

For Pain

Johnson's Anodyne Liniment is a foe to inflammation in every form, and can be relied on to reduce it more rapidly than any other medicine, whether used internally or externally. Whether you rub it into the skin or drop it on sugar in a teaspoon and swallow it, you will find it equally efficacious, and it quickly cures every one of the numerous pains and aches caused by inflammation.

JOHNSON'S Anodyne Liniment

was originated in 1810 by Dr. A. Johnson. Cures colic, cramp, diarrhoea, cholera morbus, bites, bruises, burns, stings, chafing, coughs, colds, croup, catarrh, bronchitis, la grippe, laryngitis, muscle soreness, and pain and inflammation in any part of the body. In two size bottles, 25 cts. and 50 cts. If your dealer hasn't it, write to

(Special Correspondence.)

Ernest Elliott and Willie Bourgeois have lately returned from the States, of which they speak in high praise; and intend to return soon.

Smelts are very scarce here, and in the vicinity; but despite the scarcity our fishermen still have hopes and are ardent workers.

The lobster packers of this, and of the neighboring places, held a meeting lately to discuss the project of establishing a hatchery in a suitable place on the shores of Kent County.

An open spot in the river has been the resort of wild ducks all winter; our sportsmen are benefited in being furnished with game the whole year round. This week L. L. Legere has had the good fortune of securing two. Messrs. Bilodeau, St. Peter, and others have likewise paid successful visits to the place.

The Archer and Forrester Co. gave concerts here on the 14th and 15th of this month. Besides comic plays, they exhibited moving pictures and illustrated songs, which were much appreciated.

BASS RIVER.

I wonder what has become of our Bass River correspondent. I think he must be in the woods. I will try and write a few lines to let you know there is still such a place as Bass River in existence, and perhaps when he comes out of the woods he will do better.

There has been considerable stormy weather and the roads have not been very good lately, also considerable sickness in our neighborhood.

Mr. Robt. Murphy has not been able to attend to his business of surveying. He has been laid up with a very sore arm.

The W. M. F. S. met to-day for the first time this winter and we hope to have regular meetings now.

We are pleased to see our friend James J. Campbell home again and looking so well and happy.

James Hanson, Jr., came out of the woods this week and we hope he is not too sick to open up the road through the woods, for on account of other absent ones it has not been kept as good as usual.

Every one here appears to be favored about valentines. Harcourt having quite an interest here.

The lumberman have already begun to come out of the woods.

We are looking forward to the event long expected so don't disappoint us this time, but call at Harcourt and bring your valentine with you and give us a royal good time.

We also hear that another Dave from Main River is to take a life partner, you have our best wishes.

NOTRE DAME.

The young men of Notre Dame met at C. E. Lockhart's store on Tuesday evening, Feb. 18th, for the purpose of organizing a debating club. The meeting was called to order, and C. E. Lockhart was appointed chairman, with F. E. Williams, as secretary and treasurer. On motion they then repaired to their hall and commenced business. The subject proposed for debate was, "Are sheep or cattle the most profitable for farmers to keep?" which is to be debated on the 20th inst. All the people of the village are much interested in the new club, which was named the Notre Dame Debating Club, and its success is assured. As the chairman and secretary are well read and amiable men who are well known political speakers, the new club is starting under favorable circumstances.

Rain and sweat have no effect on harness treated with Eureka Harness Oil. It resists the damp, keeps the leather soft and pliable. Stitches do not break. No rough surface to chafe and cut. The harness not only keeps looking like new, but wears twice as long by the use of Eureka Harness Oil.

Sold everywhere in all sizes. Made by Imperial Oil Company.

COUGHING ALL NIGHT.

It's this night coughing that breaks us down, keeping us awake most of the time, and annoying everybody in the house. Lots of people don't begin to cough until they go to bed. It gets to be that retiring for the night is an empty form, for they cannot rest.

Admanson's Botanic Cough Balsam makes life worth living to such people by its effect on the throat. The "tickling sensation" promptly disappears when the use of the Balsam has begun, and the irritation goes with it. This medicine for cough hasn't a disagreeable thing about it, and it does efficient service in breaking up coughs of long standing. It is prepared from barks and roots and gums of trees, and it is a true specific for throat troubles.

Handling coughs is a science that every one should learn. Not knowing how to treat them has cost many fortunes and many lives. In Admanson's Balsam there are the elements which not only heal inflammation, but which protect the inflamed parts from further irritation. The result of this is that the tendency to cough does not manifest itself, and you are surprised at it. Afterward you would not be without Admanson's Balsam at hand. This remedy can be tested. 25 cents at any druggist's.

