**HARVEY'S BARK PILLS,**  
WITH SARSAPARILLA.

These valuable PILLS are a pure vegetable extract, obtained solely from Peruvian Bark, united with the purifying virtues of SARSAPARILLA, in which all their separate qualities are so concentrated, that whatever either has been known to do, may be effected by this elegant composition.

As a powerful and permanent restorative of the constitution, Bark stands unrivalled—it strengthens the digestive organs, exhilarates the spirits, increases the appetite, invigorates the nervous and muscular systems, giving a renewed action to all those functions of the human frame, the torpid state of which is the sole cause of indigestion, weakness, costiveness, bilious derangements, nervous depression of spirits, &c.

SARSAPARILLA is a laxative and alterative medicine, possessing in the greatest degree the power of cleansing and purifying the blood, and of searching out those impurities with which it has been contaminated. The great necessity of the healthy state of this most important fluid of the body cannot be too deeply impressed on the mind; it nourishes the whole frame, and is that source from which every secretion of the body is separated; when impure, the whole fabric is diseased, showing itself under the various diseases known by the names of fever, scrofula, scurvy, cancer, indolent tumours, scorbutic eruptions, and all diseases of the skin. By chemically and judiciously proportioning the medicines before mentioned, so great are their restorative and purifying virtues, that HARVEY'S BARK PILLS with SARSAPARILLA will be found a certain and radical cure for all the sad catalogue of diseases above enumerated; and in every instance were either Bark or Sarsaparilla is required, these Pills will be found more effectual and convenient than any other preparation.

These truly excellent Pills can be taken with the greatest safety by the most debilitated constitutions. To the young they will afford health strength and spirits—in the place of lassitude and debility. To the aged and infirm they will assuredly produce relief and comfort, by gently and safely invigorating the whole frame. To those wasted by lingering disease, or depressed by sedentary pursuits, they will be found a speedy and certain promoter of both mental and bodily strength.

By a regular and certain progress they strengthen and assist all the mechanical operations of the frame, causing the dispersion of the depraved and unhealthy secretions of the body, thereby reestablishing health, strength, and cheerfulness.

Mr JOHN FRASER, Commercial Building, has been appointed Agent for the sale of the above Medicines, in Miramichi.

**Dr. Moffatt's Life Pills and  
Phoenix Bitters!**

THE UNIVERSAL ESTIMATION in which the celebrated LIFE PILLS AND PHENIX BITTERS are held is satisfactorily demonstrated by the increasing demand for them in every section of the Union, and by the voluntary testimonials to their remarkable efficacy, which are everywhere offered. It is not less from a deeply gratifying confidence that they are the means of extensive and inestimable good among his afflicted fellow creatures, than from interested considerations, that the proprietor of these pre-eminently successful medicines, is desirous of keeping them constantly before the public eye. The sale of every additional box and bottle is a guarantee that some persons will be relieved from a greater or less degree of suffering, and be improved in general health: for in no case of suffering from disease can they be taken in vain. The proprietor has never known or been informed of an instance in which they have failed to do good.—In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asthma, nervous and bilious head ache, costiveness, piles, general debility, scrofulous swellings and ulcers, scurvy, salt rheum, and all other chronic affections of the organs and membranes, they effect cures with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In colds and coughs, which, if neglected, superinduce the most fatal diseases of the lungs and indeed the viscera in general, these medicines, if taken but three or four days, never fail. Taken at night, they so promote the insensible perspiration, and so relieve the system of febrile action and feculent obstructions, as to produce a most delightful sense of convalescence in the morning,—and though the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of bed time will almost invariably effect permanent relief, without further aid. Their effect upon fevers of a more acute and violent kind is not less sure and speedy if taken in proportionable quality,—and persons retiring to bed with inflammatory symptoms of the most alarming kind, will awake with the gratifying consciousness that the fierce enemy has been overthrown, and can easily be subdued. In the same way, visceral turgescence, though long established, and visceral inflammations, however critical, will yield—the former to small and the latter to large doses of the LIFE PILLS,—and so also hysterical affections, hypochondriacism, restlessness, and very many other varieties of the Neurotic class of diseases, yield to the efficacy of the PHENIX BITTERS.
