

SUNDAY'S MAIL.

NOVASCOTIA.

Parliamentary.—The Committee divided upon the following amendment proposed by Mr Johnston:

Resolved—In the opinion of this House that it is premature for this Legislature to adopt any decision on the proposal made by the Delegates from Canada and New Brunswick in the present condition of the Railroad Negotiation, and until the Legislature of New Brunswick shall have indicated its policy on the subject and particularly as regards the Portland lines within the bounds of that Province and the proposals understood to have been made to New Brunswick by Mr Archibald and his associates.

For the amendment—Messrs. Marshall, Brown, Johnston, Thorne, Bourneuf, Ryder, Wilkins, Whitman, Jost, J. Coffin, Shaw, Killam, Comeau, and Creighton—14.

Against—Messrs. Archibald, J. Campbell, McKinnon, Moore, Bent, Wade, James Campbell, Holmes, Wier, Young, Esson, Martell, S. Campbell, Cowie, Mosher, Locke, Chipman, P. Smith, Fraser, Fulton, McLellan, Annand, Howe, Uniacke, B. Smith, T. Coffin, Dimock, Hall, Creelman, Freeman, Zwicker, McKinnon, McLeod, and Doyle—34.

The question was then taken on the original resolution, proposed by Mr Fraser, sanctioning the proposition, which was affirmed—the names standing as on the previous division, with the exception of Mr Hall, who declined voting.

The Hon. the Financial Secretary laid on the table papers connected with the details of his office, from which it appears that the increase in the revenue for the year amounted to—we understood the honorable gentleman to say—£11,000.—*Halifax Sun.*

The Committee of the House of Assembly, appointed to take into consideration the proposition of the delegates from Canada for the construction of an intercolonial Railway, have reported that they are not prepared to recommend its acceptance.

We do not think it fair to ask Nova Scotia to be at any expense for the line beyond her own boundary, if it is to be directed in such a way as will give her trivial benefit in comparison with that derived by the other Provinces—especially New Brunswick—and the route proposed by the delegates would prove in several respects disadvantageous to the commerce of Halifax; therefore, as a matter of consequence, it would also diminish the advantages derivable by the Province at large.

Upon a question being put by Mr Marshall whether the government will have any state objection to the introduction of an Act of Incorporation and Facility Bill for constructing a Railway from Whitehaven towards New Brunswick, a discussion ensued between him and the Hon. Provincial Secretary, from which it appears that the latter has still hopes of the government measures being successful. We do not know what his views are; but we believe that unless the line surveyed by Major Robinson is adopted, and provision made for a sinking fund, he may correspond with Earl Grey (as Mr Marshall says) "until we are all grey headed," without obtaining one copper of aid through his medium.

We do not think either that the assistance of the British Government is at all likely to be obtained through the tedious legislation of the three Provinces, protracted by constant bickerings from party or interested motives. It was Lord Stanley's opinion, when Mr Howe was in London, that each Colony would appoint their Commissioners, who should act together as "one body," to negotiate with the Home Government, in any arrangement which may be deemed requisite, for the settlement of the preliminaries, as well as the final accomplishment of the undertaking. Had this policy been pursued, all might now have been satisfactorily settled; and we apprehend that until it is adopted, any negotiations with the Colonial Office will be a never ending routine of expectation, hope and disappointment.—*Halifax Herald.*

NEW BRUNSWICK.

The Sheriffs of the different Counties of the province assembled here last week, and have held a convention in relation to their emoluments. It appears that they consider the fees at present allowed by law as insufficient, while they are liable for large amounts of money in certain cases. They wish to get their fees increased.

The Hon. Mr Hamilton, of Restigouche, has arrived and taken his seat in the Legislative Council, to which he was recently appointed.—*Fredericton, Feb. 9.*

UNITED STATES.

Jenny Lind was married on the 5th inst. at Boston, to Mr Otto Goldschmidt, of Hamburg.

There is a rumor, says a Boston paper, that our government has given notice to the British government of its desire to break up the present postal arrangements between the two countries.

There is no American news of importance. Steamer S. S. Lewis is to be offered for sale at auction on the 12th inst. She registers 1103 tons, but measures 1850 cubic capacity.

Kossuth and his Return to England.—The Pittsburg Gazette has been authorized to deny the statement that the Sublime Porte has protested against the return of Kossuth to England. When the United States first applied for his liberation, the Sultan did not

yield because he believed that it was to be effected on condition that Kossuth should go to America. The Sultan declared that he would protect Kossuth against his enemies so long as he remained in his dominions, and that when he left Turkey he should be free to go where he pleased.

Too cold for Fishes.—We learn from Capt. Stubbs, keeper of the light house on Cattyhunk, that during the severe cold weather of the last few weeks, shoals of tautog, or black fish, were actually driven out of their haunts around the rocky ledges of that island, and came ashore in large numbers. At Nominsha Bight, Gay Head, they were gathered up along the beach in cart loads, and sent to the New York markets. Such an occurrence has not been known since the winter of 1816, when Buzzard's Bay was entirely closed over, and persons passed and repassed on the ice, during several days, the whole distance between the Elizabeth Islands and the main land.—*New Bedford Mercury.*

From Liberia.—A file of the Liberia Herald to the 17th of December contains a full account of the attack of Grando upon Fishertown and Bassa Cove.

On Monday, Nov. 12th, another attack was made on Bassa Cove, which was speedily repulsed. On Wednesday, the 14th, the town was again assaulted, and severe fighting took place. Grando was repulsed with the loss of his principal warrior and from forty to fifty men. His force amounted to near 1000.—Only three were wounded on the part of the besieged.

A gentleman crossed from Cape Tormine, to Cape Traverse, P. E. I., on the ice, without the aid of a boat, on the 12th January—a feat said to be unprecedented.

The late severe weather has killed all the peach trees in the vicinity of St. Louis.

Accounts from Galveston state that four free negroes, belonging to Massachusetts, who were arrested on the charge of attempting to abduct a Slave, have since been convicted, and sentenced to be sold into slavery.
