Dyspepsia and Indigestion,
With costiveness, acidity of the stomach, heart burnings, bilious complaints, producing headache, pain in the side, loss of appetite, and general debility, can be remedied, removed, and entirely cured by the use of the Indian Dyspepsian pills. These pills have off cient the most assonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dyspepsia. They are a mild and gentle Catharite, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate organs with regularity.

Costi weness.

Costiveness.

Habitual costiveness is, if not removed in time, a cause of more than half of the disor ders and pains to which humanity is subject. The medicines too generally had recourse to do more harm than good as they weaken, the perisaltic action of the bowels, and thus rubbing your invaluable Ciatment twice a day aggravate instead of removing the complaint.

To Professor Hollowar.
Sir,—The Lord has permitted to be wrought a wonderful cure of Canterts or Abscesses, of 12 years' standing, in my wife's breast. Inhelatter part of the time, eleven wounds were open at once. The Faculty declared the case as past cure, several pieces of bone has come away, and I expected that my poor wife would soon have been taken from me. It was then soon have been taken from me. It was then that a friend recommended the use of your Pills and Ointment, which, to our utter astonishment, in the space of about three mouths, healed up the breast as soundly as ever it was in her life.

I shall ever remain, your grateful servant,
