RELIEF WARRANTED.

Great New England Remedy for Coughs, Colds, and all Lung Complaints!

Hunter's celebrated Pulmonary Balsam or Cough Syrup.

This pleasant and agreeable Syrup is now being sold in vast quantities, for the very good reason that almost universal relief has been found by the thousands who have made use of it for coughs, colds, and lung complaints, within the past year.

It comes from a quarter where cases of consumption have been most frequent, and where it has heretofore been most fatal in its termination, owing to an ever changing climate. It is a scientific preparation, having been got up by one of the most skillful and successful physicians in New England.

Hunter's Pulmonary Balsam

Is a combination of ten distinct articles of medicine, each of which taken separately would be of service to a person afflicted with a cough or lung complaint. It is comparatively a new article, although it has been used for years in an extensive practice, with unparalleled success. Yet it is not more than one year since it has been put up in its present form for the purpose of circulating it.

At one establishment, in Maine, 5 thousand bottles have been sold at retail within the last twelve months. More than fifty individuals who were pronounced decided and marked cases of consumption, in the city of Bangor and vicinity, have been entirely cured by the use of Hunter's Balsam.

Hunter's Pulmonary Balsam is an agreeable syrup, and is warranted an effective remedy for coughs, hoarseness, colds, pain in the breast, influenza, hard breathing, liver and lung complaints, difficult expectoration. For adults and children in cold climates and warm. It has remained to a late day to discover an article so admirably adapted to these complaints, so powerful and effectual, and yet so perfectly innocent and mild.

600,000 Boxes sold the past year.

Indian Dyspepsia Pills,

For cure of costiveness, acidity of the stomach bilious habits, headache, dizziness, heart burning, pain in the side, lung and liver complaints.

Dyspepsia and Indigestion,

With costiveness, acidity of the stomach, heart burnings, bilious complaints, producing headache, pain in the side, loss of appetite, and general debility, can be remedied, removed, and entirely cured by the use of the Indian Dyspepsia pills. These pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dyspepsia.

Costiveness.

Habitual costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicine too generally had recourse to do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also in all bilious diseases, attended with pain in the side and right shoulder blade, with a dull, sallow countenance. In all Diarrhoeas, ague and fever, bilious fever and sick head aches they are an invaluable remedy.

For purifying the blood we do not believe these pills have their equal in the world.

30,000 Thousand bottles sold the past year.

All may be cured, By

Holloway's Ointment!

FIFTY ULCERS CURED IN SIX WEEKS. Extract of a Letter from John Martin, Esq. Chronicle Office, Tobago, West Indies:—

To Professor HOLLOWAY.

Sir,—I beg to inform you that the inhabitants of this Island, especially those who cannot afford to employ medical gentlemen, are very anxious of having your astonishing Medicines within their reach, from the immense benefits some of them have derived from their use, as they have been found here, in several cases, to cure Sores and Ulcers of the most malignant and desperate kind.

PILES, FISTULAS, & BEARINGS-DOWN.

A remarkable Cure by these Pills and Ointment.—A half-pay lieutenant, lately residing at St. Helier's, Jersey, whose name by request is omitted, had for three years suffered from piles and fistula, besides a general bearing down, of the most distressing nature. He had twice undergone an operation, but to no purpose, and at last gave himself up to despair.

Extraordinary Cure in the West Indies, of Leprosy and other direful skin diseases.

Mr LEWIS REEDON, of Georgetown, Demerara, writes under the above date—that Holloway's Pills and Ointment have cured bad legs that no doctor could manage, ulcers and sores that were of the most dreadful description, as likewise leprosy, blotches, scales, and other skin diseases of the most frightful nature, and that the cures effected there by these wonderful medicines are so numerous and extraordinary as to astonish the whole population.

CANCERED BREAST.—A WONDERFUL CIRCUMSTANCE.

Copy of a Letter from Richard Bull, Bootmaker, Tatton, near Southampton.

February 9th, 1845.

To Professor HOLLOWAY.

