

All may be Cured! By

Holloway's Ointment!

FIFTY ULCERS CURED IN SIX WEEKS.
Extract of a Letter from John Martin, Esq.
"Chronicle" Office, Tobago, West Indies.
February 4th, 1845.

To Professor HOLLOWAY.

Sir,—I beg to inform you that the inhabitants of this Island, especially those who cannot afford to employ medical gentlemen, are very anxious of having your astonishing Medicines within their reach, from the immense benefits some of them have derived from their use, as they have been found here, in several cases, to cure Sores and Ulcers of the most malignant and desperate kind. One gentleman in this Island, who had, I believe, about fifty running ulcers about his arms, legs, and body, who had tried all other Medicines before the arrival of yours, but all of which did him no good; but yours cured him in about six weeks, and he is now, by their means alone, quite restored to health and vigour.

J. H. MARTIN.

PILES, FISTULAS, & BEARINGS DOWN.

A remarkable Cure by these Pills and Ointment.—A half-pay lieutenant, lately residing at St. Helier's, Jersey, whose name by request is omitted, had for three years suffered from piles and fistula, besides a general bearing down, of the most distressing nature. He had twice undergone an operation, but to no purpose, and at last gave himself up to despair. Yet, notwithstanding this complication of complaints, together with a debilitated constitution, he was completely cured of all his infirmities, and restored to the full enjoyment of health by these justly renowned medicines, when every other means had failed.

Extraordinary Cure in the West Indies, of

Leprosy and other direful skin diseases.

Mr LEWIS REEDON, of Georgetown, Demerara, writes under the above date—that Holloway's Pills and Ointment have cured bad legs that no doctor could manage, ulcers and sores that were of the most dreadful description, as likewise leprosy, blotches, scales, and other skin diseases of the most frightful nature, and that the cures effected there by these wonderful medicines are so numerous and extraordinary as to astonish the whole population.

CANCERED BREAST.—A WONDERFUL CIRCUMSTANCE.

Copy of a Letter from Richard Bull, Bootmaker, Tatton, near Southampton.

February 9th, 1845.

To Professor HOLLOWAY.

Sir,—The Lord has permitted to be wrought a wonderful cure of Cancers or Abscesses, of 12 years' standing, in my wife's breast. In the latter part of the time, eleven wounds were open at once. The Faculty declared the case as past cure, several pieces of bone had come away, and I expected that my poor wife would soon have been taken from me. It was then that a friend recommended the use of your Pills and Ointment, which, to our utter astonishment, in the space of about three months, healed up the breast as soundly as ever it was in her life.

I shall ever remain, your grateful servant,

(Signed) RICHARD BULL.

WHEEZING ON THE CHEST AND SHORTNESS OF BREATH.

Copy of a Letter from Mr Jeremiah Casey, No. 1, Compton place, Compton street, Brunswick square, London, April 25th, 1845.

To Professor HOLLOWAY.

Sir,—I beg to inform you that I believe I had been, for more than three years, one of the greatest sufferers in the world with Chronic Asthma. For weeks together my breath was frequently so short that I was afraid every moment of being choked with phlegm. I never went into a bed; very often, indeed, I have been obliged to pass the night without being able to recline sufficiently to lay my head on a table, lest I should be suffocated. No one thought I should live over the winter, nor did I expect it myself; but I am happy to say that I am now able to work from morning till night, and that I sleep as well as ever I did in my life; and this miracle (I may say) was effected by rubbing your invaluable Ointment twice a day into my chest, and taking ten of your Pills at bed time, and tea again in the morning, for about three months.

JEREMIAH CASEY.

IN ALL DISEASES of the Skin, Bad Legs, Old Wounds and Ulcers, Bad Breasts, Sore Nipples, Sore and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles; Holloway's Pills, in all the above cases, ought to be used with the Ointment; as by these means cures will be effected with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bite of Mosquitoes, Sand-flies, Chigger-foot, Yaws, and Coco-bay, and all skin Diseases common to the East and West Indies, and other tropical climates. Burns, Scalds, Chilblains, Chapped Hands and Lips, also Bunions and Soft Corns will be immediately cured by the use of the Ointment.

Sold by the Proprietor, 244, Strand, (near Temple Bar,) London, and by Mr JOHN FRASER, Chatham; and Mr M. M. SARGEANT, Newcastle, in Pots and Boxes, at 2s., 5s., and 8s. There is a very considerable saving by taking the larger sizes. N. B.—Directions for the guidance of patients are affixed to each pot and box.

MOFFATT'S
Life Pills & Phoenix Bitters

The Universal Estimation in which the celebrated LIFE PILLS & PHENIX BITTERS

are held, is satisfactorily demonstrated by the increasing demand for them in every section of the Union, and by the voluntary testimonials to their remarkable efficacy, which are everywhere offered. It is not less from a deeply gratifying confidence that they are the means of extensive and inestimable good among his afflicted fellow creatures, than from interested considerations, that the proprietors of these pre eminently successful medicines are desirous of keeping them constantly before the public eye. The sale of every additional box and bottle is a guarantee that some persons will be relieved from a greater or less degree of suffering, and be improved in general health, for in no case of suffering from disease can they be taken in vain. The proprietors has never known or been informed of an instance in which they have failed to do good. In the most obstinate cases of chronic disease, such as chronic dyspepsia, torpid liver, rheumatism, asthma nervous and bilious head ache, costiveness, piles, general debility, scrofulous swellings and ulcers, scurvy, salt rheum, and all other chronic affections of the organs and membranes, they effect cures with a rapidity and permanency which few persons would theoretically believe, but to which thousands have testified from happy experience. In colds and coughs, which, if neglected, superinduce the most fatal diseases of the lungs and indeed the viscera in general, these medicines, if taken but three or four days, never fail. Taken at night, they so promote the insensible perspiration, and so relieve the system of febrile action and feculent obstructions, as to produce a most delightful sense of convalescence in the morning,—and though the usual symptoms of a cold should partially return during the day, the repetition of a suitable dose at the next hour of bed time, will almost invariably effect permanent relief, without further aid. Their effect upon fevers of a more acute and violent kind is not less sure and speedy if taken in proportionable quantity,—and persons retiring to bed with inflammatory symptoms of the most alarming kind, will awake with the gratifying consciousness that the fierce enemy has been overthrown, and can easily be subdued. In the same way, visceral turgescence, though long established, and visceral inflammations, however critical, will yield—the former to small, and the latter to large doses of the LIFE PILLS,—and so also hysterical affections, hypochondriacism, restlessness, and very many other varieties of the Neurological class of diseases, yield to the efficacy of the PHENIX BITTERS.

The above Medicines are for Sale at the Store of Mr THOMAS SPRATT, in Chatham, near the residence of the Hon. Joseph Cunard, who is appointed sole Agent for their disposal in Miramichi.

WOOL! WOOL! WOOL!

The Subscriber hereby informs the inhabitants of the County of Kent, &c. &c., that his well-known CARDING MACHINE is in good order and full operation, on his premises on the south branch of the river Saint Nicholas, Welford.

He has appointed the following persons to act as Agents for the reception of Wool: in the Town of Richibucto, Messrs. MAYBERRY & PHINNEY; at the shipyard of Richibucto, Mr DANIEL McAWLEY. Wool delivered to either of the above Agents, or at the establishment, properly picked and oiled, or greased with soft fresh grease, say one pound to every ten pounds of wool, will be Carded and returned for THREE PENCE per pound, free of all other charges. Wool will be returned to the agents twice in each month during the season, by the subscriber.

WILLIAM DOHERTY.
