Holloway's Ointment.

CURE OF FISTULOUS SORES AND PLEURISY

Extract of a Letter from Mr. Robert Calvet Chemist, Stokesley, dated September 3d.

To Professor Holloway.

Sir,-Mr. Thomson, National Schoolmaster, of this Town, desires me to send you the particulars of his son, who had been bad for three years and one half, and has received the greatest benefit by the use of your Pills and Dintment, He is of a scrolulous constitution; pleurisy had left a large collection of matter in the chest this eventually formed a passage through the wales of the enest, and ended in three fistulous sores which discharged large quantities of pus, when he was induced to try your Pills and Ointment, at this date he was apparently in a dying condition; the stomach rejected every thing it took. Your Pills and Ointment had the effect of completely curing both the cough and stomach affections, his strength and flesh are also restored, his appearance. tite keen, and digestion good. There is every prospect that a little future continuance of your medicines will finish the cure.