Sir,—The Lord has permitted to be wrought a wonderful cure of Cancers or Abscesses, of 12 years' standing, in my wife's breast. In the latter part of the time, eleven wounds were open at once. The Faculty declared the case as past cure, several pieces of bone has come away, and I expected that my poor wife would soon have been taken from me.

WHEEZING ON THE CHEST AND SHORTNESS OF BREATH.

Copy of a Letter from Mr Jeremiah Casey, No. 1, Compton-place, Compton street, Brunswick square, London, April 25th, 1845.

To Professor HOLLOWAY.

Sir,—I beg to inform you that I believe I had been, for more than three years, one of the greatest sufferers in the world with Chronic Asthma. For weeks together my breath was frequently so short that I was afraid every moment of being choked with phlegm. I never went into a bed; very often, indeed, I have been obliged to pass the night without being able to recline sufficiently to lay my head on a table, lest I should be suffocated.

IN ALL DISEASES OF THE SKIN, Bad Legs, Old Wounds and Ulcers, Bad Breasts, Sore Nipples, Stoney and Ulcerated Cancers, Tumours Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles; Holloway's Pills, in all the above cases, ought to be used with the Ointment; as by these means cures will be effected with a much greater certainty, and in half the time that it would require by using the Ointment alone.

The Ointment is proved to be a certain remedy for the bite of Mosquitoes, Sand-flies, Chiego-foot, Yaws, and Coco-bay, and all skin Diseases common to the East and West Indies, and other tropical climes. Burns, Scalds, Chitblains, Chapped Hands and Lips, also Bunions and soft Corns will be immediately cured by the use of this Ointment.

McKENNA, Bathurst, in Pots and Boxes, at 1s 9d., 4s 6d., and 7s. There is a very considerable saving in taking the large boxes. N. Trustees—with a seat at the board—Wright, Robert F. Hazen, Henry Chubb, Directors—Charles Drury, Charles Emond, William C. Dunham, John H. James Agnew, George Wheeler, James P. John C. Littlehale, Samuel Huyghue.

Bankers—The Bank of New Brunswick Secretary & Treasurer—Mr Ch. L. S. This Society is established on a simplified system—the most approved in the land; and founded on a basis so sound as to give the most effectual security to its members.

THE DESIGN OF THIS SOCIETY IS

First—To enable persons to become own Landlords, and purchase Freehold Leasehold property, by advances made by the Society.

(300 positively advanced for £36 a year for about eleven and a half years, which pays both principal and interest. Other advantages.)

Secondly.—To provide a safe and profitable Fund for savings, or investments for large sums of money.

(This Society offers opportunities in respect which no other institution in the province can do.—Savings' banks only pay 3 per cent, whereas this Society pays 4 per cent, compound interest.)

THE OTHER IMPORTANT ADVANTAGES

1st—No money is lent but on security of real property.

2nd.—New members are admitted up to the time the society will end, with equal advantages.

3rd.—Any member may withdraw any amount of his shares at any time after the year with the compound interest. Shares may be transferred at any time.

4th.—Members may invest their money in paid up shares, which will necessarily be valued at sixty pounds at the commencement of the year, and worth one hundred and twenty pounds at the conclusion.

5th.—Mortgages can be repaid at any time with proper notice.

6th.—The account and bank books are for inspection of members at every meeting.

7th.—Securities given by all officers are of the highest quality.

The board of directors in St John has the general management of the society—the purpose of accommodating persons who are absent in other parts of the province, offices, or agencies, are formed—where they can be obtained, and all the payments in various district, and Local Boards of Management will be established as soon as a number of shares taken in any district shall be deemed it advisable.

The funds are procured from the contributions of the members, and the monies invested in paid up shares, which always ensure ample means for meeting advances required.

The profits are certain, because the interest paid by the borrower, for advance, necessarily form the fund for paying the interest on the advances.

The expenses of the society are paid by the officers act gratuitously, with the exception of the Secretary and Treasurer.

The fees and fines form a contingent fund of which the expenses are paid, the balance, which will be very considerable, go into the general fund which will be the duration of the society.

Every information, with copious printed Rules, &c. can be obtained on application to the office of the society, or at the offices of the agents.
