**Dark Hair**

"I have used Ayer's Hair Vigor for a great many years, and although I am past eighty years of age, yet I have not a gray hair in my head."

Geo. Yellott, Towson, Md.

We mean all that rich, dark color your hair used to have. If it's gray now, no matter; for Ayer's Hair Vigor always restores color to gray hair. Sometimes it makes the hair grow very heavy and long; and it stops falling of the hair, too.

**Dominion Day Celebrations.**

The morning of Dominion Day opened up clear and pleasant, but at an early hour the sky became thickly overcast and at 8.30 a. m. a slight mist was in the air. The whole day long there was a slight mist and sometimes even rained, but the sports were carried through without a hitch except that the sailing race had to be declared off as the mackerel fleet did not get in until too late.

At 8 o'clock all the steam whistles, bells and guns of town awakened the tardy sleeper.

At nine o'clock the rowing race was pulled off. The entries were Quickstep, John Long and Léonard Hains; Gladys, Milligan and Thos. Curwin; Micmac, Stephen and Basil Joe Augustine; Winnie Mac, Thos. Long and Philip Thompson. The boats finished in the order named.

At two o'clock, the game of base-ball between Rexton and Richibucto took place on the public square. The game was keenly contested and exciting from start to finish. The umpire was forced to call time at the end of the fifth inning on account of the rain, but the game was soon resumed.

The misty weather put a damper on the children's procession, but still a large number were out.

After dark a great number of the houses around town were illuminated, Hotel LeBlanc, J. C. Vautour, F. Ferguson, W. Brown, D. Thompson and the Court House are especially to be mentioned for their beautiful candle illuminations.

**Rt. Rev. James Rogers, D. D., is Senior Bishop of Canada.**

The North Western Review says: Since the death of Bishop Grandin, the Right Rev. James Rogers, consecrated Bishop of Chatham, August 15, 1860, becomes the senior bishop in the Canadian hierarchy. Archbishop Elder of Cincinnati is the senior bishop of the United States, and the Archbishop of Guadalupe (March 17, 1852) is the senior bishop of all America. Archbishop Murphy of Hobart, Tasmania, is still older, having been 56 years a bishop, and Leo XIII. (Feb. 17, 1843), who has already completed one-third of his sixtieth year of episcopate, is probably the senior bishop of the world at the present time.

**LETTER FROM THE CAPTAIN OF OSSUNA.**

**THRILLING EXPERIENCE OF CAPTAIN AND CREW—STARVATION AND DEATH STARED THEM IN THE FACE.**

To the Editor of The Review.

DEAR SIR:—

After leaving Richibucto we soon got strong easterly winds and between Magdalen's and Cape North a strong N. E. gale so I ran her through the gut of Canso and everything went well until Sunday, 15th June. At noon of that day we were under two lower topsails to a gale from E. N. E. and a very cross contrary sea but as the pumps were sucking we did not anticipate anything serious as she had not made much water up to that time. At 3.30 p. m. after shipping some very heavy seas she turned over on her broadside and with difficulty we climbed on to her side all except the poor steward who I think, must have been struck by some of the wreckage as she turned over and the poor fellow was drowned. We managed to cut the backstay lanyards at the main when the masts broke and she righted. But, Oh! what a sight. The forward house was completely gone and the after house clean gutted and unroofed, nothing left but the two sides, boats and everything on decks gone. After she righted we made ourselves fast by ropes to prevent the seas washing us away and spent the night. The next day, Monday, it moderated a little and we found the water cask which was lashed to the inside of after house in the corner and well bunged was 1/2 full of water and we found some Richibucto biscuit (which I had transferred to a tin) floating about on the lee side among the wreckage also some matches floating about. The next day, Tuesday, the sun came out and by using a piece of glass for a lens managed to ignite one of the matches and made a fire to dry us up.

Yesterday, Wednesday, this steamer bore down on us and took us off, and the poor "Ossuna" was an awful sight, clean swept decks, stove in decks, masts gone and the water washing out of her stove in sides. However, we have been fortunate in being picked up by a most humane captain, who is doing all he can for us, and we are practically destitute. We are all now quite well, and only regret the poor steward being lost.

(Signed.) HENRY ANDREWS.

**County Court.**

The only civil case before the court was that of Thomas D. Forster vs. W. S. Loggie Company. This was an action brought to recover for services in buying and hauling smelts. The plaintiff contended that he had agreed to haul smelts at 12 cents per hundred with the understanding that if others got a larger sum he was to get the same. Defendant claimed that the bargain was 12 cts. per hundred without reference to what amount was paid others. Verdict in favor of the defendant. H. H. James for plaintiff, Wm. D. Carter for defendant. Court adjourned sine die.
