

## THE EARL OF ALDBOROUGH

CURED BY

## Holloway's Pills.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from the Earl of Aldborough dated Villa Messina, Leghorn, Feb. 21, 1845 To Professor HOLLOWAY.

Sir,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the continent, had not been able to effect; nay! not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Point of the Ointment, in case any of my family should ever require either.

Your most obliged and obedient servant.

(Signed) ALDBOROUGH.

## A WONDERFUL CURE OF DROPSY OF FIVE YEARS' STANDING.

Copy of a Letter from Mr Thomas Taylor, Chemist, Stockton, Durham, 17th April, 1845. To Professor HOLLOWAY.

Sir,—I think it my duty to inform you that Mrs Clough, wife of Mr John Clough, a respectable farmer of Acklam, within four miles of this place, had been suffering from Dropsy for five years, and had had the best medical advice without receiving any relief. Hearing of your Pills and Ointment, she used them with such surprising benefit, that, in fact she has now given them up, being so well and quite able to attend to her household duties as formerly, which she never expected to do again. I had almost forgotten to state that she was given up by the Faculty as incurable. When she used to get up in the morning it was impossible to discover a feature in her face, being in such a fearful state. This cure is entirely by the use of your medicines.

I am, Sir, yours, &amp;c. &amp;c.

(Signed) THOMAS TAYLOR.

## ACURE OF INDIGESTION AND CONSTIPATION OF THE BOWELS.

Copy of a Letter from G. R. Wythen Baxter, Esq., Author of the "Book of the Bastiles," &amp;c. &amp;c.

The Bryn, near Newtown, Montgomeryshire, North Wales, March 3rd, 1845. To Professor HOLLOWAY.

Sir,—I consider it my duty to inform you that your Pills, a few boxes of which I purchased at Mr Moore's, Druggist, of Newtown, have cured me of constant indigestion and constipation of the bowels, which application to literary pursuits had long entailed upon me. I should strongly recommend Authors, and studiously-disposed persons generally, to use your valuable Pills. You have my permission to publish this note, if you wish to do so.

I am, Sir, your most obedient servant.

(Signed) G. R. WYTHEN-BAXTER.

## News from England.

## WILLMER AND SMITH'S EUROPEAN TIMES.

Which arrives by every steam ship at Halifax Comprises an English Newspaper,—a Shipping List,—and a General Price Current.

It is arranged and published Expressly for Nova Scotia, New Brunswick, Newfoundland, Canada, the United States, &c.

Of this Paper the "Boston Morning Post" says—"We are greatly indebted to this Newspaper for our Foreign, Miscellaneous, and Commercial News. One number of Willmer & Smith's European Times is worth a whole file of any other English paper."

During the time this Journal has been before the world, the Proprietors refer, with pleasure, to the praise which it has elicited from the press of England, Scotland, Ireland, the United States, the West Indies, and the encouragement it has received from the public of Canada and the United States.

THREE ESSENTIAL FEATURES DISTINGUISH IT FROM ALL CONTEMPORANEOUS PUBLICATIONS.

FIRST.—It contains a full, correct, and comprehensive Shipping List, arranged on a plan so plain and practicable, that "who runs may read." Persons interested in the Marine of British America may turn in an instant to the information which they seek, with the certainty relying on its truth. It thus supercedes shipping Lists, and other expensive publications from Europe, some of which are six times the price of Willmer & Smith's European Times.

SECONDLY.—It contains a Price Current of all the great British and European Markets, devoted principally to the articles of trade and commerce, more immediately appertaining to British America and the United States, and in which the Merchant, the Trader, and the man of business must feel an immediate interest. On the score of correctness, the Tabular Figures, and the remarks accompanying the various markets, showing their actual condition, may be relied on, and are, in fact, an authority with that of the first Houses in the principal cities in the United States and Canada.

