# A LIFE IN PERIL

STORY OF A GIRL SAVED BY A NEWSPAPER ARTICLE

She Suffered from Headaches, Disziness and Night Sweats-Her Friends Feared She Was Going into Consumption.

From L'Avenir, St. Jerome, Que.

Among the thousands of young girls who bless Dr. Williams' Pink Pills for safely carrying them through that most perilous period of their lives when they step from girlhood into the broader realm of womanhood, there is none more enthusiastic than Miss Gabrielle Thomas, a young lady known to most of the residents of St. Jerome, Que., and greatly esteemed by all her acquaintances. To a reporter of L'Avenir du Nord, Miss Thomas said. "From the time I was fourteen until I was eighteen years of age my health was very bad. I was very weak; had no appetite and could do no work, At night I perspired greatly and frequent. ly slept but little. I suffered from headaches, dizziness and could scarcely move about without becoming breathless, and I finally reached a stage when my friends feared I was going into consumption. was under the care of doctors, but their treatment did not help me. I then tried several advertised medicines, but with the same poor results and I had come to think I could not get better. One day I read in a newspaper the statement of a young girl whose symptoms were almost identical with my own, who was cured by the use of Dr. Williams' Pink Pills. I then decided to try this medicine and have reason to bless the day I did so. I had only used the pills a few weeks when I began to get better, and in a couple of months every symptom of my trouble had disappeared and I was as strong and healthy as any girl of my age. I have since always enjoyed the best of health and I shall be glad indeed if my experience proves helpful to some other suffering girl."

The happiness of health for both men and women lies in the timely use of Dr. Williams' Pink Pills, which act as a nerve tonic and supply new blood to enfeebled systems. They have cured many thousands of cases of anaemia, "decline," consumption, pains in the back, neuralgia depression of spirits, heart palpitation, indigestion, rheumatism, sciatica, St. Vitus' dance and partial paralysis. But substitates should be avoided if you value your health; see that the full name "Dr. Williams' Pink Pills for Pale People" is on every box. Sold by all dealers or sent post paid at 50 cents a box or six boxes for \$2.50 by addressing The Dr. Williams' Medicine Co., Brockville, Ont.

#### TUG BOAT DISASTER.

NEW YORK, JULY 5-A despatch from the Highlands of Navesink says that when the tug Hercules was off Scotland Lightship this morning, bound in, she had signals "A Y" flying, meaning that her boiler had burst, with fatalities.

### "Amber, Test It."

Mr. C. G. Scarth, paying teller of the Bank of Montreal, Cornwall, Out, was on Friday night presented with a gold watch by the citizens of Cornwall on his departure to St. John, N. B., to take 'a position in the same bank there.

# Children Cry for CASTORIA.

There is a good movement of grain this season on the Canada Atlantic Railway, but it is hardly up to last year's standard.

# Bleeding Piles

In Nov., 1901, Mr. Sherwood Walker, & fireman on the Canada Atlantic Railway. living at Madawaska, Ont., wrote:-"I am a great sufferer from bleeding piles. imes the protruding piles come down, causing much misery and nneasiness, and at other times I am subject to bleeding piles, and they bleed to such an extent as to make me quite weak. If Dr. Chase's Ointment will cure this awful ailment you will have my everlasting gratitude.

On March 1, 1902, he wrote: - "According to my promise, I now take pleasure in writing to you. If you remember, you sent me a box of Dr. Chase's Ointment for bleeding piles some three months ago. I used it faithfully, and can say that it proved a Godsend, for it has entirely cured

me of bleeding piles. "I would have written somer but I wanted to be able to tell you that it was a permanent cure. This you can use for the benefit of other suffering people. There are several people here who have been cured of very severe cases of protruding piles by using this great ointment." 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

ting to the pit.

The hardest wood in the world is not ebony, but cocus, which is much used for making flutes and other similar instruments.

Babylon.

The river Euphrates flowed through the city of Babylon, and on each side of its banks the walls of the city were carried up to a height as great as at any other point, so that even during a siege the city was as formidably defended on the river as on the land side.

The Thumb Seal.

In olden times it was the pressure of the thumb upon the wax of a document's seal that made the deed a valid and binding instrument, and in verbal contracts the thumb ratified the bar-

Coal Was Known 300 B. C. The first record we have of coal is about 300 years before the Christian era. Coal was used as fuel in England as early as 852, and in 1264 the first charter to dig for it was granted by Henry III. to the inhabitants of Newcastle-on-Tyne.

