PATRICK BURNS.

B. A. Fahnestock's Vermifuge.

This excellent medicine continues to be extensively used, and fresh proofs of its efficacy are being constantly afforded. Among others, the following certificate has been received by the Agents, and is submitted to the notice of the public.

Petite Riviere, Lunenburg County, March 24, 1846.

Seeing last Fall an advertisement in a newspaper stating a medicine called Fahnestock's Vermifuge, to be an effectual remedy for expelling worms from the system. I was thereupon induced to send for two bottles, and by way of trying its good qualities, gave three small doses in the morning, each an hour apart, (according to the directions) to a little girl, about four years old apparently in good health, and to our astonishment, during the afternoon of the same day, eighteen worms, from five to ten inches long, were dislodged. The other bottle was given to Mr. Hilton, a neighbour, of mine to be administered to one of his little boys, who, it was supposed, had worms, and when only one half the contents of the vial had been used, how were we surprised to find that no less than one hundred and thirty seven large worms had been passed. Being therefore convinced of the value of Fahnestock's Vermifuge as a worm exterminator. I would recommend it to the public as the most effectual medicine for expelling worms from the system that has ever come within my knowledge.

I am very respectfully your obedient servant J. R. HALL.

Sold wholesale and retail, for the proprietor, at Morton's Medical Warehouse, Halifax, N. S., and in Chatham at the store of Mr. JOHN FRASER, and by Mr J. McPHEER, Buctouche. Agents for all genuine patent Medicines, Morton & Co.
