FOR EVERY MOTHER.

A Manitoba Mother Cives Practical Advice on the Care of Babies.

It is well known that nearly all infant troubles spring from a disordered stomach. Indigestion in a child will cause at first pervisioness and skeeplessness, but other nore serious troubles will follow fast, such as colic or cramps, constipation in some cases, diarrhora in others, with fatal results in many cases. The mother who neglects having constantly at hand the means for treating these ills takes an awfvi risk. Mrs R L. McMillan, Logoch, Man., is one mother who is particularly well fitted to give advice on the care of babies. Her standard medicine for the minor ailments of her little ones is Baby's Own Tablets, and soe says :-- "They are the best medicine I have ever used for infant ailments. I have given them to my baby for indigestion and stomach troubles and they are prompt and thorough in making a cure. No mother should be a single day without the Tablets in the house."

Baby's Own Tablets are for children of all ages, and will cure such troubles a constipation, colic, sour stomach, diarrhoes and simple fevers They are in valuable for terthing children and will break up colds and prevent croup. Guar anteed to contain no opiate or other harmful drug. Dissolved in water they can be given with perfect safety to a new born babe. Sold by all dealers in medi cine or sent post paid at 25 cents a box by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Dogs and Humor.

Mr. Cecil Aldin, an authority, gives it as his opinion that dogs as a rule are devoid of conscious humor. "The clown dog in a troupe of performing dogs, for instance, is not really funny when he burlesques the performances of other dogs, but he seems to be funny to the spectators. I am afraid that the people who credit dogs with being Intentionally funny are deceiving themselves. A dog likes fun-a good romp

An Awful Disaypointment. "The most disappointed man I ever

saw," said a Baltimore Snancier, "was poor wretch who was about to be hanged in one of the northeastean counties of Maryland. I happened to be there about the time and accepted an invitation to witness the execution. "This fellow's lawyers had been working hard to save his neck, and there seemed to be some possibility that he might be reprieved. The time set for the execution arrived, however. and the sheriff made plaus to carry out the execution. The march to the scaffold had begun, and the prisoner was about to mount the steps when a messenger arrived, vaving a telegram in his hand.

"The procession was at once stopped, and the sheriff took the telegram, but saw that it was addressed to the condemned man. He handed it to the fellow, who, trembling with hope, tore open the enveloped. He cast his eager glance at the m ssage, paled and let it drop from his hand. The sheriff picked up the paper. read it, and the march to the scaffold was resumed. In a few minutes the man who had hoped for a reprieve was in eternity.

"The message was from some minister who had become interested in his case. It told him to trust in the Lord and he would be saved."

An Evening Call.

"I called on Perkins last evening," remarked Mr. Brown.

"Did you have a pleasant time?" inquired Mrs. Brown.

"Very. Perkins was beating his wife when I went in." "What?"

"I say Perkins was beating his wife, but of course he stopped when I came in."

"Well, I should hope so." "I begged him to go on, but he said

some other time would do just as well." "You begged him to go on?"

"Why. yes. 1 didn't want to spoil the fug, you know."

"Oh. you brute! Do you mean to say that you could have looked calmly on while he beat his wife?" "Certainly. Why not?"

"I thought you had at least a spark

A Unique Bequest.

Among the experiences that helped a now prominent attorney to emerge from the condition of a briefless barrister he tells the following: One day . miserly old fellow came to him and asked that the young attorney draw up a will.

"How mt:) cash have you?" was the first interrogation.

"Waal, I dunno," responded the client; "somewheres nigh on to \$30,000, I reckon."

"How do you wish it divided?" "I want my old woman to have \$15,-000, and you can say that I give and bequeath \$5,000 to each of my three children," said the old man, unloading himself of the legal phrase with much gravity and deliberation.

"What else do you wish to say?" "Say that to each of my several nieces and nephews I also give the sum of \$5.000."

wertising for more help. The large export trade to the North-west Territories, British Columbia, and the British Colonies, furnishes an un-limited demand for our goods, and, with the combined co-operation of the many families we are employing, together with the large amount of knitting we are able to turn out, by which we save rents, insurance, interest on capital, etc. enables us to undersell any manufacturers of this class of goods, and we have sale for all the knitting we can have turned out.

The price we pay for finished bicycle stockings is \$10.00 per hundred, or at the rate of 10c per pair; woodmen's socks, 5c, and motormen's mittens, 12c a pair. All other work in proportion to size.

The machine can be operated by any one of a family, and at our prices any energetic family should be able to sustain themselves comfortably, and in time be a source of

independent comfort. Our plan is to send out each machine to beginners with a sock or stocking partially knitted, and remaining in the machine ready to be continued, and also enough yarn to and complete Instruction Guide, showing how the work is to be done. When the samples have been finished and returned to us satisfactory, we send a quantity of yarn, which you knit and return likewise when finished. We prepay charges on all work one way, and our workers pay return charges. The work, as we have stated, is simple and rapidly done, the machine having a capacity of ten thousand stitches a minute. We have many persons now in our employ who can kni: from twenty-five to thirty pairs of socks or stockings a day, and where the time of a family is devoted to the work, you can readily see that \$15.00 or \$20.00 per week can be easily earned. We furnish our workers all the materials, yarn, etc., free, and everything that is necessary for the work. are furnishing the machines only for the exclusive use of those desiring to take employment with us, who must, order to become a member, send us this Contract Order Form, properly signed by them, and at least one good reference, and remittance accordingly, to give us the necessary assurance that the quantities of valuable yarn we may send from time to time will not be wasted or misappropriated. Our interests are mutual, and this confidence must be es-tablished if we are to succeed. We guarantee fair dealing and prompt payment for work, so do not ask us to deviate from our terms, as we cannot make a distinction with one and not another; besides, we are doing an extensive busi-
