GALVANISM,

Electro-Magnetism!

The advantageous application of those won-derful Agents to a number of diseases, is now carried to an immense extent both in Great Britain and America. The Galvanic Fluid and Nervous Fluid have been established by scienrifto physiologists as being identical,—consequently diseases residing in the nerves are more likely to receive benefit from such an all-pervading and congenial fluid than nostrums introduced into the system. The complaint which merit particular attention are Rheuma-tism, partial or complete Paralysis, and coad muscles and sinews.

Having received an elegant Electro-Magnewho may desire it to its restorative influences in this apparatus the development of this subtle principle is greatly improved, as it has a complete controlling power by which a constant current of thegreatest quantity and intensity can be supplied and graduated to one which is hardly sensible. It is then evident by such an arrangement its efficiency is completely secu-red, while the exploded system of shocks may

eatirely be dispensed with.
WILLIAM FORBES.
From W. H. Halse's Treatise on Medical Galvanism.

Galvanism, as a remedial agent is daily becoming more evident to me; for I find it to succeed in cases where the old drug system, and the new drug system, and where the much younted water system, have all tailed,"

Holloway's Ointment.

CURE OF RHEUMATISM AND RHEUMA-TIC GOUT.

Extract of a Letter from Mr Thomas Brun-ton, Landlord of the Waterloo Tavern, Coatham, Yorkshire, late of the Life Guards, dated September 28th, 1848.

Guards, dated September 28th, 1848.

To Professor Holloway.

Sir-For a long time I was a martyr to Rheumatism and Rheumatic Gout, and for ten weeks previous to using your medicines, I was so bad as not to be able to walk. I had tried doctoring and medicines of every kind, but all to no avail, iadeed I deily got worse, and felt that I must shortly die. From seeing your remedies advertised in the paper I take in, I thought I would give them a trial. I did so. I rubbed the Ontment in as directed, and kept I rubbed the Ontment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Pills night and morning. In three weeks I was enabled to walk about for an hour or two in the day with a stick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to my business for more than seven months, wishout any symptoms of the return of my old complaint.

Besides my case of Rheumatic Gout, I have lately had proof that your Pills and Ointment will heal any old wound or uker, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Pills and Oiatment, which soundly healed it when nothing else would do it. For your information I had the honor to serve my country for twenty five years in the first regiment of Life Guards, and was eighten years a corporal. I was two years in the Peninsula War, and was at the Battle of Waterloo I was discharged with pension on the 2nd September, 1833. T commanding officer at the time was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honorable Henry Ba-

THOMAS BRUNTON CURE OF A BAD LEG OF TW. ONE YEARS' STANDING. TWENTY

ONE YEARS' STANDING.

Extract of a Latter from Mr Andrew Brack,
Blacksmith, Eyemouth, near Berwick, dated the 10th of August, 1848.

To Professor Holloway,
Sir,—With pleasare and gratitude I have to
inform you, that after suffering for twenty one
years with a bad leg, which yielded to no
kind of treatment, although I consulted, at
different times, every medical man of emi
sence in this part of the country, but all to no
purpose. I was frequently unable to work;
And the pain and agony I often endured no one purpose. It was frequently analise to work; And the pain and agony I often endured no one can tell. My leg is now as sound as ever it was in my life by means of your Pills and Olatmeat, which I purchased from Mr I, Davidson, Druggist, Berwick upon-Tweed, who knows my case well, and will, I am sure, be happy to certify with me, if necesary, as to the truin of his wonderful care.
(Signed) ANDREW BRACK

AMPUTATION OF TWO TOES PRE-VENTED.

Extract of a letter from Mr Oliver Smith Jenkins, dated Falkirk, August 13, 1848.

To Professor Holloway,
Sin,—I was superintending about six monhs
ago, the erection of one of our Railway bridges, and by the fall of a large stone my right foot was seriously bruised, which ultimately got so bad, that I was advised to go to Edunburgh, to consult some of the eminent physicians, which I did, and was told that in order to save my foo', two of my toes must be taken off. In despair I returned home to impait the melancholy news to my wife, imending to submit to the operation, it was then a thought struck me to try your valuable Outment and Pills, which I did, and was by their means in three weeks enabled to resume my usual occupation, and at this time my ioes are perfectly cared. (Signed) OLIVER'S JENKINS

AN EXTRAORDINARY CURE OF A DESPERATE SKIN DISEASE

On the 21st July, 1848, the Editor of the " Moiussilie" newspaper, published in India, inserted the following article in his newspaer: "We know for a fact that Holloway's Pills and Ointment act in a most wonderful manner upon the constitution, as an eccentric Gooly named Eliza, employed in our establishment was affected with myriads of kingworms which defied all the Meerut Doctors, and promised to devour the poor man before he was underground; we tried "Holloway" upon him, and in a month he was perfectly restored his former condition and cleanliness of skin The effect was miraculous.

The Pills should be used corjointly with the Ontment in most of the following cases: Bad Legs Chiego for Fistulas Gous Bud Breusts

Chilblains Gout Chapped hands Glandular Burne Corns (soft) Swellings - Lumbago swellings Bunions Bite of Mosche- Cancers toes and Sand Contracted and Piles Stiff joiots Rheamatism Elephantiasis Scalds Sore-throats Stin disease flies Coco-Bay Sore Nipples Scalds Stin diseases
