

SUNDAY'S MAIL.

This mail, which was due at 9 o'clock yesterday morning, did not reach Chatham until half-past 9 this morning. The heavy storm of yesterday rendered it impossible for the Courier to travel. He brought the mail in on a hand-sled.

A Letter from our Correspondent at Fredericton, dated on the 21st February, came to hand by it. We should like to know where it has been, or what has caused the delay in its transmission.

NEW BRUNSWICK.—It is understood that letters have been received in town by the last English mail, which lead to the belief that Earl Grey has declined to lend one half the money required for building railways in this Province to Mr Archibald and his Association.—*St. John New Brunswick.*

CANADA.

Shipwreck on Lake Huron.—A melancholy shipwreck has taken place on Lake Huron. Mr A. Macdonald, formerly of Guelph, some time ago succeeded to the Hon. Wm. Cayley, and Mr W. Elliott, of Niagara, in carrying on the extensive Fisheries on Lake Huron. In the beginning of December, Mr Macdonald, accompanied by two brothers named Martindale, sailed from Goderich harbor in the small schooner 'Saucy Jack,' laden with flour for Saugeen. During the severe storms of the month she went ashore, but was got off, and on the 14th sailed for the Saugeen. Next morning the unfortunate vessel (says the Signal) was found stranded on the beach about five miles below Saugeen, and one of the crew, the elder of the brothers, lying in the cabin much bruised and hurt, and many of the bags of flour scattered along the beach.—It is supposed that in attempting to make the mouth of the river Saugeen, the vessel had struck on the reef outside the island, and those on board finding themselves in danger had thrown the greater part of the cargo overboard; that while thus engaged, the masts had been carried away and hurt the man found in the cabin, and she must then have capsized, as the rigging was found wound round her. As far as we can learn, Mr Macdonald's body has not been found. This melancholy occurrence has had a great gloom over the place, as Mr Macdonald was a young man well known and generally esteemed.—The elder of the brothers Martindale has left a wife and two children, the younger was married only a few weeks since. A female relation, whose husband was lost a short time previous, occupied the same house with the Martindales at Southampton, now tenanted by three widows.

[The above unfortunate men Martindales, resided in Miramichi for many years.]

NOVA SCOTIA.

It was currently reported in well informed circles on Monday, that the decision of the Committee on the Cumberland Election had, 5 to 2, come to a decision unfavorable to the sitting members.

Messrs. Howe and Fulton go back to Cumberland: that the constituency of that County will return them triumphant over the arch-intriguers whose "place" is in this metropolis, we entertain not a doubt.—*Halifax Sun, Feb. 25.*

The Weather was intensely cold on Friday morning. Jack Frost came near stealing a march on us in the prevailing calm, and daylight exhibited the waters of Old Chebucto slightly skimmed over—the first appearance of ice on the ample surface of our peerless harbor during the present Winter.

UNITED STATES.

Dreadful Fire at Pittsburgh.—A dreadful conflagration broke out in Pittsburgh on Saturday last, destroying property to the amount of \$76,000. At last accounts the fire was still raging.

CENTRAL AMERICA.

A terrible conflagration occurred at San Juan on the 4th of February, by which at least a third part of the most populous part of the city has been destroyed.

There is another 'Revolution' and it will be a much more sanguinary one than the last. The Pichengo party have connected themselves with the remnant of the Munoz party, and although all the Government forces are stationed at Leon, and the arms, &c. which belonged to Munoz are in their hands, yet the new revolution has broken out, for the Pichenginos are the most powerful faction in the State, and the Government party much the weakest. The former are known to have concealed somewhere about sixteen hundred muskets, and to number among them some of the best soldiers and most influential men.—*New York Tribune.*

THE WEATHER.—On Saturday night we had a heavy fall of snow, and it blew a gale during the whole night from the eastward. Yesterday morning it veered round to the North and North West, from which quarter it has since blown with great violence. The drift has been very severe.

All persons having any just claims against the Estate of JOHN LYNCH, late of the Parish of Newcastle, Farmer, deceased, are required to render the same, duly attested, to the subscriber, within three months; and all persons indebted to the said Estate are requested to make immediate payment to
