SOMETHING ABOUT FAITH CURES.

What a great variety of faith cures there must be, some have faith in so-called divine healers, others in certain doctors and still others in the medicines they use. Every person who has tested Dr. Chase's Kidney-Liver Pills has faith in them, but faith or no faith they cure just the same, for they act directly and specifically on the kidneys, liver and bowels, and make these organs healthy, active and vigorous. Judging from the enormous demand for these Pills there must be hosts of people that have faith in them.
