

**Capital.**—Well, well, it's all over. The agony is past. The thing is finished. Messrs. Galt & Holton have surrendered to the government, as we recommended, at discretion, and we shall now say with discretion, *Nil de mortuis nisi bonum*. Mr Hincks is triumphant and the British gold is bagged in spite of Montreal. It is really capital, capital, capital in every sense for this very rising province in which there are unfrequented and yet thriving villages, to the great surprise of the Montrealers, who think nothing capital but the St. Lawrence and Atlantic Railroad. What a mess they have made of it? They must be Platonic, noble.—*Quebec Chronicle*.

**UNITED STATES.**

**Railroad Accident.**—Chicago, Sept. 16.—As the freight train of the Michigan Southern Railroad was passing over Calumet Bridge, beyond Bayletown, on Monday afternoon, the axle of one of the freight cars broke, and the car was thrown off the bridge, carrying with it three other cars, among which was one filled with emigrant passengers. They fell bottom up, and were almost entirely demolished. About 23 of the passengers were killed.

**Another Terrible Accident.**—Reading, Penn. Sept. 14.—At about half-past six o'clock, this evening, 4 girls were run over by a train of cars. They had just left the cotton mill where they were employed, and were walking along on the track, when seeing a train coming, they stepped upon the opposite track not seeing that another engine was coming upon that track also. All four were knocked down, two being instantly killed, and the others much injured. They were all about eighteen years of age.

The Boston Daily Advertiser says, among the passengers in the Europa was the Hon. Thomas Baring, M. P., whose arrival had been expected the preceding week in the America, at this port. Also, the Prince of Neuwid; the Prince of Nassau; Don Cavalho Moireia, the new Brazilian Minister to the United States; Bishop McCrosky.

**Discovery of Human Remains.**—We learn from our late English papers that the work of draining the Lake of Haarlem has led to the discovery of an immense mass of human remains, deeply imbedded in the mud, and placed precisely on the spot where, according to a topographic chart laid down in 1511, and which has always been considered as perfectly accurate, the unfortunate village of Nierewenkirk was situated, and which in 1539 was swallowed up by one of those irruptions of the North Sea which formed the immense Lake of Haarlem.

**SUNDAY'S MAIL.**

**NEW BRUNSWICK.**

**The Railway.**—It is rumored that a grand gathering of the friends of the Railway will be convened at the Mechanics' Institute in this city, some time during the ensuing week, on which occasion Mr Jackson, M. P., Mr Archibald, Mr Dickie of Halifax, and Mr Poor of the State of Maine, will deliver addresses. The Honorable Messrs Partelow, Chandler, Hazen and Gray have been appointed a committee of the Executive Council to meet Mr J. at St. John, who will escort him to Fredericton, after the meeting. We sincerely trust this meeting will be productive of great good, and that towards our people will increase their exertions to gain the permanent establishment of Railways in and through the Province.—*St. John Times*.

**Telegraphic Affairs.**—We learn that Mr Stevers, the Superintendent of the Telegraph lines in this Province, visited Halifax during the week, for the purpose of conferring with the Nova Scotia Telegraph Company on Telegraph matters, and that a reduction of fully one third on the present rates, through Nova Scotia, New Brunswick and Maine was agreed upon to take place immediately.

Several other arrangements were made which will tend to facilitate business, and secure to the public a speedy transmission of messages.
