

THE EARL OF ALDBOROUGH
CURED BY

Holloway's Pills.

THE EARL OF ALDBOROUGH CURED
OF A LIVER AND STOMACH COM-
PLAINT.Extract of a Letter from the Earl of Aldborough
dated Villa Messina, Leghorn, Feb. 21, 1845
To Professor HOLLOWAY.

Sir,—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending me your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the continent, had not been able to effect; nay! not even the waters of Carlsbad and Marienbad. I wish to have another Box and a Point of the Ointment, in case any of my family should ever require either.

Your most obliged and obedient servant,
(Signed) ALDBOROUGH.A WONDERFUL CURE OF DROPSY OF
FIVE YEARS' STANDING.Copy of a Letter from Mr Thomas Taylor,
Chemist, Stockton, Durham, 17th April, 1845.
To Professor HOLLOWAY.

Sir,—I think it my duty to inform you that Mrs Clough, wife of Mr John Clough, a respectable farmer of Acklam, within four miles of this place, had been suffering from Dropsy for five years, and had had the best medical advice without receiving any relief. Hearing of your Pills and Ointment, she used them with such surprising benefit, that, in fact she has now given them up, being so well and quite able to attend to her household duties as formerly, which she never expected to do again. I had almost forgotten to state that she was given up by the Faculty as incurable. When she used to get up in the morning it was impossible to discover a feature in her face, being in such a fearful state. This cure is entirely by the use of your medicines.

I am, Sir, yours, &c. &c.

(Signed) THOMAS TAYLOR.

ACURE OF INDIGESTION AND CON-
STIPATION OF THE BOWELS.Copy of a Letter from G. R. Wythen Baxter,
Esq., Author of the "Book of the Bastiles,"
&c. &c.The Bryan, near Newtown, Montgomeryshire,
North Wales, March 3rd, 1845.
To Professor HOLLOWAY.

Sir,—I consider it my duty to inform you that your Pills, a few boxes of which I purchased at Mr Moore's, Druggist, of Newtown, have cured me of constant indigestion and constipation of the bowels, which application to literary pursuits had long entailed upon me. I should strongly recommend Authors, and studiously-disposed persons generally, to use your valuable Pills. You have my permission to publish this note, if you wish to do so.

I am, Sir, your most obedient servant.

(Signed) G. R. WYTHEN BAXTER.

A CURE OF ASTHMA AND SHORTNESS
OF BREATH.Extract of a Letter from the Rev. David Wil-
liams, Resident Wesleyan Minister at Beau-
maris, Island of Anglesea, North Wales,
January 14th, 1845.

To Professor HOLLOWAY.

Sir,—The Pills which I requested you to send me were for a man of the name of Hugh Davis, who, before he took them, was almost unable to walk for the want of breath! and had only taken them a few days when he appeared quite another man,—his breath is now easy and natural, and he is increasing daily in strength.

(Signed) DAVID WILLIAMS.

News from England.

WILLMER AND SMITH'S EUROPEAN
TIMES.Which arrives by every steam ship at Halifax.
Comprises an English Newspaper,—a
Shipping List,—and a General Price
Current.It is arranged and published
Expressly for Nova Scotia, New Brun-
swick, Newfoundland, Canada, the
United States, &c.Of this Paper the "Boston Morning Post"
says—"We are greatly indebted to this News-
paper for our Foreign, Miscellaneous, and
Commercial News. One number of Willmer
& Smith's European Times is worth a whole
file of any other English paper."During the time this Journal has been before
the world, the Proprietors refer, with pleasure,
to the praise which it has elicited from the
press of England, Scotland, Ireland, the United
States, the West Indies, and the encouragement
it has received from the public of Canada and
the United States.THREE ESSENTIAL FEATURES DISTINGUISH IT
FROM ALL CONTEMPORANEOUS PUBLICATIONS.

FIRST.—It contains a full, correct, and com-
prehensive Shipping List, arranged on a plan
so plain and practicable, that "who runs may
read." Persons interested in the Marine of
British America may turn in an instant to the
information which they seek, with the certainty
relying on its truth. It thus supersedes
shipping Lists, and other expensive publications
from Europe, some of which are six times the
price of Willmer & Smith's European Times.

SECONDLY.—It contains a Price Current of
all the great British and European Markets,
devoted principally to the articles of trade and
commerce, more immediately appertaining to
British America and the United States, and in
which the Merchant, the Trader, and the man
of business must feel an immediate interest.
On the score of correctness, the Tabular Fig-
ures, and the remarks accompanying the various
markets, showing their actual condition, may
be relied on, and are, in fact, an authority with
that of the first Houses in the principal cities
in the United States and Canada.

