

**SOUTHERN MAIL.**

The Courier with the Southern Mail arrived at the Post Office yesterday afternoon at 3 o'clock.

Halifax Morning Post, June 25.

Late from Boston.—By the arrival of the Schooner Boston early yesterday morning, we have dates from Boston one day later, containing the highly interesting intelligence copied below.

Highly Important from Mexico.—Baltimore, Wednesday night.—Dates from Vera Cruz, to June 1st, have been received at Charleston, by the way of Havana.

The Consuls of the neutral nations, resident at Vera Cruz, had protested against the blockade of that port.

The Mexican Congress met on the 27th ult. Ex-President Bustamante, being appointed President of the same. It is generally believed he will be elected President.

It is said that Paredes will march over to Matamoras, at the head of a strong army,—the largest portion composed of the body of troops, called the reserve. The time for his departure with this army is already fixed, but has not been made public. Gen. Bravo will occupy the Presidential chair, *ad interim*.

The suspension of payments continues, and things generally remain in the worst condition.

The Mexican government had called a meeting for the purpose of procuring resources, which it was believed could hardly be obtained, as the clergy are not able to pay the amount of \$90,000 monthly already demanded by the Government; and, on the other hand, the actual condition of the several States is not such as to expect from them any resources.

New Orleans papers of the 8th, 9th and 10th inst, have been received in which we find the following.

General Taylor's son has left for New Orleans for Matamoras, with his father's brevet commission of Major General.

The lady of Captain Page, who was so severely wounded at the battle of Palo Alto, arrived at New Orleans on the 9th, on her way to Point Isabel, to meet her husband.

A letter published in the Delate from Pensacola says, that it is reported that the condition of our squadron, in relation to that of the English fleet, which has been increased, is very precarious.

It is also rumored that as soon as the English hear of the declaration of war against Mexico, it will be the signal for them to take possession of the whole Mexican coast; and that is their intention to do so. If they do attempt it, look out for hard knocks. Although Com. Sloat's squadron is somewhat diminished by the return of old Ironsides to the United States, still he will, no doubt, when joined by Capt. Stockton, give a good account of himself.

The principal portion of the American fleet are now at Jalovered; and the Mary's, Falmouth, and a small brig are cruising before Tambico.

Mr. Walker has issued orders to grant clearances to Metamoras thus throwing open Northern Mexico to American manufactures.

**WILLIAM McNAUGHT, Tailor.**

BEGS to return his sincere thanks to his friends and the public in general for the liberal support they have afforded him for some years past, and solicits a continuance of the same, at his old stand, next door below the shop of Mr. C. McCully, Watchmaker. He is in want of two good JOURNEYMEN and an AP- PRENTICE. A lad from the country would be preferred.

Chatham, June 12, 1846.
