

The Boy Bird!—The Greens, Hamptons, the Grahams,—in fact all the Ballooners are about to be thrown into the shade by a new species of "High-flyer." An Indian has lately arrived from the Pampas, (South America,) with his son, a spare, active, and intelligent child of five years of age. They have brought with them to Marselles, a "Condor," a bird much larger than the eagle, and of a glossy jet-black in colour. The bird is quite tame, and permits the boy to be fastened to its back, who, as it rises aloft to the clouds, guides it with a small pointed stick. The other day, the boy went from Marselles to Florence, across the sea, in twenty minutes! The father, it is said, takes the precaution to keep by him several boxes of "Holloway's Ointment" and its powerful tonic and alterative auxiliary, "Holloway's Pills," so as to be armed at all points against accident, and promote his son's general health and strength of nerve. It is now certain that in all disorders such as Gout, Cancer, Paralysis, Piles, Rheumatism, Glandular Swellings, Wounds, indeed, in ALL diseases, these preparations have most extraordinary and unrivalled qualities.
