SCHEDIASMA.

MIRAMICHI:
TUESDAY MORNING JUNE 14, 1831.

The Courier arrived with the Mail on Sunday morning at 8 o'clock.

The English May Mail received at Halifax by H. M. Packet Tyrian, arrived on Sunday last. Our papers, by it are not as late, by several days, as those we were previously put in possession of—consequently we have nothing new from Europe to present our readers this week.

Last season was one of the most favourable in the History of the Province for the manufacture and driving of Timber, and a large supply has been brought to market this spring. Only 62 vessels have arrived from Britain, being far short of an average fleet; business is in consequence very dull at present—and large lots of Prime Timber remain on hand, from the inability of the owners to effect sales.

On Thursday last, we were visited with a very heavy squall of wind and rain, accompanied with thunder and vivid lightning. A Horse, the property of Mr. William Rafter was killed by the electric fluid,

on the public road, a short distance from the dwelling of Mr. Joseph Samuel, in Chatham, and a man, who was leading him at the time, was severely injured in the arm. We have not heard of any other accident.

The Brig Panmure, Captain Campbell, from Belfast, with 220 passengers, bound to the Baie de Chaleur, put into this port last week, and discharged her passengers, all of which were in a healthy state. The agent, it appears, had deceived a number of these poor creatures, by promising they should be landed in different parts of the Provinces. On landing they immediately applied to the proper authorities, who had the Captain placed in custody. The affairs, however, was arranged, by the Captain paying a sum of money, to be divided among the passengers, to enable them to proceed to their different places of destination. It is but justice to Captain C. to state, that the passengers speak in the highest terms of the treatment they received from him during the passage.

The Reverend Messrs. Wood and McNutt, Wesleyan Methodist Missionaries, arrived here on Saturday last, from St. John, via Fredericton.

IMPORTANT TO NAVIGATORS.

Captain Swinton of the Barque Mariner reports that while lying too, in a heavy gale of wind, in his passage from London to this Port, in Lat. 46, Long. 29. 37, he observed a Rock, exposing at times a surface of about 40 feet. It was about 9 o'clock in the morning that Capt. S. discovered it, visible only in the furrow of the sea, and directly in the course of the Mariner; who then can tell how many unheeded of Mariners, may, by means of it have fallen victims to that fate which Capt. S. and his crew so providentially escaped.
