"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."

D. P. Jolly, Avoca, N. Y.

No matter how hard your cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take.

It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.

Three sizes: 25c., enough for an ordinary cold; 50c., just right for bronchitis, hourseness, hard colds, etc.; \$1, most economical for chronic cases and to keep on hand.

As our organist, a teacher and an organ. izer it will be hard for the Band of Hope to find a person to fill your palce. Death's Harvest.

Duncan MacEachren, who was ill at the residence of his aunt, Mrs. Mary E. Cumming, for the past eighteen months, died on the morning of Sept. first at the early age of 28 years. All that medical skill, combined with the treatment of friends, relatives and kind neighbors could do was done to alleviate his sufferings and prolong his life Deceased was a kind, and an inoffensive young man and had not an enemy in the world. He returned to Harcourt about one year and a half ago from the lumber woods of Maine, U. S., where he has two brothers (twins). Isaac and Jacob, now working, and where he, in his time proved a faithful and trustworthy employee. His demise in the prime of his life is another proof of the uncertainty surrounding all in this terrestrial sphere. He died a peaceful death, apparently free from pain, and passed away fully conscious and prepared for the great awakening. His remains were taken to the Presbyterian burial ground at Bass River and there interred alongside of his father and other relatives. Too much cannot be said of the faithful. devoted and constant attention given him by his aunt, Mrs. Mary E. Cumming.
