

To the grievous sorrow and disappointment of the friends of the Church in Bathurst and Restigouche, the Rev. Dr. McLeod, who had intended to proceed on Wednesday to Dalhousie, and to Minister "the Word of Life" in the Gaelic and English languages, was unable to accomplish his purpose, in consequence of having been very severely hurt by being thrown out of the carriage in which he was travelling from Miramichi to Bathurst. The injury at first threatened to be very serious; happily however, the Rev. Doctor soon rallied, and was able to accompany his much attached relative on his return to Miramichi upon Friday morning.

[COMMUNICATED.]

DEPUTATION OF THE CHURCH OF SCOTLAND AT RICHIBUCTO.

On Saturday the 2nd instant, the Rev. Norman McLeod, one of the Deputation from the Church of Scotland, arrived here from Miramichi; and on the following morning, preached a most able and affecting discourse, to a crowded audience, at St. Andrew's Church. In the afternoon, the Reverend Gentleman again preached in the Court House, where he was listened to by a very large and respectable body of people; the uninterrupted silence which prevailed during the time he was expounding the Word of God, showed how much his style and talents were appreciated. The Sunday School in connexion with the Presbyterian Church was visited in the evening by the Reverend Gentleman, who, after addressing himself to the children, expressed himself highly satisfied with the manner in which the school, was conducted. On Monday morning, a large concourse of people assembled at the Court House, to hear the Reverend Gentleman explain the nature of the mission of the Deputation; which, said the Reverend Gentleman, "was to gather all the information they could respecting the state and wants of the Church in the Colonies, in order that it might receive all the benefit and good which the Establishment at Home could bestow." He also dwelt at some length on the late secession from the Establishment, which he greatly deplored; but assured his hearers that every vacancy in Scotland had been filled up in a very satisfactory manner; and that the Church had entirely recovered from the shock it at first felt, and was prosecuting all its schemes and good works the same as if no disruption had taken place.

The Reverend Gentleman was listened to with the greatest attention; and his arguments were so clear and convincing that there is little doubt they will have a good effect upon those who heard them. To many who heard him he gave some Tracts, which cannot fail to enlighten their minds on the subject of the late disruption in the disruption; and after offering up a prayer for the good of all men, he shortly afterwards left again for Miramichi, with A. Rankin, Esq., who accompanied him here, leaving behind him the most favorable impressions, and followed by the good wishes of all who had heard him.

We received the following address and reply from Newcastle, on Thursday last:

To the Rev. Doctor Simpson, the Rev. Doctor McLeod, and the Rev. Norman McLeod, Deputed by the General Assembly of the Established Church of Scotland to visit the North American Colonies.

Reverend Sirs,
We, the undersigned Elders, Trustees, and Members of St. James's Church, Newcastle, Miramichi, hail with heartfelt delight this opportunity of addressing the first deputation from our venerable Establishment, the Church of Scotland; viewing as we do the importance of your timely visit, whereby Brotherly Love, Christian Piety, true Charity, and good feeling, will be greatly promoted throughout the Presbyterian community of this continent.

We beg leave to assure you, that we feel more than a full share of deep interest in your important Mission, and receive you with open arms, as the messengers of peace, and the true followers of the Gospel; and it is a matter of

much gratification to us, that gentlemen of such high talent and piety, should have been deputed to ascertain by personal observation, the wants and necessities of Presbyterians in the Colonies.

We therefore beg that you will accept our sincere and warmest token of grateful satisfaction, that such an opportunity has been afforded us, through Divine Providence, in thus addressing you; and it is our desire and wish, that we may never fail in adhering to truth, and defending and protecting the true principles of the Established Church. It is our fervent hope and prayer, that the great Head of our venerable Church, Jesus Christ, will bless, protect, and prosper your present laudable undertaking, and that your labours in the cause may prove beneficial to the Church of Christ, throughout the length and breadth of the Colonies.

In conclusion, we beg leave to tender you, and each of you, our highest sentiments of esteem and respect, wishing you health, happiness, and a safe return to your families and friends, in your native Country.
Newcastle, Miramichi, 25th July, 1845.

To which Address the Reverend Norman McLeod made the following reply.

In the name of the Deputation from the Church of Scotland, I thank you for this address, from a congregation so large, so respectable, and presented by you, Sir, their justly esteemed minister. In the discharge of the important duties of our mission, we have every where been cheered and strengthened by such testimonies of attachment to the beloved Church of our Fathers. But any feelings akin to pride or calculated to excite boasting, which we might experience from finding every where Congregations so united, and so warm in their expressions of good will to our Church, is banished by the consideration that extensive influence brings with it additional responsibility; numerous flocks require numerous Shepherds; and how solemn is the duty imposed upon our Church, to provide such Shepherds as, under the guidance of the Chief Shepherd, will lead "those sheep in the wilderness," where they may find living pastures, and drink of living water.

