

discovery of parts of her clothing, covered with blood, as well as some bones, the supposed mangled remains of her person. It was then observed that there were numerous bears' tracks around the spot, and this, coupled with the traces already mentioned, compelled to the horrible conviction that the poor child had been devoured by one of these ravenous animals, some of them having been known to be in the neighborhood during the season.

Canada.

From the Quebec Gazette Dec 13, The thermometer to-day at noon is up to 40°, and the rain it raineth every day. We recollect half a day's ploughing being done on the 6th January. We should prefer, however, a regular Canadian winter; snow on the ground from the beginning of November to the beginning of May. There is nothing gained by this reform of the climate.

SIERRA LEONE.

Great Mortality.—The captain of a Sierra Leone vessel, direct from that place, informs us that the yellow fever, and a disease known on this coast by the name of the black vomit, are raging there, cutting down more or less of all classes. They are more fatal, however, among foreigners.

Some idea may be formed of the extent of the plague, from the fact that by order of the Board of Health, five graves are constantly yawning to receive their victims.

Few of the citizens are aware of the number who are buried nightly. This is a precaution to prevent, if possible, the fatal effects of alarm.—[Monrovia Luminary, Oct. 13.]

RELIEF WARRANTED.

Great New England Remedy for Coughs, Colds, and all Lung Complaints!

Hunter's celebrated Pulmonary Balsam or Cough Syrup.

This pleasant and agreeable Syrup is now being sold in vast quantities, for the very good reason that almost universal relief has been found by the thousands who have made use of it for coughs, colds, and lung complaints, within the past year.

It comes from a quarter where cases of consumption have been most frequent, and where it has heretofore been most fatal in its termination, owing to an ever changing climate. It is a scientific preparation, having been got up by one of the most skillful and successful physicians in New England.

Hunter's Pulmonary Balsam

Is a combination of ten distinct articles of medicine, each of which taken separately would be of service to a person afflicted with a cough or lung complaint. It is comparatively a new article, although it has been used for years in an extensive practice, with unparalleled success. Yet it is not more than one year since it has been put up in its present form for the purpose of circulating it. During this short time an almost incredible amount of it has been sold, whilst little effort has been made to increase its sale. It has depended upon its own merits, and thousands have been relieved and cured.

At one establishment, in Maine, 5 thousand bottles have been sold at retail within the last twelve months. More than fifty individuals who were pronounced decided and marked cases of consumption, in the city of Bangor and vicinity, have been entirely cured by the use of Hunter's Balsam. Frequent cases have occurred where strangers journeying for health, and passing where the article was kept, have been induced by the recommendations of others to purchase a bottle, and after using it, have sent from two to three hundred miles for it.

Hunter's Pulmonary Balsam is an agreeable syrup, and is warranted an effective remedy for coughs, hoarseness, colds, pain in the breast, influenza, hoarse breathing, liver and lung complaints, difficult expectoration. For adults and children in cold climates and warm. It has remained to a late day to discover an article so admirably adapted to these complaints, so powerful and effectual, and yet so perfectly innocent and mild. A single trial of it will do more to convince all of its merits than all they can see or hear on the subject. It is quite certain that no injury has ever been known to arise from its free use. An uncommon fact is that this remedy is a syrup, palatable and pleasant to the taste. Children take it with the greatest readiness.

600,000 Boxes sold the past year.

Indian Dyspepsia Pills,

For cure of costiveness, acidity of the stomach bilious habits, headache, dizziness, heart burning, pain in the side, lung and liver complaints.

Dyspepsia and Indigestion,

With costiveness, acidity of the stomach, heart burnings, bilious complaints, producing headache, pain in the side, loss of appetite, and general debility, can be remedied, removed, and entirely cured by the use of the Indian Dyspepsia pills. These pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dyspepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate organs with regularity.

Costiveness.

Habitual costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also in all bilious diseases, attended with pain in the side and right shoulder blade, with a dull, sallow countenance. In all Diarrhoees, ague and fever, bilious fever and sick head ache, they are an invaluable remedy.

For purifying the blood we do not believe these pills have their equal in the world.

30,000 Thousand bottles sold the past year.

Rest and Comfort to the Suffering.

Cramp and Pain Killer,

Rheumatic and Cramp LINIMENT is decidedly and without controversy the best article in the world for Cramp in the Limbs, or stomach, pain in the stomach, bowels and side; Rheumatism in all its forms, stitches in the back or side, cholic, chapped hands, sore lips, colds, and tooth ache, inflammatory sore throat, and burns. Also Dr. Weld's STRENGTHENING PLASTERS, for pain in the side, stomach, and back; sold wholesale and retail by Curtis and Perkins, Bangor, and by

K. B. & W. FORBES.
