PROTECTION AGAINST ADULTERATED WOOLLENS DEMANDED.

BY ALFRED MANSELL, SHREWSBURY, ENGLAND.

Mr. F. P. Bennett, of the Shepherd's Bulletin, Boston, Mass., under date April 26th, 1902, writes:—"The Pacific North West Wool Growers Association at its meeting in 1901, passed strong resolutions against the use of adulterants in woolen goods, and again this year passed resolutions against the use of shoddy." Continuing, he adds,—"It is generally conceded that the wool growing industry is suffering serious injury from adulterant practices in the manufacture and sale of woolen goods inasmuch as such goods contain 60 per cent., and even more of shoddy, or other substitutes for wool." Peruvian cotton worth 14 1/2c. is used very largely with wool worth 40c. per pound scoured, which makes the price of the combination if mixed in equal shares 27 1/2c., being a reduction in the price of about 15 1/2c. The manner of using these adulterants has been so thoroughly manipulated that the quality of the goods until exposed to the sun or weather, is almost identical with that of goods made of pure wool; the manufacturers making wool substitutes have increased very largely within the last three years. We have seen samples of woolen goods 90 per cent. substitute or cotton; other samples 50 per cent. cotton, 30 per cent. shoddy, and 20 per cent. wool and the same, as far as mere appearance is concerned, showed up very well.

Mr. James McNaughton, of New York City, who has had an extensive experience in connection with wool and its uses, in a recent communication to the United States Department of Agriculture, says:—"We all know that the adulteration of wool is very extensively and successfully carried on, and while none of us approve of the misrepresentation as to what the goods are, yet the fact remains that it is better for some people to have an article with 50 per cent. or 30 per cent. or even 15 per cent. of wool, than not to be able to afford an article with any wool." In an editorial reference to the Shepherd's Bulletin of July, 1900, the writer calls attention to the fact that notwithstanding the actual and estimated falling off in the output of Australian, South African and South American wool, amounting in the aggregate to 175,000 bales of wool, there was a tremendous decline in prices in the London market, with no certainty that the end was in sight. The writer adds:—"Undoubtedly a given amount of wool goes farther to-day than ever before, by reason of the growing use of substitutes particularly bottom. If some persons have discovered that the statistical proportion of wool is exceptionally strong, the fact can be largely offset by the mere assumption that the use of wool has been tremendously displaced in the last few years by cotton. We do not mean that cotton has been used in wool fabrics in small amounts; we mean that woollen fabrics are in innumerable instances now composed for the larger part of cotton, if our readers will pardon the apparent contradiction of terms."

I think I have put sufficient information before you to prove that the adulteration of woollen goods, or shall I say the manufacture of spurious goods sold as woollen goods, is a large and growing practice and that it behoves everyone in the future of sheep husbandry and the clothing of the masses of the people with honest woollen garments, to take up the question thoroughly and endeavor to for-

A. & R. LOGGIE

mulate and carry a legislative enactment which shall place the business on an honest basis, and ensure that goods containing admixtures of shoddy, mungo, cotton, or other foreign material shall be sold as such.

They Take Weeks.

Ordinary remedies sometimes take weeks to even relieve cases that Catarrh-zone cures at once. INHALE CATARRHOZE five minutes now and again and it cures a cold. INHALE CATARRHOZE five minutes four times a day and it cures stubborn coughs. INHALE CATARRHOZE five times every hour and we guarantee it will cure any case of Catarrh, Bronchitis, Asthma, Lung or Throat Trouble, Deafness. It is very pleasant and convenient to use, quick to relieve, and certain as the hereafter to cure. Large size, complete, \$1 00; small size, 25c. Druggists or N. C. Polson & Co., Kingston, Ont.

DR. HAMILTON'S PILLS CURE HEAD-ACHE.

BISHOP ROGERS.

His Lordships Retirement.

Bishop Barry Has Succeeded Him.

(Chatham Advance.)

It has been known to the local public for several days that the venerated Bishop Rogers finally transferred to his successor Rt. Rev. Bishop Thomas F. Barry full control of the administration of the diocese of Chatham on the 8th instant, announcement of the fact being made in the pro-cathedral here on Sunday, 9th. The announcement, written by His Lordship Bishop Rogers, set forth that a letter from the late most eminent Michael Ledochowski, Cardinal Prefect of the Propaganda, only a few days before his lamented death, had been forwarded to him (Bishop Rogers) by His Excellency the Most Reverend Diomedede Falconio, Apostolic Delegate to Canada, conveying to him the information that at an audience with the Holy Father, Pope Leo XIII., on the 14th July, His Holiness was pleased to accept his resignation and relieve him of the obligation of administration of the diocese, as he had humbly and earnestly petitioned, on account of his failing health and consequent inability to perform the duty satisfactorily; and hence that his Coadjutor, who was appointed with the right of succession had now entered into that right and was the Ordinary Bishop of Chatham.

