## DEATH AND GLORY FOR THE CANADIANS.

Particulars of the Fight Slowly Coming in.

KLERKSDORP, Transvaal Colony, April 6 .- Details just received of the battle at Doornbalt farm, March 31, in which the British had three officers and 24 men killed and sixteen officers and I31 men wounded, while the Boers had 137 men killed or wounded, show that quite 2,000 Boers opened a strong attack frem different points with three guns and a pompom. This attack was made at a moment when the British had left their luggage in a laager in charge of the Canadian contingent and were galloping across the open plain with the intention of capturing a Boer convoy which had been discovered the wounded list from the maritime profive miles ahead. The British retired steadily, and, having dismounted, opened a return fusilade on the Boers. While the baggage in charge of the Candians was sent for, the British formed a camp and started digging trenches. The shelling of the Boers stampeded the mules carrying provisions and caused confusion. But otherwise it was not very effective as many shells failed to explode. The Boer attack was very bold and determined. The Canadians in front were attacked in strong numbers and gallantly repelled every attempt made by the Boers to break through them. One party of the Canadians fought until all were killed or wounded and the last man of this party although mortally wounded, emptied two bandoliers of cartridges at the enemy and then broke his rifle. The fighting was severe and general for fully three hours but after the British had formed their camp and started the trenches, and the guns got into action, the British forces, repelled numerous and determined attacks made under the personal exhortations of the Boer leaders.

"Commandant Pretorious, who was captured the previous day in a Cape cart, was in charge of some national scouts. The scouts road into a party of Boers dressed in khaki, supposing them to be British troops. The Boers opened fire and Pretorious escaped in the confusion. One report says he was shot as he fled.' Commandant Prinsloe is also reported to have been killed in the fighting as well

as other Boer officers. The British wounded who fell into the

The other was a Quebec man, enlisting in Montreal. There are three in vinces. The remainder are largely from Manitoba, the Northwest and British Columbia. Sherritt, among the killed, was the great bicycle rider from Brantford. He was in the first contingent and passed through all the engagements, 32 in all, unscrathed. There are 30 casualties in addition'to the four officers already announced and there are still 21 to be accounted for, making 55 in all. The list received to-day is as follows: The names of those killed: Sergt. John Campbell, Perry. Corporal Alf. Sherritt, Guelph, Ont. Private W. E. Peters, Cranbrook, B. C. Private W. Towards night the fire gradually ceased and the Boers retired.

The British then telegraphed for aid and further entrenched their camp for the night to await the arrival of General Kitchener, but the Boers made no attempt to renew the attack.

BRITISH RIDE INTO BOERS IN SUPERIOR FORCE ON DARK NIGHT.

PRETORIA, April 6 .- Details received here of the rear guard action during the night of March 31, between the Second Dragoon Guards of Col. Lawley's column, and the Boers, near Boschmanskop, show that a force of 200 British while endeavoring to surprise a Boer laager on a dark night, rode straight into a force of 500 Boers. The Boers were hidden in a drift and opened fire from almost under the legs of the British horses. A fierce hand to hand struggle ensued, in which both sides freely used the butt ends of their rifles. The British regained the ridge they had just left and commenced a rear guard action. In the meantime a strong force of Boers had barred the road back to the British camp. The coming daylight enabled Col. Lawley to see that the guards were hard pressed and he despatched reinforcements, with two guns, to their assistance. The reinforcement soon com-
