Quebec Gazette, July 8.

The fall of the Table Rock, at Niagara, was actually true. The Toronto Globe gives the following additional particulars of this memorable event. The reports of a number of people being on the rock when it fell, are incorrect. Half an hour before the fall there was an assemblage of carriages and drivers on the very spot; but when the enormous mass fell into the gulph, the ground was almost clear as it was the dinner hour. One carriage only remained, an omnibus lately finished, but without the horses. The driver was inside cleaning it, and a little boy was with him. The ground suddenly cracked, when the driver, with much presence of mind, threw out the boy, and followed himself, and both had not escaped, when the mass separated, and with a loud noise, gradually settled down—some part falling into the water, and a considerable part dot reaching so far, but remaining attached to the banks. The enormous weight of the fallen mass may be conceived from the fact, that it has left a void 150 feet long and 70 feet wide.

THIS DAY'S MAIL.

LATEST NEWS.—By Telegraph to Liverpool.—The proceedings in the French Assembly on Thursday were interrupted by a scene of violence between two members in one of the lobbies. Order was in some measure restored by the personal interference of the Vice President.

UNITED STATES.—New Orleans, July 11.—Late advices from the City of Mexico represent the cholera as prevailing to an alarming extent, 300 deaths occurring daily.

A letter from Rio Grande city says—"The Indians have formed into three divisions, and descended the Nueces. One party advanced on Brownsville, and the other two took a position on the opposite side of the Rio Grande. Cincinnati, July 11.—The Board of Health reports 83 deaths for the 24 hours ending yesterday noon, of which 50 were by the cholera. During the twenty-four hours ending July 6, evening, there were 65 deaths by cholera, and 28 by other diseases. Ending July 7, evening, 56 by cholera and 31 by other diseases.

A large fire occurred at Albany on the morning of the 21st, by which property to the amount of \$75,000 was destroyed.

Important from Washington.—The New York Herald of Saturday last contains the following information, which is very important, as showing the course about to be adopted by the new President on the vexed slavery question:—

Our despatches from Washington last evening are of a very important character. We learn that the whig members of the Senate, or at least such of them as are in favor of the Compromise Bill introduced by Mr. Clay, held a caucus meeting yesterday, and agreed upon the line of 34 for New Mexico, and of 35 for California, and that this is considered as the platform of the new administration under Mr. Fillmore.

This is a very important movement on the part of the whig members of the Senate, and argues well for the settlement of the agitating question of slavery.

SECOND EDITION.

TUESDAY MORNING, JULY 23, 1850.

NEW BRUNSWICK.—The Great Eastern Railway.—A Public Meeting was held at the Court House on Thursday last, convened by the High Sheriff, upon the requisition of the Executive Committee of the Railway League, with reference to the Railway, at which the High Sheriff presided.

Resolved, That this meeting heartily approves of the projected line of Railway from Calais in the State of Maine, through New Brunswick, by St. John, Sussex Vale, around the head of the Bay of Fundy, through Westmoreland and Cumberland to Halifax, as affording an uninterrupted Railway Communication at all seasons, for passengers, mails, and traffic between Europe and all parts of North America.

Resolved, As the opinion of this Meeting that the contemplated Line of Railway, besides being eminently useful and advantageous both to New Brunswick and Nova Scotia cannot fail to be profitable to its proprietors.

Resolved, That it is the duty, as it certainly is the interest of every inhabitant of New Brunswick, to aid to the best of his ability, with money, land, labor, or materials, the construction of this Trunk Railway, which will so greatly tend to advance the prosperity of the whole Province.

Resolved, That besides the assistance which it is the duty of the people of New Brunswick individually, to give to the Railway under consideration, the Legislature should also be called upon to aid in its construction by liberal grants of land, and the loan of the public credit.

Resolved, That this meeting view with lively interest the movement which has recent taken place in Portland, (Maine,) in reference to the proposed line of Railway, and will cordially co-operate in any practicable plan which may be devised for securing its construction; and further Resolved, That this meeting now proceed to nominate delegates to attend the Railway convention to be held at Portland on the 31st inst.

The following gentlemen, who have offered to proceed to Portland, at their own expense,

were nominated unanimously—viz: His Worship the Mayor; the High Sheriff; the Recorder; the Attorney General; the Advocate General; D. J. McLaughlin; Edward Allison; Robert Jardine; Dr Bayard; J. H. Gray; Wm. Jack; M. H. Perley; J. C. Littlehale; James Macfarlane; John Sears; Otis Small; Joel Reading; Edmund Kaye; Thomas E. Millidge; A. McL. Seely.