Church Bells. The city of Nola, in Campania, was the first where church bells were used. This was about the year 400 A. D.

What Cheese Lacks.

Starch and sugar are two elements lacking in cheese which must be supplied by vegetables or such foods as give the required amount of these elements to make up the requisite bulk of general nourishment.

A New Zealand Geyser.

In Rotomahona, New Zealand, there is an immense geyser which covers an area of an acre in extent and constantly throws columns of water to vast heights, some of them ascending 800 feet, with clouds of steam which go much higher.

The Steam Engine. The original idea of the steam engine is commonly said to have been suggested by the Marquis of Worcester in his "Century of Inventions," 1663.

The Puma Winds.

The puma winds of the table lands of Peru, South America, are dry and parching, nothing similar being known outside of Africa or Persia. When they prevail, it is necessary to constantly wear a mask to protect the

Eggshells. Mousekeepers must remember that good eggs always have dull looking shells.

Smyrna.

Smyrna is the smartest looking town in Turkey so far as trade is concerned. It does a bigger business than Constantinople. It is the headquarters of the wool and of the rug and carpet trade,

A Powerful Explosive, The most wonderful and the most powerful explosive known is said to be chloride of nitrogen. It is believed to be the only substance that will explade on coming in contact with a bright beam of light whether the hearn be from an electric light or the sun.

A Naval Prejudio against giving a be man's name to a war vessel of ap's type. It is believed to be unlucky

The Giant Ferregus. The giant Ferregus, slain by Orlando, the nephew of Charlemagne, was twenty-eight feet high and so heavy that no horse could be found that was etrong enough to bear him.

Horsefesh. Russian physicians assert that horsesesh is more nutritious than beef.

To Clean Brass. When cleaning brass, better results

are obtained if the discolored articles are treated to an application of a salt and vinegar solution before the usual brass polish is used.

British Fisheries.

Fish to the value of £10,000,000 is landed in the United Kingdom annually. This unsown harvest of the sea is gathered by some 74,000 fishermen.

Pungent Cresses. Pungent cresses are of two varieties. The water cress grows freely in wet places and is one of our most common and popular salad greens. It belongs to the mustard family. The cultivated cress is larger and more tender than the wild. The garden variety is known as pepper grass.

The Butternut Tree.

The butternut is a tree that likes best a rocky, uneven soil and in whose shade neither shrub nor herb will thrive. The bark is used as a dyestuff for woolens.

Voices Reversed.

Among birds that have the power of imitation the parrot is the best, but as a matter of fact its voice is decidedly inferior to that of the mynah, a species of starling. Curiously enough, the male bird speaks in a high, clear tone, like that of a child, while the female has a gruff voice.

Swiss Exports.

Switzerland is, population considered, the greatest exporting country in the world, not even England being excepted, and its exports are almost exclusively manufactured articles.

ALL CASES OF

#### HEARING HARD OR **DEAFNESS** ARE NOW CURABLE by our new invention. Only those born deaf are incurable.

#### HEAD NOISES CEASE IMMEDIATELY F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen : - Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to sing, and this kept on getting worse, until I lost

About five years ago my right ear began to sing, and this kept on general my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours.

SHE DROPPED IT.

The Story of a Visitor, a Parrot and a Costly Vase.

A story is told wherein figure two well known Columbus ladies and a parrot. Mrs. A. paid a special call at the home of Mrs. B. the other day and was ushered into the living room by the maid of all work to await the appearance of Mrs. B.

Mrs. B. had come into possession of a parrot only a short time before and had been keeping the bird in the living room. Polly has a very good command of English and appears to know when to use it. Mrs. A. sat down with her back to the bird without noticing it. and as Polly made no sound she remained in ignorance of its presence.

Observing a beautiful vase on the mantel, Mrs. A. arose from her seat and crossing the floor, took down the dainty piece of bric-a-brac to examine it. She gazed on it rapturously, completely absorbed by its elegant decorations, when suddenly from just behind her came the shrill and stern com mand:

"Drop it! Drop it!" Mrs. A. obeyed and turned, with a scream, to face the imperturbable gaze of Polly, who sat in her cage with her green head slyly perked to one side. On the floor lay the beautiful vase smashed to bits. At this most embarrassing moment Mrs. B. entered the room, Before Mrs. A. could explain the situation Polly shook out her feathers and re-