THIRDLY.—As a newspaper, it presents to the American reader, in a concentrated state, and where the interest or the importance of the subject demands it, in the most detailed and ample form, every topic of political, commercial, domestic, and miscellaneous interest which has occurred in Europe or elsewhere, since the departure of the previous packet—special regard being paid to whatever is most connected with, or relates to, the political, social, and commercial well-being of British America and the United States. Willmer & Smith's European Times, in short, takes a GLANCE at every circumstance in which the inhabitants of the great Western World can possibly feel an interest. It puts the American reader in possession, the moment it comes to hand, of whatever has transpired, during the interval in Europe—personal, political and commerce.

The subscription to this Paper is 16s. per annum, and may be ordered of JAMES CAIR, Esquire, Postmaster, Chatham, Miramichi.

## Life Assurance.

## NATIONAL LOAN FUND LIFE ASSURANCE SOCIETY OF LONDON.

CAPITAL—£500,000, sterling.

Empowered by Act of Parliament.

Board of Local Directors, at Halifax, N. S., THOMAS R. GRASSIE, Esquire—Chairman, John Strachan, Esq., Hon. Samuel Cunard, Thos. C. Kinnear, Esq. John Duffus, Esq., Jonathan Allison, Esquire.

Manager and Agent—Frederick R. Starr, Esq. The subscriber, as Agent for Northumberland, Kent, Gloucester, and West Gloucester, is prepared to give every information, as to the Society's rates of Premium, mode of Insurance, &c. &c.

The importance of Life Assurance, whereby a man may, by a small saving from his annual income, provide for his family at his decease, cannot be doubted. And this society offers to the public advantages over other similar Institutions, as in addition to a subscribed capital of £500,000 sterling, it is formed on the mutual and equal stock principle.

The premiums may be paid annually, half yearly, or quarterly, and two thirds of the premium may be borrowed by the assured. This system has in many instances afforded effectual aid to the policy holder, in enabling him to obtain his policy, and to carry out his original intention of providing for his family.

## Worms: Worms:

Comstock's Vermifuge.—This remedy for Worms is one of the most extraordinary ever used. It effectually eradicates worms of all sorts from children and adults.

Thousands perish by worms without the cause being known. Some other remedy is assigned for their sickness until too late to cure the real cause.

What immense responsibility then rests upon the parent who does not know, and the doctor who does not understand the complaint, which is destroying those precious flowers of life—children.

What should be done?

The answer is plain. Give this Vermifuge, which will be sure to do good, if they have no worms, and if they have it will destroy and eradicate with a certainty and precision truly astonishing.

It cannot harm the smallest infant or the strongest adult. There is no mercury or mineral in it. Mercury is the basis of most worm remedies; and the remedy is sometimes worse than the disease. So never use lozenges, but rely upon this. Every person will be convinced on one trial that it is the most perfect cure ever invented.

We call on all good citizens to make known the effects of this wonderful remedy.

Comstock's Magical Pain Extractor.—The most extraordinary article ever used for the following complaints—burns and scalds, frosted parts, chilblains, bruises, ringworms, scrofula, salt rheum, ulcers, eruptions, corns, nipples, piles, inflamed skin, cuts, stabs, &c.

FOR THE HAIR.—Balm of Columbia.—The only safe and certain means of restoring hair from baldness or grayness, and preserving a juvenile beauty from infancy to age. It thoroughly removes dandruff, produces eyebrows and whiskers, and fosters children's hair to a beautiful luxuriance.

RHEUMATISM AND GOUT.—How numerous the instances of persons who suffer almost constantly the pain from rheumatic affections, swelled limbs, pain in the bones, &c., and who, although they have tried numerous remedies, experienced no relief. We would say to such that they can be entirely cured by using the Indian Vegetable Extract and Liniment, which has effectually cured the most desperate cases, when the persons have been afflicted with it for years.

The only effectual Remedy for removing Hair.—What a blessing it is to the Ladies to know that there is at least one article that will eradicate superfluous hair effectually. It is called the French Depilatory. It will take off the strongest hair in three minutes from the time applied, and leave the skin whiter and softer than before.

What's the use of going with red, grey Whiskers, when for 60 cents you can have them brown or black by applying the Naper's Dye.

All the above articles are sold wholesale and retail by D. C. Ross, 19, Tremont Row, Boston; and WM. J. FRASER, Miramichi.
