COUNTY OF KENT.

LAUNCH -At Richibucto, on the 1st instant from the building yard, of Messrs. John & Thomas Jardine, the splendid new ship FitzJames, 1300 tons Register. She is truly a magnificent specimen of naval architecture, both for model, materials, and workmanship. She glided beautifully and majestically into her destined element .-She is built for Mr John Jardine of Liverpool, and doubtless reflects the highest credit on the ability and enterprise of the builders.

COUNY OF RESTIGOUCHE.

A letter from our attentive Correspondent at Dalhousie received this morning, states -that on Tuesday afternoon, the 8th inst. wir. John Gordon, lumberer, a young man, was drowned attempting to cross the main river of Restigouche, on horseback.

On Thursday afternoon last, the Captain of the brig Bowes, with two hands, were upset in a boat, by a squall, and all were unfortunately drowned. The bodies have not yet been found.

SUNDAY'S MAIL.—The principal item of news furnished by this mail, is a detailed account of the mission of the Railway Delegates to Britain. We sincerely hope that the expectations raised by the favorable report they have promulgated with regard to the European and North American Railway, will be fully realized but we have our fears.

The Novascotian says, that Mr. G. W. King, of the firm of James, Sykes & Co. of Sheffield, with an efficient staff of assistants, on his way to commence the works of the Saint Andrews and Quebec Railroad, came out in the steamer.
