**Moffatt's Life Pills and
Phoenix Bitters!**

THE UNIVERSAL ESTIMATION in which
the celebrated LIFE PILLS AND PHENIX
BITTERS are held is satisfactorily demon-
strated by the increasing demand for them in every
section of the Union, and by the voluntary
testimonials to their remarkable efficacy,
which are everywhere offered. It is not less
from a deeply gratifying confidence that they
are the means of extensive and inestimable
good among his afflicted fellow creatures, than
from interested considerations, that the proprie-
tor of these pre eminently successful medicines,
is desirous of keeping them constantly before
the public eye. The sale of every additional
box and bottle is a guarantee that some per-
sons will be relieved from a greater or less
degree of suffering, and be improved in general
health; for in no case of suffering from disease
can they be taken in vain. The proprietor has
never known or been informed of an instance in
which they have failed to do good.—In the
most obstinate cases of chronic disease, such as
chronic dyspepsia, torpid liver, rheumatism,
asthma, nervous and bilious head ache, cos-
tiveness, piles, general debility, scrofulous
swellings and ulcers, scurvy, salt rheum, and
all other chronic affections of the organs and
membranes, they effect cures with a rapidity
and permanency which few persons would
theoretically believe, but to which thousands
have testified from happy experience. In colds
and coughs, which, if neglected, superinduce
the most fatal diseases of the lungs and indeed
the viscera in general, these medicines, if taken
but three or four days, never fail. Taken at
night, they so promote the insensible perspira-
tion, and so relieve the system of febrile action
and feculent obstructions, as to produce a
most delightful sense of convalescence in the
morning,—and though the usual symptoms of a
cold should partially return during the day, the
repetition of a suitable dose at the next hour
of bed time will almost invariably effect per-
manent relief, without further aid. Their
effect upon fevers of a more acute and violent
kind is not less sure and speedy if taken in
proportionable quantity,—and persons retiring
to bed with inflammatory symptoms of the
most alarming kind, will awake with the grati-
fying consciousness that the fierce enemy has
been overthrown, and can easily be subdued.
In the same way, visceral turgescence, though
long established, and visceral inflammations,
however critical, will yield—the former to
small and the latter to large doses of the LIFE
PILLS,—and so also hysterical affections, hy-
pocondriacism, restlessness, and very many
other varieties of the Neurological class of dis-
eases, yield to the efficacy of the PHENIX
BITTERS.

The above Medicines are for Sale at the
Store of Mr. JOSEPH SPRATT, in Chatham,
who is appointed sole agent for their disposal
in Miramichi.
