

the affections, and entertain the imagination. May the warm-hearted Nova Scotians never forget the native genius of McPherson, and may their children's children be able to lisp his name. The Nova Scotian remarks:—

"Poor McPherson is no more. Death, the shadow of whose sable wings we fancied we saw closing around him in 1842, when we saw his humble dwelling in the wild, has seized his prey, and the minstrel's soul has passed into a region where 'the weary are at rest.' We knew it must come to this—and now that it has come, we would not recall him if we could. John McPherson was not fit for the rough and tumble of this world; his frame was too delicately organized—his mind too finely strung. Conscious of genius, and probably forwarned of his early fate by some inward feeling, he perhaps ascertained too querulously his claim to the admiration of his contemporaries. But this was his only fault—if fault it were; in all things else he was child-like and amiable. To his talents we have often delighted to call public attention, and we shall be much mistaken if he has not left some verses behind him which will 'long keep his memory green in our souls.'"

**SOMETHING NEW.**—We perceive by the Pictou Chronicle, that W. A. Henry, Esq., has obtained a verdict of £100 damages, against Patrick Power, Esq. M.P.P., for bribery at the last Election for Guysborough, N. S.

**LAUNCH.**—On Saturday, the 2nd inst., from the shipyard of Messrs. J. Cunard & Co., Chatham, a beautiful barque of 496 tons old measurement, 554 under Act 3 & 4, Wm. 4, ch. 55.

**MORMON DELUSION.**—The Fredericton Head Quarters states that several families who were comfortably settled on the River St. John, left that place on the 30th ult., on their route to Nauvoo. "Such was their anxiety," says that paper, "to journey towards the Holy City, that children labouring under an attack of the Measles, were carried away by their unhappy parents. These people will learn when too late, how cruelly they have been duped, but it is to be feared their bitter repentance will not come in time to benefit the innocent children which their fanaticism has dragged from home and country, to herd with men who have given themselves up to a delusion which seems to have bereft them of reason."

**FIRE.**—The dwelling house of Mr Patrick Doyle, of Bartibogue, was totally consumed by fire, on Tuesday last. A portion of the furniture, with much difficulty, was saved.

By the mail this morning, we received a Report of the proceedings of the Deputation, from the Church of Scotland, at Bathurst. It shall be attended to in our next No.

**THE UNICORN.**—The New York Commercial Advertiser says:—We are authorized to say that the report that the steamship Unicorn has been sold, is without foundation. The steamer is here for the purpose of being sold, and unless disposed of in a few days, will return to Halifax.

**SHIPPAN.**—We give below the substance of a communication sent us this week, from this place, and with the writer greatly regret that the names of these humane individuals, who had been the means of saving 100 of their fellow-beings from a watery grave, cannot be ascertained so as to bestow upon them that mark of approbation their conduct so truly deserves:—

"On the 18th ult., this place was visited with one of the most fearful gales ever remembered by the oldest fisherman. On the morning of that day, the wind blew lightly from the South West, and the appearance of the day so fine, that every boat belonging to Shippigan, Caragound, and Miscow, put off for the fishing grounds, with every prospect of a fine catch. Up to this time, not a cloud was to be seen, and the horizon gave no indication of an approaching storm; when about 10 A.M., the wind veered round to the North West, and blew a perfect hurricane. The violence of the waves, and that, were upset, and driven on rocks. Amongst the boats which had proceed-

ed to sea, fear and consternation prevailed. They had no alternative but weigh anchor, and be driven before it off the land: the sea was running mountains high, and as, from the violence of the wind, they were unable to carry sail, every succeeding sea threatened to engulf their tiny barks. By this time they had lost sight of land, when fortunately some American schooners, fishing Mackerel on the Brasille and Orphan Banks, hove in sight, and on seeing the perilous situation of the boats, these humane men immediately got under weigh, and stood towards them. As the gale was increasing, and the schooners considerably to leeward, they signalled them to bear down, and by skill and good seamanship, happily rescued every soul on board, and made fast as many as possible to the schooners, and directed their men to anchor the remainder on the banks, and leave them to their fate; by this noble act, every soul, amounting to 160, was saved. On Saturday, after the violence of the gale had somewhat subsided, the schooners stood in for the shore, and landed the men and boats in safety. A small vessel was immediately procured, and despatched in search of the boats which had been left at anchor on the bank at Miscow Island, (12 in number) and strange to say, found them all safe. As some of the men had lost their clothes, the American captains generously distributed a quantity of wearing apparel amongst them.

