Scourge of Gnats in Australia—Although the climate of Australia is for the most part exceedingly fine, yet during those terrible summer months, described by Mr. Horton James, when the thermometer is above ninety degrees in the house, the plague of gnats towards evening is much more easily imagined than described. The face, arms, and legs become swollen and exquisitely painful, and the only remedy which experience confirms to be invariably effectual, is "Holloway's Ointment," which quickly restores the parts to their pristine state. As a valuable auxiliary, "Holloway's Pills" should be taken in gentle doses whenever the Ointment is used. In disorders, such as Gout, Rheumatism, Cancer, Scrofula, Wounds of every description. Paralysis, &c., the above are truly specifics.

News from England.

WILLMER AND SMITH'S European Times, Which arrives by every steam ship at Halifax from Liverpool, Comprises an English Newspaper,—a Shipping List,—and a General Price Current. It is arranged and published Expressly for Nova Scotia, New Brunswick, Newfoundland, Canada, the United States, &c. Of this Paper the "Boston Morning Post" says—"We are greatly indebted to this Newspaper for our Foreign, Miscellaneous, and Commercial News. One number of Willmer & Smith's European Times is worth a whole file of any other English paper." During the time this Journal has been before the world, the Proprietors refer, with pleasure, to the praise which it has elicited from the press of England, Scotland, Ireland, the United States, the West Indies, and the encouragement it has received from the public of Canada and the United States.

THREE ESSENTIAL FEATURES DISTINGUISH IN FROM ALL CONTEMPORANEOUS PUBLICATIONS.

FIRST.—It contains a full, correct, and comprehensive Shipping List, arranged on a plan so plain and practicable, that "who runs may read." Persons interested in the Marine of British America may turn in an instant to the information which they seek, with the certainty relying on its truth. It thus supersedes shipping Lists, and other expensive publications from Europe, some of which are six times the price of Willmer & Smith's European Times. SECONDLY.—It contains a Price Current of all the great British and European Markets, devoted principally to the articles of trade and commerce, more immediately appertaining to British America and the United States, and in which the Merchant, the Trader, and the man of business must feel an immediate interest. On the score of correctness, the Tabular Figures, and the remarks accompanying the various markets, showing their actual condition, may be relied on, and are, in fact, an authority with that of the first Houses in the principal cities in the United States and Canada. THIRDLY.—As a newspaper, it presents to the American reader, in a concentrated state, and where the interest or the importance of the subject demands it, in the most detailed and ample form, every topic of political, commercial, domestic, and miscellaneous interest which has occurred in Europe or elsewhere, since the departure of the previous packet—special regard being paid to whatever is most connected with, or relates to, the political, social, and commercial well-being of British America and the United States. Willmer & Smith's European Times, in short, takes a glance at every circumstance in which the inhabitants of the great Western World can possibly feel an interest. It puts the American reader in possession, the moment it comes to hand, of whatever has transpired, during the interval in Europe—personal, political and commercial. The subscription to this Paper is 16s. per annum; and may be ordered of JAMES CAIE, Esquire, Postmaster, Chatham, Miramichi.