THIRDLY.—As a newspaper, it presents to
the American reader, in a concentrated state,
and where the interest or the importance of the
subject demands it, in the most detailed and
ample form, every topic of political, commer-
cial, domestic, and miscellaneous interest
which has occurred in Europe or elsewhere,
since the departure of the previous packet—
special regard being paid to whatever is most
connected with, or relates to, the political,
social, and commercial well-being of British
America and the United States. Willmer &
Smith's European Times, in short, takes a
GLANCE at every circumstance in which the
inhabitants of the great Western World can
possibly feel an interest. It puts the American
reader in possession, at the moment it comes to
hand, of whatever has transpired, during the
interval in Europe—personal, political and
commercial.

The subscription to this Paper is 10s. per
annum, and may be ordered of JAMES CAIR,
Esquire, Postmaster, Chatham, Miramichi.

RANCE SOCIETY, OF LONDON.

Thos. C. Kinnear, Esq. John Duffus, Esq.,
Jonathan Addison, Esquire.

Standing Counsel—The Hon. Attorney General.

Solicitor—J. C. Halliburton, Esquire.

The subscriber, as Agent for Northumber-
land, Kent, Gloucester, and Resigouche, is
prepared to give every information, as to the
Society's rates of Premium, mode of Insurance,
&c. &c.

The importance of Life Assurance, whereby
a man may, by a small saving from his annual
income, provide for his family at his decease,
cannot be doubted. And this society offers to
the public advantages over other similar insti-
tutions, as in addition to a subscribed capital of
£500,000 sterling, it is formed on the mutual
and joint stock principle.

The premiums may be paid annually, half
yearly, or quarterly, and two thirds of the pre-
mium may be borrowed by the assured. This
system has in many instances afforded effectual
aid to the policy holder, in enabling him to
obtain his policy, and to carry out his original
intention of providing for his family.

Worms: Worms:

Comstock's Vermifuge.—This remedy
Worms is one of the most extraordinary and
used. It effectually eradicates worms of all
sorts from children and adults.

Thousands perish by worms without the
cause being known. Some other remedies
assigned for their sickness, until too late to
cure the real cause.

What immense responsibility then rests on
the parent who does not know, and the
doctor who does not understand the complaint,
which is destroying those precious flowers of
life—children.

What should be done?
The answer is plain. Give this Vermifuge,
which will be sure to do good, if they have
no worms, and if they have it will destroy and
eradicate with a certainty and precision truly
astonishing.

It cannot harm the smallest infant or the
strongest adult. There is no mercury or min-
eral in it. Mercury is the basis of most worm
remedies; and the remedy is sometimes worse
than the disease. So never use lozenges, but
rely upon this. Every person will be convin-
ced on one trial that it is the most perfect cure
ever invented.

We call on all good citizens to make known
the effects of this wonderful remedy.

Connel's Magical Pain Extractor.

The most extraordinary article ever used for
the following complaints—burns and scalds,
frost-bitten parts, chilblains, bruises, ringworms,
scrofula, salt rheum, ulcers, eruptions, corns,
nipples, piles, inflamed skin, cuts, stabs, &c.

FOR THE HAIR.—Balm of Colum-
bia.—The only safe and certain means of re-
storing hair from baldness or grayness, and of
preserving a juvenile beauty from infancy to
age. It thoroughly removes dandruff, produces
eyebrows and whiskers, and fosters children's
hair to a beautiful luxuriance.

RHEUMATISM AND GOUT.

How numerous the instances of persons who
suffer almost constantly the pain from rheuma-
tic affections, swollen limbs, pain in the bones,
&c., and who, although they have tried numer-
ous numerous remedies, experienced no relief.
We would say to such that they can be entire-
ly cured by using the Indian Vegetable Elixir
and Liniment, which has effectually cured
the most desperate cases, when the persons has
been afflicted with it for years.

The only effectual Remedy for removing
Hair.—What a blessing it is to the Ladies to
know that there is at least one article that will
eradicate superfluous hair effectually. It is
called the French Depilatory. It will take off
the strongest hair in three minutes from the
time applied, and leave the skin whiter and
softer than before.

What's the use of going with red, or
grey Whiskers, when for 50 cents you can have
them brown or black by applying the Naples
Dye.

All the above articles are sold wholesale and
retail by D. C. ROSS, 10, Tremont Row, Bur-
ton; and WM. J. FRASER, Miramichi.