"One of the strange captains reports, that at the commencement of the gale, he perceived several boats labouring heavily, and bore up to render some assistance, but as they disappeared suddenly, it is feared they have all gone down; it is supposed they belonged to the Canada side. It is much to be regretted that neither the names of the schooners nor of the Captains is known here, in order that they may be publicly thanked."

**MR. JAMES A. PIERCE,**

Sir,—In the Gleaner of the 19th inst., I have seen with surprise an advertisement signed by Joshua Alexandre, Thomas Falle, and Hugh A. Caie, Port Wardens for the Port of Shippigan, and setting forth "that a Light, for the benefit of Coasters and Fishermen will be put up and maintained the present season, (from the first day of July to the first of October) at the north point of the southern entrance (called the little Gully) of Big Shippigan Harbour." I now beg to state that I never saw or signed said document, nor never was consulted in the matter. By publishing the above you will oblige, your obedient servant,

HUGH A. CAIE.

On Monday evening, the 28th ult., suddenly, at Point de Bute, Westmorland, Thompson Trueman, Esq., in the 45 year of his age. His death was caused by a fall from his horse a few minutes after he had left his residence. Mr. Trueman had been for years, a consistent and liberal member of the Wesleyan Methodist Church. By this most painful dispensation, his bereaved wife and family, as well as a large circle of friends, have been thrown into a state of inconceivable distress. To himself, it is trusted, sudden death was sudden glory.

**EXCITEMENT AMONG THE BARBERS OF PARIS.**—The strange and not very respectable compound of surgeon and barber still exists in many parts of France; and in Paris there is even a chartered company so called. They have, of course, the highest opinion of their skill, whether in curing a wound, dressing a *tossee*, or curling a whisker or moustache. Now it so happened, that very recently a patient of one of these same barber-surgeons had a bad leg, and was so completely past their skill, that he applied to a chemist, who recommended "Holloway's Ointment" and "Holloway's Pills," the latter as a tonic and alterative auxiliary to the Ointment. The consequence was, the patient recovered health and strength; but the excitement caused among the barber-surgeons by reason of the disgrace which this event brought home to them, it would be impossible to describe. The Parisians are now aware that in all external disorders, such as Rheumatism, Gout, Cancer, Scrofula, Glandular Complaints, Piles, Wounds, &c., these preparations are unrivalled, and true specifics.

### THE EARL OF ALDBOROUGH

CURED BY

### Holloway's Pills.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from the Earl of Alborough dated Villa Messina, Leghorn, Feb. 21, 1845 To Professor HOLLOWAY.

Sir,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the continent, had not been able to effect; nay! not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Point of the Ointment, in case any of my family should ever require either.

Your most obliged and obedient servant,

(Signed) ALDBOROUGH.

A WONDERFUL CURE OF DROPSY OF FIVE YEARS' STANDING.

Copy of a Letter from Mr Thomas Taylor, Chemist, Stockton, Durham, 17th April, 1845.

To Professor HOLLOWAY.

Sir,—I think it my duty to inform you that Mrs Clough, wife of Mr John Clough, a respectable farmer of Acklam, within four miles of this place, had been suffering from Dropsy for five years, and had had the best medical advice without receiving any relief. Hearing of your Pills and Ointment, she used them with such surprising benefit, that, in fact she has now given them up, being so well and quite able to attend to her household duties as formerly, which she never expected to do again. I had almost forgotten to state that she was given up by the Faculty as incurable. When she used to get up in the morning it was impossible to discover a feature in her face, being in such a fearful state. This cure is entirely by the use of your medicines. A small Dispensary of 1832.

I am, Sir, yours, &c. &c.,

(Signed) THOMAS TAYLOR.

To Professor HOLLOWAY.

Sir,—I consider it my duty to inform you that your Pills, a few boxes of which I purchased at Mr Moore's, Druggist, of Newtown, have cured me of constant indigestion and constipation of the bowels, which application to literary pursuits had long entailed upon me. I should strongly recommend Authors, and studiously-disposed persons generally, to use your valuable Pills. You have my permission to publish this note, if you wish to do so.

I am, Sir, your most obedient servant,

(Signed) G. R. WYTHEN BAXTER.