The announcement also contained reference to the death of the lamented Prefect Cardinal Ledochowski and Masses connected therewith, including a Solemn Mass of Requiem which had been chanted by Bishop Rogers, attended by the community of nuns of the Hotel Dieu of St. Joseph in their chapel on Saturday morning, 9th inst.

His Lordship Bishop Rogers had already communicated by telegraph on

Saturday, 9th, with Bishop Barry, who was on a confirmation tour in Madawaska, informing him of the correspondence and that he was now Bishop of Chatham, wishing him every grace and success, etc.

His Lordship Bishop Barry has since been at the episcopal residence here, accompanied by his secretary, Rev. Father O'Leary, but is now continuing his confirmation tour, being in lower Gloucester part of last week and early this week also.

Bishop Rogers was consecrated at St. Dunstan's cathedral, Charlottetown, by Archbishop Connolly on 15th August, 1860; the late Bishop McIntyre of the diocese of Charlottetown, was consecrated at the same time. The facilities for passenger traffic between Prince Edward Island and the mainland were not then what they are now, for Bishop Rogers came from the Island to Chatham on a schooner, accompanied by Archbishop Connolly and the late Bishop Sweeney, of St. John, arriving here on 21st August, 1860, and it was on the following day, August 22nd, that he was duly installed as administrator of the diocese. Friday last, therefore, was the forty-second anniversary of the venerable and venerated prelate's installation.

We have had frequent occasion to refer to the happy results which have accompanied and followed Bishop Rogers' long administration of his sacred and important office and also to the high place he has ever held as a citizen of the country and empire. While he is beloved as their chief pastor by Roman Catholics of the diocese, he is no less honored warmly as a man—as a citizen and neighbor whose words, example and intercourse have endeared him to all classes. While he would never compromise in any matter of principle, he has manifested the broad charity and kindly heart which drew all men to him and won for him loyal friends everywhere. His benign influence has done more than many realize in promoting good will and mutual regard and confidence between and for each other in our mixed communities, and the idea has often been expressed, that, in this regard alone, Bishop Rogers' long tenure of the diocese has been a blessing to all the people within it, regardless of either creed or nationality.

His Lordship has now comfortably appointed rooms in the convent building, and his health is, we are glad to know, good for one of his years. That the evening of his life may be a long and happy one is the universal wish.

The Cause of Dyspeptic Pains.

Improperly digested food usually forms gases that cause a painful distention of the stomach and pressure against the heart. This results in much pain and distress, but Nerviline will relieve the distention, dispel the gas, and cure the dyspeptic pains very quickly. Polson's Nerviline is really an excellent remedy for Dyspepsia, Indigestion, Cramps, Summer Complaint and all Stomach and Bowel Troubles. No household is complete without Nerviline. Try a 25c. bottle.

20 YEARS OF ITCHING PILES

Mr. Alex. McLaughlin, Bowmanville, Ont., writes that for twenty years he suffered terribly from itching piles. Seven years ago he asked a druggist for the best cure for piles and was told to use Dr. Chase's Ointment. He continued this treatment until entirely cured, and as he has never had any return of his old trouble considers his cure permanent and remarkable on account of the length of time he suffered.

SALE OF INVENTIONS.

The patent No. 645,053 issued to Asbestos Mfg. Co., for Abestobith, has been assigned to F. Dannbacher and Chas. W. Kane, for \$3,000. Assignment recorded Dec. 19th, 1901.

H. F. Farwell assigned for \$40,000 his entire right to inventions of Guy Anchors and Telephones, executed applications bearing dates July 26 and Aug. 22, 1901, respectively, to Conair, Home Mfg. Co., of Chicago, Ill., on Dec. 30, 1901.

The entire right in certain named states in and to patent No. 649,252 for Carburetor, has been assigned by A. F. Morey to the M. & M. Oxigen Lighting Co. of Kansas City, Mo., for \$50,000, assignment bearing date of Dec. 16, 1901.

Communication of Messrs. Marion & Marion, Patent Attorneys, Montreal, Canada, and Washington, D. C.

Write for a copy of The Inventor's Help."

