Holloway's Ointment.

CURE OF FISTULOUS SORES AND PLEURISY

Extract of a Letter from Mr. Robert Calvet Chemist, Stokesley, dated September 3d. 1847

To Professor HOLLOWAY.

Sir,-Mr. Thomson, National Schoolmaster of this Town, desires me to send you he particulars of his son, who had been bad for three years and one half, and has received the greatest benefit by the use of your Pills and Ointment. He is of a serotulous constitution. pleurisy had left a large collection of matter in the chest, this eventually to ed a passage through the wales of the chest, a dended in three fistulous so es which discharged large quantities of pus, when he was induced to try your Pills and Ointment, at this date he was apparently in a dying condition; the stemach rejected every thing it took. Your Fills and Ointment had the effect of completely curing both the cough and stomach affections, his strength and flesh are also restored, his appetite keen, and digestion good. There is every prospect that a little future continuance of your medicines will finish the cure.

(Signed) ROBERT CALVERT.

The Mifusulite Newspaper, published, at Meerut, has, on the 15th October 1847, copied an article from the Benares Recorder, of which the following, is an Extract:—

The Prince of Maharajah Bissonath Singh who was temporally residing at Chittercote, was suddenly taken ill with Spasmodic Colle, and curing his illness His Holluess often asked for Holloway's Puls and Ointment, as he had heard much of their virtues, but none could be obtained in the neighbourhood, and Professor Holloway, ne doubt, unfortunately loses a cerhich would have graced and diguified his list of cures.

The native Princess are now using Holloways Pills and Ointment in preferance to eve. ry other medicine, they being so wonderfully efficacions in the cure of diseases in India.

Gentiemen-I feel it is but due to Profes-Gentiemen—I feel it is but due to Professor Holloway to informe you, as his Agents or this Province, of a remarkable cure performed upon my Son. He had been affilicted with Ulcers upon his limbs and body for more than three years, from which small pieces of bone had been removed. I tried several medical men in St. John, but all to no purpose. I was then induced to try Holloway's Pills and Outment, which made a complete cure, several months have Jelapsed but there so not the slightest appearance of the cure not s not the slightest appearance of the cure not being the most complete.
