The Sub-Marine Electric Telegraph - Advi-ces have been received from Mr. Gisborne, at present in England, by parties in P. E. Island, announcing that he had entered into a con-tract with the celebrated Mr. R. S. Mr. Gisborne says, Mr. Newall has contracted with me to connect Cape Ray and East Point next Spring. Truly in these days of Scientific wonders, every seeming difficulty can be surmounted, and there does not appear to be any limits to the achievement of man. Enterprise, skill, and industry, are alone required to overcome every obstacle.—Mr. Gisborne possesses these qualities in an eminent degree; and we would lities in an eminent degree; and we would like to welcome a great crowd of such men to the shares of this land of the May-flower.