There is no form of kidney trouble from a backache down to Bright's disease, that DOAN'S KIDNEY PILLS will not relieve or cure.

If you are troubled with any kind of kidney complaint, use Doan's Kidney Pills.

EARTHQUAKES IN PHILIPPINES—DAMAGE DONE.

FIFTY OR SIXTY NATIVES KILLED, BUT NO AMERICANS PERISHED.

WASHINGTON, D. C., Aug. 29.—A cablegram received at the War Department from General Chaffee reports a series of earthquakes in the Lake Lanao country, in the Moro section of Mindanao, near Camp Vicars, the present headquarters of the American forces there. The rivers and mountains were considerably disturbed, and fifty or sixty natives were killed, but no Americans perished. The military situation in that section remains unchanged.

BURDOCK BLOOD BITTERS is a purely vegetable combination, that in a safe and natural manner acts directly upon the BOWELS, LIVER, KIDNEYS and BLOOD, cleansing the entire system of all impurities, foul humors and obstructions that poison the blood and create disease.

EGYPT IS TO HAVE A COTTON BELT.

FIFTEEN MILLION ACRES OF IRRIGATED LAND AVAILABLE ON THE BANKS OF THE NILE.

LONDON, Aug. 29.—The British Cotton Growing Association, which, with the hearty co-operation of the Colonial Secretary, Mr. Joseph Chamberlain, is trying to render the British Empire independent of the United States so far as raw cotton is concerned, is now paying special attention to Upper Egypt, where, it is asserted, the association can develop a cotton belt dwarfing that of the Southern States of America.

Major Count Greichen, secretary of the Sirdar of the Egyptian forces, Major-General Wingate, addressing the association at Manchester recently, said the experiments now concluded on the banks of the Nile show the quality of the cotton grown there to be the equal of any in the world.

There are available fifteen million acres of irrigated land, and the only difficulty is the labor supply, the dervishes having depopulated the Soudan, but the completion of the Suakim-Berber railway is expected to solve the problem, besides furnishing an outlet for the crop.

Winnipeg threatened with a water famine.

Building permits issued this year in Winnipeg aggregate \$2,500,000, being one thousand new contracts.

The British Columbia Fruit-Grower Association is sending five tons of fruit to the Winnipeg Horticultural Show.

James Donnelly, a farmer at Seeleys' Bay, Athens Ont., died on Monday, as the result of being badly gored on his own arm last Friday.

Jane Shaw, a nurse girl in the family of Henry Carscallen, M. P. P., was drowned near the Royal Muskoka Hotel on Tuesday. The girl's parents live at Hamilton.

Mr. Parmenter and his mother of Toronto were enveloped in flames by the explosion of a naphtha stove at a summer residence near Gananoque. Mr. Parmenter seized his mother and jumped in the river saving their lives.

Detective Robillard of the Ottawa police force has arrested Jean Baptiste Giroux of Lefebvre, Ontario, on the charge of stealing logs and timber. Joseph Belanger, a small mill owner of the same place was arrested and bailed out. The alleged thefts are very extensive.

A young man named Rousseau, working in a Quebec factory, was whirled to death by being caught in a belt.

Sir Thomas Shaughnessy denies that the Canadian Pacific Railway has had anything to do with the rumored purchase of the Wisconsin Central.

The Canadian Railway Conductors' Association at Montreal, passed a resolution declaring against the handling of coal mined by nonunion miners.

Germany's total income for 1901 decreased 27,000,000 marks, while the expenditures increased 21,000,000 marks.

A St. Thomas, Ont., lad, who twenty years ago stole a pig from a neighbor, returned a few days ago to St. Thomas, acknowledged his theft, and paid the son of the man from whom he stole it.

The Mount Royal Club took fire in Montreal, and water did thousands of dollars damage.

The annual report of the Labor Department of the Board of Trade shows a decline in the wages bill of the United Kingdom for the first time since 1895, no less than 625,000 miners being affected during the first half of the present year.

It is expected that a settlement of the strike at the Dominion Piano and Organ Company's works at Bowmanville, Ont., will soon be effected as a result of a conference held on Saturday night between the parties was of a satisfactory character. The strikers had a demonstration and parade on Saturday.

A despatch from the Soo says according to legislation passed in 1901 for the incorporation of towns in territorial districts, it is permissible for any locality having an area of not more than 750 acres and a population of 500, to incorporate as a town, and the allied companies here may draw a line about their premises, and incorporate as a town, thus depriving the Soo of two-fifths of its present assessment.

