DR. MOFFATT'S Life Pills & Phoenix Bitters.

The Universal Estimation in which the celebrated LIFE PILLS & PHENIX BITTERS

are held, is satisfactorily demonstrated by the increasing demand for them in every section of the Union, and by the voluntary testimonials to their remarkable efficacy, which are everywhere offered. It is not less from a deeply gratifying confidence that they are the means of extensive and inestimable good among his afflicted fellow creatures, than from interested considerations, that the proprietor of these pre-eminently successful medicines is desirous of keeping them constantly before the public eye. The sale of every additional box and bottle is a guarantee that some person will be relieved from a greater or less degree of suffering, and be improved in general health, for in no case of suffering from disease can they be taken in vain. The proprietor has never known or been informed of an instance in which they have failed to do good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asthma nervous and bilious head ache, costiveness, piles, general debility, scrofulous swellings and ulcers, surry, salt rheum, and all other chronic affections of the organs and membranes, they effect cures with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In colds and coughs, which, if neglected, superinduce the most fatal diseases of the lungs and indeed the viscera in general, these medicines, if taken but three or four days, never fail. Taken at night, they so promote the insensible perspiration, and so relieve the system of febrile action and feculent obstructions, as to produce a most delightful sense of convalescence in the morning—and though the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of bed time, will almost invariably effect permanent relief, without further aid. Their effect upon fevers of a more acute and violent kind is not less sure and speedy if taken in proportionable quantity—and persons retiring to bed with inflammatory symptoms of the most alarming kind, will awake with the gratifying consciousness that the fierce enemy has been overthrown, and can easily be subdued. In the same way, visceral turgescence, though long established, and visceral inflammations, however critical, will yield—the former to small, and the latter to large doses of the LIFE PILLS—and so also hysterical affections, hypochondriacism, restlessness, and very many other varieties of the Neurotic class of diseases, yield to the efficacy of the PHENIX BITTERS.

The above Medicines are for Sale at the Store of Mr JOSEPH SPRATT, in Chatham, who is appointed sole agent for their disposal in Miramichi.
