WEST BRANCH NOTES.

MARCH 31 -Work and weather are progressing favourably.

Mr. J. Murray is hustling out the lumber for the public wharf, and has ten men and four span of horses employed.

Cheerfulness also prevails, although the exit of some of "the favoured ones" has cast a shade in various directions. Messers G. & J. Robertson have return-

ed to Newburyport, Mass., for an indefinite period, and are greatly missed in our social gatherings.

Mr. Keswick and son Bert, of Mortimore passed through our town on a business tour Friday.

on reading "Ut Prosim's" criticism, but have concluded that the information was and like Daven's "handful of mud" spoken of in the Moncton Times, such criticism is not to be taken in earnest. Indeed many of the learned and eloquent sentiments depicted, were not endorsed even by "The Chosen Few."

There is a wolf in sheeps clothing prowl ing round, but up to date "The Animal" has done no material harm.

Butter is scarce, eggs plentiful.

Miss Nina Haines was visiting friends here Saturday, and we were all pleased to

We are pleased to know that our Mail Driver gets his share of the good roads.

Another party has been added to the list and the Bon-Ton were entertained in elegant style. I can't say whether they tripped the light fantastic or not, but I do know that both adults and children enjoyed themselves immensely.

THE STORY OF A BRIGHT YOUNG GIRL'S RECOVERY.

A few months ago the health of their grandthose patent bird window locks, as a be- daughter was a source of very great anxnighted traveller of our vicinity failing to liety to Mr. and Mrs. Cleveland, and the awaken the inmates of one of our homes neighbors who learned of the physical either by calling or rapping, gave a window | condition of the little girl gravely[shook locked by one of those, a desperate shove their heads and said to themselves that and to his great joy round it went, letting the fears of the fond grandparents were him safely inside without disturbing or by no means groundless. When the news reacned the ears of an Acadien man, a short time ago, that the health of Miss Cleveland had been restored, he hastened of the case. When he explained his errand both Mr. and Mrs. Cleveland appeared only too eager to give him the information sought, and it is in accordance with their wishes that we give to the public the facts of this remarkable cure. Our girls and boys were very wrathy Early in December, 1898, Miss Cleveland was taken ill with a severe attack of la grippe and fears of her recovery were enobtained from a very unreliable source, tertained. Careful nursing, however, brought her through this malady, but it left her system in a completely run-down condition. This showed itself principally in a weakness of the nerves. In January symptoms of St. Vitus' dance began to show themselves. At first these were not Caterpillars have made their appearance very prominent, but it was not long before she was rendered altogether helpless by this terrible malady. In a short time she lost all control over the movements of her hands and feet. For weeks she had to be carried from room to room and was unable to feed herself. Her grandparents naturally became very much alarmed and having tried other remedies without effect, determined to give Dr. We were thinking of importing a teach- Williams' Pink Pills a trial. Developments showed that their confidence was not misplaced. When three boxes had been used the condition of the patient had improved considerably. Then Mr. Cleveland bought six boxes more and continued their use as before. The sufferer rapidly began to recover. When she had consumed the fifth box Mrs. Cleveland re duced the dose to one pill a day and by the time the sixth box was gone a complete cure was effected. Miss Cleveland is now as vigorous and healthy as could be desired. Her grand-parents are persuaded that Dr. Williams' Pink Pills are alone responsible for her cure and are devoutly thankful for the results, which, under Providence, they have produced.