The suit brought by the Dominion Iron and Steel Company against the Dominion government, will begin at Sydney on Tuesday.

For Cholera Morbus, Cholera Infantum, Cramps, Colic, Diarrhoea, Dysentery, and Summer Complaint Dr. Fowler's Extract of Wild Strawberry is a prompt, safe and sure cure that has been a popular favorite for nearly 60 years.

The directors of the Lille exhibition, which Sir W. Laurier visited on Wednesday, tendered a banquet to the premier in the evening. In replying to the toast of his health, the Canadian premier said: Our political relations have been severed, but our commercial relations may be renewed. You have an open market in Canada, and I flatter myself with the hope of seeing France an open market for Canadian products. Frenchmen wishing to emigrate to Canada will find most exceptional conditions prevailing for settlement. It is useless to speculate what might have been had Canada continued under the French regime. It was under the sway of England that French-Canadians have cultivated a worship of France, and if France had inspired that worship Canadians had preserved it and Great Britain had respected it. The Canadian premier added that though a British subject, he was proud of his origin and everything concerning France interested him.

COMPLETELY LAID UP

A Contractor Confined to His Bed With Kidney Trouble.

He is Better Now and Writes an Interesting Letter Telling of His Recovery and How it Came About

TORONTO, Ont., Sept. 1, (Special) — There are few men in the west end of this city who are more widely and more favorably known, than Mr. W. J. Keane, 86 Lippincott St., who for years has conducted a business as builder and contractor.

Some five or six years ago Mr. Keane was a very sick man. He had Kidney Trouble which developed until he was absolutely unable to leave his bed.

Mr. Keane found a cure where so many sick and suffering ones have found it, in Dodd's Kidney Pills, and has given for publication the following written statement:

"I deem it a great pleasure to give my experience of Dodd's Kidney Pills and the good they have done me. I was a great sufferer with pains in my back, and used to be often so laid up as to be unable to do my work.

"A friend advised Dodd's Kidney Pills, but as I had used so many other medicines without any good results, I had little faith in anything. However, I got some of the pills and commenced the treatment. I had only used part of the first box when I was able to resume my work.

"I used altogether seven boxes, and I can say that I was completely cured, and as this was over four years ago, and the trouble has not returned in any form, I feel safe in saying that my cure was perfect and permanent.

"I believe Dodd's Kidney Pills saved me from death. They are certainly worth their weight in gold to a sick man."

What has done so much for Mr. Keane and many others is certainly worth a trial by those who may be suffering from Kidney Disease or any of its consequences.

A statue of the late Empress Frederick was unveiled at Hamburg in the presence of the German Royal family.

A general strike of the stevedores lightermen and wharfmen was declared at Havana, and 2,000 men will go out today.

Joseph Anderson, a Kansas farmer, in a fit of despondency, drowned his four children, three girls and a boy, in a cistern, and then shot himself with a revolver. The mother was absent when the crime was committed.

Peter Anderson, known as the hermit prospector of Bark City, Utah, was found dead in his lonely cabin near the Anchor Mill, in the Park City mining district. The old hermit had evidently died of starvation although secreted in cabin was found \$1,700 and in the banks he had \$10,000 to his credit.

TO MAKE MONEY it is necessary to have a clear, bright brain, a cool head free from pain, and strong, vigorous nerves. Milburn's Heart and Nerve Pills invigorate and brighten the brain, strengthen the nerves, and remove all heart, nerve and brain troubles.

ORGANIZATION OF AN IMMENSE PAPER COMBINE.

OTTAWA, Aug. 29.—J. Carling Kelly, an Ottawa promoter, formerly of the Miramichi, N. B., has under way the organization of an immense paper combine which will include eleven of the largest paper mills in England with over \$25,000,000 capital. These mills will require 2,000 acres of pulp, which is located near Ottawa, and on which the proposed combination holds an option.

You'd be surprised if you used Magnetic Dyes to see what splendid results can be obtained, with slight effort and at a cost of 10 cents.

Capt. Spain will make an investigation into recent wrecks in the St. Lawrence.

Mr. Schriber says there is no foundation for the report that the government will buy the Lotbiniere and Megantic railway.

Geo. Douglas Brown, author of The House of Green Shutters, and other novels died suddenly in London on Thursday. A strong force of British troops has been despatched to the Transvaal, ostensibly to relieve troops ordered to India, but it is currently reported this step is taken owing to disturbances among the natives. Rumors are also current of an intention to annex or establish a protectorate in Swaziland, where a strong force of constabulary is now posted.
