought by Dr. Williams' Pink Pills was first recorded in the columns of the Sun, but during that period the sterling merit of the medicine has increased its reputation and every day adds to the number of those who have found health through the use of these famous pills. Many in this town have freely spoken of the benefit they have derived from the use of Dr. Williams' Pink Pills, and to these another is added in the person of Miss Victoria Widows. To a reporter of the Sun who had heard of her cure, Miss Widows said: "Several years ago I became very much run down; I felt tired all the time, my blood was watery and I was in what the physicians called an anaemic condition. I was always weary and worn out, not able to do anything and yet not sick enough to be in bed. My heart bothered me with its constant palpitation, brought about by my extreme weakness. My appetite failed me and I was gradually growing worse. I had heard and read of Dr. Williams' Pink Pills and decided to give them a trial. After using them a short time a decided change was noticeable and it is no exaggeration to say that I felt like an entirely different person. My appetite returned and with it good blood and strong nerves. I can conscientiously say for Dr. Williams' Pink Pills that they did me more good than I can tell. To all weak, nervous, easily tired, run down women, I say by all means give Dr. Williams' Pink Pills a trial and you will be delighted with the result."

It is because these pills make rich, red blood that they cure such troubles as anaemia, shortness of breath, headache, palpitation of the heart, rheumatism, erysipelas, St. Vitus' dance, and the functional ailments that make the lives of so many women a source of constant misery. The genuine pills always bear the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper on every box. Sold by all dealers or sent by mail at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co. Brockville, Ont.

Sir Wilfrid Laurier, replying to the Board of Trade delegates who presented him on Wednesday with the resolutions adopted at the Toronto conference, said he was more interested in questions of trade than questions of war. He anticipated that the discussion in London at the conference would be very important. He read the resolution asking for the appointment of a royal commission to inquire into preferential trade, and said that the request was not an unreasonable one, but it would be of more value if it set forth what concessions were to be expected from Canada. He would like to know how far the Manufacturers' Association would be prepared to go in return for concessions from England. Mr. Monroe, president of the Manufacturers' Association, said that they proposed a 50 per cent. preference. Sir Wilfrid said that the British people were not prepared to impose a tariff of 50 per cent. or anything like it. However, it was some satisfaction to know where the manufacturers stood in discussing this question. In conclusion, the premier said that he would take the resolutions which had been presented to him into his very serious consideration.

La Patrie, Montreal, says: "The delegates from St. John, who on Monday visited our port in company with the harbor commissioners and Mayor Cochran, displayed exquisite courtesy for Governor Julien, of Miquelon, who was also present. Arriving at the wharf, the delegates asked what they could do to hail the distinguished visitor who was about disembarking. They were advised to shout 'Vive la France,' and they responded with all the force of their lungs. This patriotic cry from English-Canadians moved the illustrious visitor to tears. Mr. Racine started the Marseillaise, and the delegates responded to the refrain as well as they could and with great sincerity. Our congratulations to the St. John delegates."
