**WESLEYAN ACADEMY,
Mount Allison, Sackville.**

Vote of Thanks to the Legislatures, and
Supporters of the Academy.

It being considered necessary that the com-
mittee should place on record their views of
the kindness of the supporters of this Institu-
tion, Legislative and otherwise, the following
resolution was unanimously passed, and order-
ed to be signed by the Chairman and Secre-
tary of the meeting:—

"The extensive aid which the Wesleyan
Academy, Mount Allison, has derived since its
establishment from various friends, and from
respective Legislatures of the Provinces of
New Brunswick and Nova Scotia, having been
made a subject of conversation at a recent
meeting of the committee of management,
held at Sackville, N. B., it was deemed just
and right that the high sense which the com-
mittee entertain of the very liberal feelings
thus practically evinced, should be more exten-
sively known,—

"Thereupon unanimously Resolved, That
this committee are deeply sensible of the kind-
ness and liberal support which have been man-
ifested both by Individuals, and the Provinci-
al Legislatures of New Brunswick and Nova
Scotia, by their numerous Donations and An-
nual Grants to this Academy, as a Wesleyan
Institution, and hereby tender their sincere and
cordial thanks to the individual parties and
Legislative Bodies, for the same; and the
committee cannot but think that it will be a
source of gratification to the individual and
public supporters of this Institution to learn
from this official meeting, that great prosperity
has attended, and still marks this seat of learn-
ing; and that there is thus afforded practical
and satisfactory proof, that this their liberality
has been well directed.
[Signed] **ENOCH WOOD, Chairman.**
A. W. McLEOD, Secretary.

The next Term of the above Institution
will commence on Monday, the 8th day of
August next, and continue nineteen weeks.
H. PICKARD, A. M. Principal.

ANGLO AMERICAN.
Published every Saturday in New
York.

This excellent Family Paper, the proprietors
are desirous of circulating in New Brunswick,
Nova Scotia, and P. E. Island; there being
already an extensive subscription in Canada.—
It consists of 24 pages, published weekly, in a
folio form, making 624 pages annually, a very
convenient size for binding; and contains ap-
proved selections from the periodicals of the
day, with a compendium of the Parliamentary
Debates, and the general news of the week;
but its conductors studiously avoid any inter-
ference with politics, particularly with those
of the British Colonies, the discussion of which
in a paper published elsewhere, would be im-
proper. The price is moderate—Four Dollars
per annum, in advance, free of American
postage; and the subscribers will this year be
presented with a splendid Mezzotint plate of
the Duke of Wellington, and Lord Nelson,
which Mr Edmund Ward, who is connected
with the paper, and who will visit New Brun-
swick next week, will bring with him for deli-
very to those persons throughout the province
who are disposed to confer on the Anglo Amer-
ican their patronage.
St. John, June 27, 1846.

**GOODYEAR'S METALLIC GUM
Elastic Machine Belting.**

The Subscribers having been appointed
Agents for the sale of the above article, and all
other articles manufactured at the same estab-
lishment, beg to draw the attention of Mill
Owners and others to the peculiar qualities of
the above article.

- 1st. Perfect equality of width and thickness
which it will retain.
- 2nd. No degree of heat under 250 Fahren-
heit injures it, and it remains flexible in any
degree of cold.
- 3rd. Essential and common Oil, Turpentine
and other solvents (some of which at once will
destroy leather) produces no effect on it.
- 4th. It is of GREAT STRENGTH and DURAB-
ILITY, does not slip on the pulleys, conse-
quently a gain of power is obtained, and when
adjusted to machinery, DOES NOT REQUIRE AL-
TERATIONS, as is the case with Leather.
- 5th. It is particularly adapted to Machine
Shops, Furnaces, &c., where coal, gas, and
steam prove so injurious to leather.
- 6th. It is confidently believed that electric-
ity will in a great measure be avoided by the
use of this Belting, it being a non-conductor.

Every information given on application to
the subscribers, where samples of the above
mentioned article can be seen, as also WATER
PROOF COATS, and ELASTIC PAPER BANDS
an excellent and convenient article for filing
papers.
JOHNSON & MACKIE.
