

where Sir John was so justly esteemed, and not less so in the United States, from the well known friendship that existed between that "amiable and excellent officer" and General Scott, of whose chivalric career our neighbours have ample reason to be proud.

It is rumored that the new screw propeller recently launched at Medford, Mass., and now receiving her machinery at East Boston, preparatory to being placed on the line between Boston and Halifax, is to be named the "City of Halifax." This beautiful steamship will probably be reported ready about the middle of June next.

We are assured by a gentleman very recently from London, who came passenger in the *Canada* from England, that, up to the last moment of his leaving, no person had been hinted to succeed to the Lieut. Governorship of Nova Scotia, vacant by the demise of Sir John Harvey.—*Nova Scotian*

The Telegraph wire is now erected all the way from Halifax to Yarmouth.

It is said that Prince Albert and Louis Napoleon have taken a lively interest in the crystal palace about to be erected in New York.

Lady Franklin has given £12,500 towards the equipment of the steamship *Isabel*, which is to proceed in search of Sir John, by way of Behring's Straits. The *Isabel* is sheathed with galvanized iron.
