

through delegates in convention, to be assembled on the 4th of July, whether they shall remain citizens of an independent Republic or become an integral portion of the United States. This is all the Executive can do. The question is now altogether in the hands of the people.

There is a rumour given, that the Mexican troops, concentrated on the Rio Grande, immediately should a declaration in favour of Annexation take place, intend to take possession of the line of the Neuces—and that the American Commodore Stockton, advised an immediate occupation of that line by the Texan troops, offering his co-operation by Sea.

The Texans have to decide, between Independence with Peace, and Annexation with War.

The Fredericton Mail.

No Fredericton papers were received by the mail yesterday morning. We trust the publishers will see and have this remedied in future. While speaking of the non-receipt of papers, we may as well add, that for the last three weeks the Halifax Times has not come to hand. The New Brunswicker is generally a mail behind time.

The Montreal Courier of June 10, contains the following paragraphs, announcing the death of Sir Richard Jackson, Commander of the Forces in British North America.

It is our painful duty to have to record the decease of His Excellency Sir Richard Downes Jackson, K. C. B., Lieut. Gen. Commanding Her Majesty's forces in British North America. His Excellency was in good health on Sunday morning, and attended divine service, but feeling indisposed after his return from Church, retired to his room to lie down where he was found a short time afterwards in an insupportable state, from which, we believe, he never recovered, and breathed his last at about five o'clock yesterday morning. It is understood to have been an apoplectic attack.

What renders this event even more melancholy, is the circumstance that Sir Richard was on the point of leaving this country for England, and indeed, was to have sailed by the next packet, his successor in the command, Lord Cathcart, being expected to arrive in a few days. His Excellency has been in this Province for several years, and though simple and unostentatious in his habits was very much liked by society in general. We do not know that we can record a better tribute to his memory, than to say of him, that he was a good and brave soldier and a good man, who "Feared God and Honored the King."

Sir Richard Jackson served in Ireland during the rebellion in 1798; on the expedition to the North of Germany, in 1805; and in the expedition to and siege of Copenhagen in 1807. He embarked with a detachment of the Coldstream Guards for Cadix, in March, 1810, and was present at the defence of Cadix and battle of Barossa. He served also in the campaigns of 1811, '12, '13, and '14, as an assistant Quarter-Master-General, including the battle of Fuentes d'Onor, the siege of Ciudad Rodrigo, battle of Salamanca, passage of the Bidassoa, battle of Nivelle, passage of the Nive, and battle between the Nive and the Adour, 13th of Dec.; action of St. Palais, battle of Orthes, action of Aire, and battle of Toulouse. He was a Knight Commander of the Bath, and entitled to a Cross and two clasps for the battles of Barrosa, Fuentes d'Onor, Salamanca, Nivelle, Nive and Orthes. He embarked for Canada with Lord Sydenham in the year 1839. Sir Richard was administrator of the Government in 1842, from the decease of Lord Sydenham, until the arrival of Sir Charles Bagot.

Quebec Gazette, June 9. The exertions at Montreal and in that District for the relief of the sufferers by the fire at Quebec, are continued with energy. Up to Saturday 38 packages of effects &c., had been forwarded to Quebec, and we see that Messrs. John Torrance & Co., have received the thanks of the committee at Montreal for having forwarded those packages gratis. Provisions and effects continue to come in from this District. The Library and Rooms of the House of Assembly are filled with donations from different parts of the country; and the Ladies, with numerous assistants, are occupied in assorting the clothing, &c.

We understand that the clothing, furniture, &c., is to be distributed, by competition, to the sufferers, payable in tickets to be previously delivered to them, proportionably to their losses and destitution, by the Relief Committee. The money payments to the destitute have ceased for the present. Most of the sufferers have found refuge with their friends and relations in different parts of the Town and Suburbs. Comparatively, only a few have gone to the places of refuge assigned by the committee. The poorest classes have, in this way, contributed largely and creditably to the relief of the destitute.

