CARD.

To the Electors of the County of Kent.

GENTLEMEN:—The Legislature of this province has, for reasons which has not yet been made public, been dissolved by the Government two years before the expiry of the term for which the assembly was elected, and it is announced that a general election of members to represent the electorate at Fredericton will be called on immediately.

Nomination is fixed for Saturday the 15th, and polling for Saturday the 22nd October.

Rumors of an intended dissolution have been current for some weeks, and I have as opportunity offered, consulted with many of you, and in consequence of the solicitations and encouragement I have received, have decided to again be a candidate for the representation of the county which has on two former occasions honored me with its confidence and support.

You are familiar with my position, my votes and my views expressed in the Legislature and reported in the public press, since I have been a member of the House of Assembly. Whether these have in all instances met with your approval or not, I cannot say, but while I hope this is the case—one thing I can fairly claim, and that is that I have endeavored faithfully to discharge the responsible trust reposed in me, and to do no discredit to my native county, whose people I was privileged to represent.

My conduct in the past will, I trust, afford some guarantee of my course in the future, should you again repose your confidence in me.

While I have had, and still retain pronounced opinions on public questions, I have on all occasions sought, and if re-elected, will again seek to promote such legislation as will, in my judgement, best secure the interest of the province in general and my own county in particular.

The time prior to the election is unusually brief, but I propose calling public meetings and addressing as many of you as I can meet, upon the questions which have arisen during the past two years, and may be expected to arise in the near future, in connection with our provincial politics.

I will also see as many of you personally, as I can, but it will be impossible for me to meet you all. I would ask all who may now be favorable to my election, to do what they fairly can to advance my candidature—with the assurance that I will, if elected, endeavor fairly to represent the mixed electorate of this fine county, irrespective of creed or nationality.

I have the honor to be
Your obedient servant,
J. D. PHINNEY.

Richibucto, October 1, 1892.
