A public meeting was held on Thursday night at Warrington, at which the Hon and Rev. H. Powys presided, when an address to her Majesty against the Papal aggression was adopted.

The London papers of yesterday contain accounts of a great country meeting in Berks, besides public meetings at Glasgow, Newcastle-on-Tyne, Carlisle, Ely, Hereford, the county of Dumfries, &c.

Dr Beecham, the President of the Wesleyan Society, has called the 'connexional committee of privileges' to consider what steps are proper to be taken in reference to the Papal innovation.

A correspondent of the Brighton Herald states that Her Majesty's Ministers have instructed Attorney General to prepare a bill to inhibit Roman Catholic Bishops from assuming the titles of English towns.

LATEST INTELLIGENCE.

France.—The dispute between the Government and the Assembly respecting the Commissary of Police is arranged. A private letter from Berlin received this day in Paris speaks of a loan, of ten millions pounds sterling being negotiated with the house of Rothschild, in London, for Prussia. The German news excited much anxiety. The French ambassador in London had arrived in Paris to explain Lord Palmerston's views on the German question. It appears that the English Government wishes to act with France, and to prevent Russian intervention. Considerable uneasiness prevailed amongst speculators to day, and public securities declined.

Germany.—The advices received this afternoon were anticipated by telegraphic despatches. Details however show that the late negotiations have had no effect, but the rumor of the Austrian envoy demanding his passports is incorrect. The Upper House of Assembly is inclined to peace, and the Lower is moderately disposed. The order for the seizure of the Journal de Constitutionnel will probably be recalled. That paper had discontinued its attacks on the Government. The feeling in the army and Landwehr that the Prussian course is that of liberty against despotism grows stronger. On the 25th instant the disturbances at Frankfurt, between the Prussians and Bavarians were renewed. Strong patrols paraded the streets. A new conference, under the auspices, and at the instigation of Russia was spoken of, with a view to the maintenance of peace. Both at Frankfurt and Hamburg the funds were lower.

Private letters from Germany report that in several of the corn markets prices were rising owing to the immensely increasing demands to supply the large masses of troops now in movement.

Turkey.—Advices from Constantinople state that Kossuth was still in durance on the 7th instant. No attempt has been made to assassinate the Sultan. A conservative conspiracy has been discovered. Many arrests were made.

The will of the late King Louis Philippe was proved to day in Doctor's Commons. The personal estate is sworn to be under £100,000.

Dreadful Colliery Explosion. — Halifax, (England) Friday afternoon.—At about three o'clock this afternoon an explosion took place in the Colliery of Messrs Firth & Son, which was heard and felt for miles round. The loss of life is as yet unknown, but supposed to be great. Men are actively engaged in clearing the ruins from the pit, and searching for the bodies.

At Aleppo, on the 16th Nov., a body of Turks and Arabs fell upon the resident Christians during the night, and a fearful massacre took place. The Bishop was among the killed.

A rebellion had broken out in Canton against the Tartar dynasty.

Cunard's next new steamship is to be called the Scotia.

The French government have ordered the increase of their army by about forty thousand men.

Terrific storms had occurred on the coast of Hamburg, destroying much shipping.

The Emperor of Austria has pardoned the Hungarian fugitives who deserted from the army.

Colonial News.

New Brunswick:

About a dozen new buildings have already been reared on the newly burnt District.—They are not to be sure, the very best, but we believe they are in every case somewhat better than those whose places they supply. Some time ago, the City Council took exception to the Wooden Building now in progress of erection by Mr Flewelling; and he was in consequence summoned before that body where he appeared, defended by Mr Ritchie, after a good deal said on both sides his Worship the Mayor dismissed the case yesterday, in consequence, as he alleged of certain irregularities in the proceedings.—*Fredericton Reporter, Dec. 6.*

This week has fairly launched us into winter weather. We have snow enough to make good sleighing, which has put the merry sleigh bells in motion, and present appearances indicate that winter has set in.