We copy from the St. John Observer of Tuesday, the following paragraphs:—

We stated in our last paper that extensive fires were raging in the woods in this vicinity. We learn that at Black River, several cottages were destroyed, and Mr. Wilnot's Mills were in imminent danger, but were saved; the Mills belonging to Messrs. J. & R. Reed, at Little River, were likewise in great jeopardy, but were preserved, an engine was sent to them on Wednesday from the city. On the Nerepis road, the damage is stated to be very extensive, but particulars are not yet known. On the road from this city to St. Andrews two Bridges are said to be destroyed. On Thursday night and Friday morning we were providentially favored with showers of rain, and this morning there has been more heavy rain, which will, most probably effectually extinguish the fires, and be of immense service to the grass and other crops.

The Quebec Sufferers.—In accordance with a public requisition, numerous and respectfully signed, from our citizens, addressed to the High Sheriff, that gentleman has called a public meeting of the Inhabitants of this City and County, to be held at the Court House to-day, to take into consideration the distressed situation of the thousands of our fellow subjects of Quebec, who lost their all by the late dreadful conflagration in that city, and to devise the best means for raising subscriptions in this City towards their relief.—We trust that the meeting will be numerously attended by the "bone and sinew" of the community, and that such measures will be adopted, and such liberal contributions made, as will redound to the honor of our city and its inhabitants in this humane and laudable work of charity.

MEXICO.—The papers contain a few additional items of news from this quarter, which we copy below:— Rumours of war are thickening upon us, and they come in so many shapes from Mexico that some of them are more than probably true. The New Orleans Republican received to day, gives the following as advices from Mexico. "Private letters received from Mexico, by the British frigate "Eurydice," state it as a matter almost of certainty, that before long the Mexican Government will declare war against the United States. "We have seen some of these letters, and they all go to confirm the statements to this effect made in our paper of yesterday. So hostile to our Country and to Texas in the tone of public sentiment in Mexico, that it is generally believed the Government must go to war, or suffer an overthrow by a new revolution."

THE EARL OF ALDBOROUGH CURED BY

Holloway's Pills.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from the Earl of Alborough dated Villa Messina, Leghorn, Feb. 21, 1845 To Professor HOLLOWAY.

Sir,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the continent, had not been able to effect; nay! not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Point of the Ointment, in case any of my family should ever require either.

Your most obliged and obedient servant, (Signed) ALDBOROUGH.

A WONDERFUL CURE OF DROPSY OF FIVE YEARS' STANDING.

Copy of a Letter from Mr Thomas Taylor, Chemist, Stockton, Durham, 17th April, 1845. To Professor HOLLOWAY.

Sir,—I think it my duty to inform you that Mrs Clough, wife of Mr John Clough, a respectable farmer of Acklam, within four miles of this place, had been suffering from Dropsy for five years, and had had the best medical advice without receiving any relief. Hearing of your Pills and Ointment, she used them with such surprising benefit, that, in fact she has now given them up, being so well and quite able to attend to her household duties as formerly, which she never expected to do again. I had almost forgotten to state that she was given up by the Faculty as incurable. When she used to get up in the morning it was impossible to discover a feature in her face, being in such a fearful state. This cure is entirely by the use of your medicines.

I am, Sir, yours, &c. &c., (Signed) THOMAS TAYLOR.

The Bryn, near Newtown, Montgomeryshire, North Wales, March 3rd, 1845. To Professor HOLLOWAY.

Sir,—I consider it my duty to inform you that your Pills, a few boxes of which I purchased at Mr Moore's, Druggist, of Newtown, have cured me of constant indigestion and constipation of the bowels, which application to literary pursuits had long entailed upon me. I should strongly recommend Authors, and studiously-disposed persons generally, to use your valuable Pills. You have my permission to publish this note, if you wish to do so.

I am, Sir, your most obedient servant, (Signed) G. R. WYTHEN BAXTER.
