The importance of Life Assurance, whereby a man may, by a small saving from his annual income, provide for his family at his decease, cannot be doubted. And this society offers to the public advantages over other similar institutions, as in addition to a subscribed capital of £500,000, sterling, it is formed on the mutual and joint stock principle.

The premiums may be paid annually, half yearly, or quarterly, and two thirds of the premium may be borrowed by the assured. This system has in many instances afforded effectual aid to the policy holder, in enabling him to obtain his policy, and to carry out his original intention of providing for his family.

## All may be cured, By

## Holloway's Ointment!

FIFTY ULCERS CURED IN SIX WEEKS.

Extract of a Letter from John Martin, Esq.,

"Chronicle" Office, Tobago, West Indies:—

To Professor HOLLOWAY.

Sir,—I beg to inform you that the inhabitants

of this island, especially those who cannot

afford to employ medical gentlemen, are very

anxious of having your astonishing Medicines

within their reach, from the immense benefits

some of them have derived from their use, as

they have been found here, in several cases, to

cure Sores and Ulcers of the most malignant

and desperate kind. One gentleman in this

island, who had, I believe, about fifty running

ulcers about his arms, legs, and body, who had

tried all other Medicines before the arrival of

yours, but all of which did him no good; but

yours cured him in about six weeks, and he is

now, by their means alone, quite restored to

health and vigour.

JOHN MARTIN.

PILES, FISTULAS, & BEARINGS-DOWN.

A remarkable Cure by these Pills and Ointment.

—A half-pay lieutenant, lately residing at

St. Helier's, Jersey, whose name by request is

omitted, had for three years suffered from piles

and fistula, besides a general bearing down, of

the most distressing nature. He had twice

undergone an operation, but to no purpose, and

at last gave himself up to despair. Yet,

notwithstanding this complication of complaints,

together with a debilitated constitution, he

was completely cured of all his infirmities,

and restored to the full enjoyment of health by

these justly renowned medicines, when every

other means had failed.

Extraordinary Cure in the West Indies, of

Leprosy and other direful skin diseases.

Mr LEWIS REEDON, of Georgetown, Demerara,

writes under the above date—that

Holloway's Pills and Ointment have cured bad

legs that no doctor could manage, ulcers and

sores that were of the most dreadful description,

as likewise leprosy, blotches, scales, and

other skin diseases of the most frightful nature,

and that the cures effected there by these wonderful

medicines are so numerous and extraordinary

as to astonish the whole population.

CANCERED BREAST.—A WONDERFUL

CIRCUMSTANCE.

Copy of a Letter from Richard Bull, Bootmaker,

Tatton, near Southampton.

February 9th, 1845.

To Professor HOLLOWAY.

Sir,—The Lord has permitted to be wrought

a wonderful cure of Cancers or Abscesses, of 12

years' standing, in my wife's breast. In the

latter part of the time, eleven wounds were

open at once. The Faculty declared the case

as past cure, several pieces of bone has come

away, and I expected that my poor wife would

soon have been taken from me. It was then

that a friend recommended the use of your Pills

and Ointment, which, to our utter astonishment,

in the space of about three months, healed up

the breast as soundly as ever it was in her life.

I shall ever remain, your grateful servant,

(Signed) RICHARD BULL.

## News from England.

WILLMER AND SMITH'S EUROPEAN

TIMES,

Which arrives by every steam ship at Halifax

Comprises an English Newspaper,—a

Shipping List,—and a General Price

Current.

It is arranged and published

Expressly for Nova Scotia, New Brunswick,

Newfoundland, Canada, the

United States, &c.

Of this Paper the "Boston Morning Post"

says—"We are greatly indebted to this News-

paper for our Foreign, Miscellaneous, and

Commercial News. One number of Willmer

& Smith's European Times is worth a whole

file of any other English paper."

During the time this Journal has been before

the world, the Proprietors refer, with pleasure,

to the praise which it has elicited from the

press of England, Scotland, Ireland, the United

States, the West Indies, and the encouragement

it has received from the public of Canada and

the United States.

THREE ESSENTIAL FEATURES DISTINGUISH IN

FROM ALL CONTEMPORANEOUS PUBLICATIONS.

FIRST.—It contains a full, correct, and com-

prehensive Shipping List, arranged on a plan

so plain and practicable, that "who runs may

read." Persons interested in the Marine of

British America may turn in an instant to the

information which they seek, with the certainty

relying on its truth. It thus supersedes

shipping Lists, and other expensive publications

from Europe, some of which are six times the

price of Willmer & Smith's European Times.

SECONDLY.—It contains a Price Current of

all the great British and European Markets,

devoted principally to the articles of trade and

commerce, more immediately appertaining to

British America and the United States, and in

which the Merchant, the Trader, and the man

of business must feel an immediate interest.

On the score of correctness, the Tabular Fig-

ures, and the remarks accompanying the various

markets, showing their actual condition, may

be relied on, and are, in fact, an authority with

that of the first Houses in the principal cities
