

SUPPLEMENT.

SCHEDIASMA.

MIRAMICHI.
TUESDAY MORNING, MAY 29, 1832.

A good deal of anxiety has been manifested during the week, on account of the various reports in circulation of the nature of the disease on board the Terry, now performing quarantine. The following report of the Health Officers, is highly satisfactory, and will tend to remove all apprehension of contagion. Much credit is due to the Magistrates for the rigorous manner in which they have enforced the quarantine Regulations.

THIS IS TO CERTIFY, that we examined the Passengers on board the brig Terry. That shortly after leaving Dublin, a disease broke out, similar to Cholera, of which ten died; that several are now labouring under slight affections of the bowels, which might be attributed in a great degree (if not altogether) to crowding, filth, and want of nourishment; in which opinion we are the more confirmed by observing the rapid improvement that has taken place in a few days (without medicine) since their diet has been increased, and cleanliness more attended to.

JOHN STRONNACH }

Miramichi, 28th May, 1832.

ROSE COTTAGE, FARM, &c. to LET.

Situate on the Halifax Road, West River, 8 miles from Pictou.

The subscriber offers to Let to a respectable Tenant, for a term of years, the Dwelling House, and other offices, with 110 Acres of Land, at present occupied by himself, possession to be given this Fall after the Crop is taken off. The premises consist of a new Dwelling House, containing six rooms (four of them plastered) and kitchen ceiling plastered, with a large Cellar beneath; a Barn 43 feet long by 25 feet wide, with byers in each end; a Stable with 4 stalls and Gig House under one roof, boarded and clap-boarded, measuring 30 feet by 16. Also a Cart Shed.

As the Stage from Pictou to Halifax passes close to the House, it would be a most desirable situation for an Inn-keeper, particularly now that 10 mile Inn has been given up, such accommodation will be much wanted by travellers. The river bounds the front of the property, besides an excellent brook of water running thro' the land, renders it an eligible site for a Tanner, or any kind of public business.

Of the Land there are about 17 or 18 acres under a proper course of cultivation, with a small piece of interval; the whole inclosed by a substantial new fence: there are about 30 acres in pasture, and 9 to 10 acres of burnt land to be sown this spring with wheat and oats, and timothy and clover seed. There is a Garden with a few fruit trees. A plan of the land drawn out by Mr Cregar, Surveyor, specifying the exact quantity of Land cleared, &c. can be seen, and further particulars (post paid) known by application to

JOHN JAMIESON, West River,

Or to Mr Robert Morrow, Chatham, Miramichi.