I hope and believe that our Church, being comparatively freed from those vexatious questions and internal strifes, which for years distracted her peace and marred her usefulness, will now turn her undivided attention, and direct her united strength to the doing the work for which alone she exists, and is upheld as a Church, that of saving lost souls. I need not say that for the accomplishment of this end, and for the carrying on of every duty to be performed by a Church of Christ, our Church as established, has the fullest liberty. We can preach the Gospel—we can dispense the Sacraments—we can separate every unworthy member and minister from our communion—we can prevent any pastor from being ordained over a people for whom we deem him in any wise unsuitable, and we can offer the ministrations of this scriptural church without money to the poor throughout the length and breadth of Scotland. Such a church we value as an unspeakable blessing; with our conscientious convictions we cannot, we dare not, do any thing to weaken or destroy it. Nay, we could not express our desires for your welfare more forcibly than by desiring that you, and all our Colonial Brethren should, with us, enjoy this national blessing.

In regard to the Church Schemes for extending the Redeemer's Kingdom, I am thankful to say that not only have they all been preserved, but they are all in vigorous operation. Our faithful and devoted Missionaries are labouring in Hindostan, and seeking to reclaim the lost sheep of Israel in Africa and China; our Home Mission supplies the more destitute localities at home. In the Highlands of Scotland 103 schools, and upwards of 10,000 scholars are connected with our Education Scheme. Our being among you this day is itself a proof that our duties toward our Colonial Brethren are not forgotten. For all this we thank God, who has so helped us that tho' cast down, we have not been destroyed. Doubtless there are many causes of sorrow on every hand, but let us breathe the prayer, and indulge the hope, that the Spirit of Love may be poured down on the whole Church of Christ, and that, instead of wasting our time and energies in fighting with brethren about matters on which Christians have differed, do differ, and will probably differ until they reach Heaven, we may fight the good fight of faith for the good against the evil, about which there is no difference. I will not detain you longer. I pray God may be with you, and that you all may be brought unto the true Church of Christ, and given up to Him who is our Head in all things.—Brethren pray for us.—I again thank you for your kindness.

GREAT BRITAIN, STEAMSHIP.—The Halifax Times states that a large steamer with six masts, running west, was seen off Shelburne, N. S., on the 4th inst. This is undoubtedly the Great Britain, which left Liverpool on the 26th ult. for New York, then out 9 days.

The same paper states that the bodies of the two Saladin pirates, which were interred in the Roman Catholic Cemetery, have been removed by order of Bishop Walsh, and are now deposited in the poor house burying ground.

THE WEATHER.—Since our last publi-

cation the progress of haymaking has been retarded by a torrent of rain which we fear has done considerable injury.

The accounts from the Country report favourably of the Crop in the district generally; and if Providence is pleased to send us propitious weather we think the labour of the Farmer will meet with pleasing compensation.

We understand that the Presbytery of Miramichi will meet at Bathurst, on Wednesday, 27th inst., and that the Synod of New Brunswick, in connection with the Established Church of Scotland, will meet in St. John on the second Thursday of September.

All may be Cured! By

Holloway's Ointment!

FIFTY ULCERS CURED IN SIX WEEKS. Extract of a Letter from John Martin, Esq. "Chronicle" Office, Tobago, West Indies.—February 4th; 1845.

To Professor HOLLOWAY.

Sir,—I beg to inform you that the inhabitants of this Island, especially those who cannot afford to employ medical gentlemen, are very anxious of having your astonishing Medicines within their reach, from the immense benefits some of them have derived from their use, as they have been found here, in several cases, to cure Sores and Ulcers of the most malignant and desperate kind. One gentleman in this Island, who had, I believe, about fifty running ulcers about his arms, legs, and body, who had tried all other Medicines before the arrival of yours, but all of which did him no good; but yours cured him in about six weeks, and he is now, by their means alone, quite restored to health and vigour.

JOHN MARTIN.

PILES, FISTULAS, & BEARINGS-DOWN.

A remarkable Cure by these Pills and Ointment.—A half-pay lieutenant, lately residing at St. Helier's, Jersey, whose name by request is omitted, had for three years suffered from piles and fistula, besides a general bearing down, of the most distressing nature. He had twice undergone an operation, but to no purpose, and at last gave himself up to despair. Yet, notwithstanding this complication of complaints, together with a debilitated constitution, he was completely cured of all his infirmities, and restored to the full enjoyment of health by these justly renowned medicines, when every other means had failed.

Extraordinary Cure in the West Indies, of

Leprosy and other direful skin diseases.

Mr LEWIS REEDON, of Georgetown, Demerara, writes under the above date—that Holloway's Pills and Ointment have cured bad legs that no doctor could manage, ulcers and sores that were of the most dreadful description, as likewise leprosy, blotches, scales, and other skin diseases of the most frightful nature, and that the cures effected there by these wonderful medicines are so numerous and extraordinary as to astonish the whole population.

CANCERED BREAST.—A WONDERFUL CIRCUMSTANCE.

Copy of a Letter from Richard Bull, Bootmaker, Tatton, near Southampton.

February 9th, 1845.

To Professor HOLLOWAY.

Sir,—The Lord has permitted to be wrought a wonderful cure of Cancers or Abscesses, of 12 years' standing, in my wife's breast. In the latter part of the time, eleven wounds were open at once. The Faculty declared the case as past cure, several pieces of bone had come away, and I expected that my poor wife would soon have been taken from me. It was then that a friend recommended the use of your Pills and Ointment, which, to our utter astonishment, in the space of about three months, healed up the breast as soundly as ever it was in her life.

I shall ever remain, your grateful servant,
(Signed) RICHARD BULL.