BASS RIVER NOTES

Bass River is rather dull at present, as most of our young people, both girls and boys, are away. Some are in the lumber woods on our own rivers and some are in Uncle Sam's territory. A gentleman whose business takes him among the lumber camps of Bass River, remarked a short time ago that you could find more young women cooking in camps in Bass River than you could find in the settlement at present.

Snow storms and not much travelling keeps our roads in a poor condition.

Some of our boys have returned home from Nova Scotia and report that there is very little snow in that part of the country.

One of the Bass River lumbermen is out of the woods already for the winter.

James Thompson is working in Nova Scotia this winter; and John Timpson is doing business with Robt. Baldwin.

Our friend James Campbell has returned from Rumford Falls to spend a month with his family.

Miss Minnie Baldwin has returned from Salem, Mass., to care for her Mother, Mrs. John Baldwin, who has been in poor health for some time.

A child of Mr. Daniel Dunlay which was badly scalded some weeks ago is improving, and Mrs. Dunlay who has been sick for some time is improving slowly.

Our popular blacksmith, Tom McEachern, is rejoicing over the arrival of a new girl in his family.

George Hanson and David Keswick are attending Business College at Fredericton this winter.

The number of ladies who buy Magnetic Dyes all over Canada surprises even ourselves—of course they give splendid results.

ST. ANNE.

Death has paid us another visit Fidele Thibideau who was thought to be improving of late, died suddenly on Thursday morning. He leaves a wife, one son and four daughters, one of whom is married. The bereaved family have the sympathy of the whole community.

Our school teacher is at present confined to her boarding house with an attack of measles.

It is expected that work on the Chockfish Breakwater will begin early this spring. No doubt there are many of our readers who will not be much interested in the construction of above named breakwater, or will say as many have already said, "That it is sheer extravagance on the part of The Powers that be" in expending money on a breakwater in Chockfish or at the mouth of Chockfish River. But our fishermen, and they are not a few, and I may say all the fishermen from Richibucto Cape to Buctouche Bay know the great benefit that would be derived from a breakwater at Chockfish, as when it is completed vessels drawing ten feet of water can enter with safety, and we trust that our honorable member will succeed in convincing the Government that the sooner the work, that has already been commenced is completed, the better.

Mr. Cormier of St. Mary's will open a large store in St. Anne shortly. He has purchased the establishment of Docie F. Richard, and has already moved part of his household furniture.

KOUCHIBOUQUAC NOTES

Miss Nina Martin is visiting friends in Napan.

Mr. Robert Murphy returned from Machias last week to see his mother who has been for some time very ill.

Miss Mayde Jardine, of Richibucto, is the guest of Miss Lohie Jardine.

Mr. John O'Leary, of Washington, who has been in Richibucto for some time, paid a visit to Kouchibouquac last week.

Mr. Jas. Callendar was badly injured a few days by a kick from a colt but, we are glad to say, is recovering.

The breath of the pines is the breath of life to the consumptive. Norway Pine Syrup contains the pine virtues and cures coughs, colds, bronchitis, hoarseness, and all throat and lung troubles, which, if not attended to, lead to consumption.

LITTLE BUCTOUCHE RIVER.

Unlike many localities in N. B., there is no dearth of school teachers in Little River. At present we have five, two ladies and three gentlemen one of whom is a Justice of the Peace as well. Three are engaged in active service and two unemployed.

Report says that Mr. Wm. Ward has sold his farm. If he goes to Boston, he and Mrs. Ward will be much missed.

A gentleman while coming out of the woods near the mills, saw a silver fox crossing the hauling road.

A Frenchman in St. Anthony, saw a flock of wild geese flying southward. Is this an omen of spring?

Despite those culverts on the rail-track, it is a favorite promenade for the young folks.

The mat-hooking fever is contagious.

Rev. Mr. Le Page preached an eloquent sermon last Sabbath, subject "Speak the truth."

Mr. Melburne Ward is home from Apple River, N. S., also Mr. Chip. Dunlap.

Mr. Jas. Dunlap is recovering from a severe illness.

Mr. R. McFarlane who injured his knee some time ago, is around again.

Mr. Milton Ward, son of Mr. Valentine Ward, went to Moncton recently to learn a trade in the foundry where "the strike" took place. As the young man is a general favorite on account of his estimable character, deserved success will be his lot.
