

IMPORTANT SCIENTIFIC WORK.

ANIMAL CHEMISTRY,
OR
ORGANIC CHEMISTRY
IN ITS APPLICATION TO
PHYSIOLOGY AND PATHOLOGY.
BY JUSTUS LIEBIG.

This valuable work, it is admitted on all sides, marks the commencement of a new era in physiology. Liebig, by the profound sagacity which enabled him to erect so beautiful a structure on the foundation of facts which others had allowed to remain for so long a time utterly useless, has elicited the admiration of the scientific world. His important discovery of the true source of animal heat would alone immortalize him. The author's object in this work, has been to direct attention to the points of intersection of chemistry with physiology, and to point out those parts in which the sciences become, as it were, mixed up together. The volume contains a collection of problems, such as chemistry at present requires to be resolved,—and a number of conclusions, drawn according to the rules of that science, from close observations and long experience.

This excellent and popular work will be issued in a double Extra New World, on the 1st October, and will be sent to all parts of the United States at newspaper postage on the following

TERMS—Single numbers 25 cents, five copies \$1, eleven copies \$2, twenty five copies for \$4, and in the latter proportion for a larger number. Address

J. WINCHESTER, 30 Ann St N Y.

A New Original Novel,

By that well known and popular Authoress
MRS. SEBA SMITH,

ENTITLED
THE WESTERN CAPTIVE,

OR

The Times of Tecumseh,

Written expressly for the New World.

Will be published on Wednesday, October 20. The character of this work is almost sufficiently explained by its title. The scenes are laid on the Western Frontier, during the exciting period of the Last War—and those famous battles are introduced which have conferred lasting glory on the names of Harrison and Johnson. The story is vividly picturesque, and the incidents are interwoven with the best skill of the accomplished writer.

We take more than common pleasure in introducing this work to the public; since it is purely American in its character, and cannot fail to be welcomed with cordial good will in every section of our country.

TERMS—For single copies 18¢, six copies \$1, fourteen copies \$2, and \$12 per hundred.
