

we have the gratifying news of the Governor General's recovery.

Distress in Quebec.—The Quebec papers say, that not one tenth of the persons formerly employed in the ship building are now engaged—that the wages which were ten shillings per day, is now reduced to twenty pence currency, but the markets were abundant, and produce very low.

Newfoundland papers to the 28th ult. were brought by the mail boat Sandwich, on Monday. The election for St. John's terminated in the return of the liberal candidates. The hon. James Tobin has commenced an action against a Mr Simms, a Squire Magistrate, for interfering with him and forcibly removing him from the Court House.

From Jamaica.—Accounts from Jamaica to the 29th November, inform us, that the Legislature, then in session, has determined to protect the interests of Great Britain and her Colonies, at the expense of the advantages which the inhabitants of the Island might derive from an unrestricted importation of provisions and manufactures from the United States. The Legislature has the new Tariff, which is to take effect in April next, under consideration. A strong effort is making to discriminate against American produce, and in favour of British beef, pork, lard, &c. Every thing is quiet on the island, and American provisions are abundant.

Jamaica papers to the 2d December have been received by an arrival at New York. Lieut. Wm. Hardy, nephew of Sir Thomas Hardy, died at Antigua on the 21 of October. Lieut. Steward and Assistant Surgeon Bewby, of the 33d Regiment, died at St. Lucia, on the 9th of November.

The fever prevailing at Barbadoes, Trinidad, and St. Lucia, and several cases had terminated fatally. At Antigua there were at one time 47 cases on board the Tweed. The troop ship Grocodile arrived at Kingston on the 27th Nov. from Grenada, with a detachment of the 1st West India Regiment. Two cases of small pox appearing on board, she was placed under quarantine.

St. John Courier, Jan. 7.

For the information of intending Settlers on Wilderness Lands, we would state, that a notice appears in the Royal Gazette of Wednesday last, signed by the Surveyor General, stating that all persons or associated parties who may be desirous of obtaining Crown Land in any of the localities recently surveyed by Government, or which may hereafter be surveyed by Government, or which may hereafter be surveyed in this Province will have an opportunity, on the first and third Monday in every month, of purchasing the same at the Crown Land Office, under the same at the Crown Land Office, under the same Settlement Regulations lately published. Sales to commence at noon.

NEW YORK, Dec. 27.

Attempt to Blow Up the New World Office.—Yesterday morning, as some of the persons attached to the New World Office were removing some fixtures out to the back rooms of the second story, a package was found containing nearly a pound of coarse powder, which had been placed on the top of a closet that was used as a depository for loose papers. The powder was scattered about, and a box of matches was found near it partly open. From appearances there can be scarcely a doubt that it had been placed there for the purpose of setting fire to the building.

Division of the County of Westmorland.—The report made by Dr. Gesne. upon this subject, which we have copied from the Royal Gazette, shows the urgent necessity there exists for the erection of the Western Parishes of Westmorland into a separate and distinct County.

Elections.—Below we give the latest news from the counties where the polls are not closed:

Carleton County.—The election for this County commenced on Tuesday the 27th ult. when J. M. Connell, and B. C. Beardsley, Esquires, (the former Representatives,) and Charles Perley, and Richard English, Esqrs., were proposed as candidates. On the second day of polling, captain Elisha Cunliffe, who acted for Mr English, withdrew from the contest. State of the Poll at its adjournment on the third day:—Perley, 258; Connell, 237; Beardsley, 194.

Queen's County election commenced on Tuesday the 3d instant. Hugh Johnston and Thomas Gilbert, Esquires, the former Representatives of this County, and John Earl, Esq., came forward as candidates. At the close of the first day's polling, the numbers were as follow—Earl, 28; Johnston 23; Gilbert 10.

King's County.—State of the Poll at its adjournment last evening at Kingston—Earl, 678; Freeze, 632; Vail, 645; McLeod, 414.

Mr Pyewell had resigned. The election will terminate at Kingston this afternoon.

Charlotte County—State of the Poll at its close on Thursday evening—Thompson, 657; Hill 538; Boyd 531; Knight 421; Brown 380.

We have given above all the items of news which the papers by the mail last night contain.

Weather.—A very great change has taken place in the weather. Since Saturday it has been mild, with rain, which has reduced the snow considerably.

DR. COTTON,

SIR.—In consequence of the surprising cure performed on me by your Cottonian Novato, I think it my duty to publish it in the Gleaner. I have been troubled this length of time with a strainness about my breast, and a severe cough, and a debility of the whole system, that I am convinced that I was in the second stage of Consumption after trying all medicines that could be prescribed for that complaint, all to no effect. A friend of mine advised me to try your Cottonian Novator, which I did eight times; and now I am free of that Impression, my Cough has ceased, my Appetite is returned, and my strength is increasing every day.

GEORGE MUTCH.

Parish of Northesk, Miramichi, } January, 1843.

FOR THE BENEFIT OF MANKIND

I authorise Dr. Cotton, of Chatham, to publish this my acknowledgment of the efficacy of his Cottonian Novator. I have been for nine months labouring under that tormenting disease, the Rheumatism, and suffering the most excruciating pain that I or any could tell—I could find no rest, day or night; when I would sit down, I should have to exert myself several ways before I could rise again. Hearing of Dr. Cotton's advertisement in the Gleaner—the cures that his Cottonian Novator would effect, I tried it for six days. Now, thanks be to God, and to the inventor of the Novator, I feel myself free from pain, and as smart as ever I was in my life.