Resolved, That this meeting fully approves the preliminary steps which have been taken by the Committee appointed at a meeting called by the Chamber of Commerce, on the 6th inst., and is gratified to learn that an exploratory survey of a line for a Railway from this City to Calais, has already been officially ordered.

NEW BRUNSWICK.—King's County Circuit.—On Tuesday last, Edward McLaughlan was put upon his trial at Kingston, charged with the murder of a man unknown, whose remains were found in the woods at Sussex Vale, last August. A verdict of 'Not Guilty' was returned by the jury. The Hon. J. S. Saunders and D. L. Robinson, Esq., conducted the case on the part of the Crown; and the Hon. B. L. Hazen and A. McKenna, Esq., on behalf of the prisoner.—St. John Courier.

ARRIVAL OF THE AMERICA.—This vessel arrived at Halifax at 10 o'clock on Thursday morning, after a boisterous voyage of 12 days. She was detained some time off the harbor by fog. We presume the news of her arrival was telegraphed to Sackville, and the Courier there waited the arrival of the express, which will account for the late hour our mail was received. This plan has been resorted to lately, and we hope the Post Office authorities will continue to abide by it.

Marriages.

DR. S. P. TOWNSEND'S COMPOUND

Extract of Sarsaparilla. THE WONDER AND BLESSING OF THE AGE!

The most Extraordinary Medicine in the World!

This Extract is put up in quart bottles; it is ten times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the patient.

WE have manufactured 1,500,000 Bottles of this Sarsaparilla during the past year, and are now putting up 5,000 bottles per day using more of the Sarsaparilla Root in one month than all the other manufacturers of Sarsaparilla in one year.

This Extract has cured more of the following diseases than all the other advertised medicines together have done.

- Scrophula, or King's Evil. Obstinate Cutaneous Eruptions. Pimples or Pastules on the Face. Blotches, Bites, Chronic Sore Eyes. Ring Worm or Tetter. Scald Head. Enlargement and Pain of the Bones and Joints. Stubborn Ulcers. Syphilitic Disorders, Lumbago. Salt Rheum.

And all diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure, or Imprudence in Life. It invariably cures Rheumatism.

- Indigestion or Dyspepsia. Neuralgia, General and Nervous Debility. Palpitation of the Heart. Liver Complaint and Inflammation of the Kidneys.

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and vigor.

THE NUMBER OF DISEASES mentioned above, as cured by this preparation of Sarsaparilla, MAY SEEM LARGE; but we are, nevertheless, PREPARED TO PROVE, by an EXTENSIVE ARRAY OF CERTIFICATES, that such is the fact. A fraction of the evidence which we possess concerning each disease, would be received before any JUDICIAL TRIBUNAL as complete demonstration. It may be remembered that all this frightful array of maladies, though appearing in an endless variety of forms, are yet similar in their origin or causes; for they all spring directly or indirectly from the same fountain. If the blood were in a pure, healthy and active state, it would drive all these complaints from the system, and chronic diseases would be impossible.

Hope for the Afflicted!

Mr SAMUEL STORY, 3d., Agent, S. P. Townsend's Sarsaparilla.

SIR,—Having been afflicted for the last 12 months with an affection on the Lungs, which prevented me attending to my work as well as I could wish, during which time I was under three doctors' hands, and must say, I derived no benefit whatever, and began to despair of ever getting better. I was induced to try S. P. Townsend's Sarsaparilla, that you are agent for, by seeing it advertised, and after using two bottles found immediate relief, and am now able to attend my work as usual; I sincerely believe it has been the means of restoring me. I have also been afflicted with the Piles for the last seven years, and when I began using your valuable Sarsaparilla, to my astonishment I was cured.

JOHN BRENNAN, Cooper.

No. 81 Albemarle Street, Halifax, N. S. Sworn to at Halifax, before me, this thirtieth day of May, 1850.

A. KEITH, J. P.

And yet another.

Mr SAMUEL STORY, 3d., Agent S. P. Townsend's Sarsaparilla:

SIR,—I am happy to forward you a statement voluntarily furnished, and certified upon oath, of a cure recently effected at this place, by S. P. Townsend's Sarsaparilla, which you are at liberty to make use of for the great benefit of the public.

Yours truly,

M. W. SKINNER, Druggist.

Charlottetown, P. E. I., April 27, 1850. This is to certify that my wife was for the space of twenty five years suffering under a complaint got through a severe cold, which brought on a general debility of the system, and from the use of one bottle of Dr. S. P. Townsend's Compound Extract of Sarsaparilla, was entirely restored to good health, which was purchased from Mr W. Skinner, General Agent at Charlottetown for the above medicine.

FINLAY MCKINNON.
